# THANKS TO YOU, WE'RE ENRICHING THE CZECH REPUBLIC

July 17, 2024. The scene is a summer afternoon at the Czech Presidential Chateau in Lány, where 150 community changemakers from across the country have gathered. They include leaders of civic associations in remote towns and villages, conscientious municipal politicians and philanthropists who support their regions.

These individuals - whom Via supports thanks to your generosity - have come together in one exceptional setting. We had the honor of helping the Czech President and First Lady organize this gathering for them.

Each and every one of them truly deserves recognition. They volunteer their time, often over many years, to nurture community life and culture in small towns and help develop their regions. They form the foundations of the Czech Republic.

Thanks to you and your generosity and support, we were able to provide grants and learning opportunities to hundreds of active individuals and associations last year. And we were able to make strides in Czech philanthropy through several new projects as well.

You make our work possible. Thank you.

**Zdeněk Mihalco**

Director

From community discussions to implementation - thanks to support from Via Foundation and Česká spořitelna, residents of Boskovice transformed an uninspired strip of parkland into a lively place for relaxation, exhibitions and social gatherings.

# **WE CREATE PLACES WHERE IT'S A JOY TO LIVE**

Imagine a society in which people act freely, work together, assume responsibility for themselves and their surroundings and where giving is a regular part of life...That is Via Foundation's vision, which we have been pursuing for 27 years in collaboration with our donors.

In 2024 we supported 890 groups of active residents and projects with total funding of \$2.7 million (CZK 65.2 million).

At a gathering at Lány Chateau, Czech President Petr Pavel thanked 150 active residents who are making a difference in remote regions of the Czech Republic.

# 2024 HIGHLIGHTS

In 2024, alongside our regular tasks, we had the opportunity to engage in new efforts. There were moments that inspired us, new projects that we launched, and changes that advanced our work.

## **Presidential recognition of community builders**

At Czech President Petr Pavel's gathering honoring active residents, we talked with over 150 local changemakers about ways of bringing new energy to outlying regions.

## **\$875,000 (CZK 21 million) for flood-damaged towns**

We helped flood-damaged towns secure funding to rebuild. Gifts to fundraising drives on our online giving portal, Darujme.cz, help people renovate damaged sites and support people who find themselves in crisis.

## **Philanthropy in education**

We launched a new course on philanthropy at Palacký University and one for elementary and high school teachers to reach more young people and share ways to help others.

## **Impact and systemic change**

We took part in developing an amendment to a law that will simplify setting up online fundraising drives and we initiated research on giving.

# HOW WE ARE ENRICHING THE CZECH REPUBLIC

## **The art of engaging community**

WE SUPPORT ACTIVE RESIDENTS WHO ARE ENRICHING THEIR COMMUNITIES

And thanks to them, across the Czech Republic, we are:

- building ties among neighbors
- improving public spaces
- caring for the landscape
- bringing new energy to municipal leadership

**BECAUSE DEMOCRACY NEEDS TO BE STRENGTHENED FROM THE BOTTOM UP.**

## **The art of giving**

WE SHOW THAT GIVING TO OTHERS IS A NORMAL THING TO DO.

- we operate the online giving portal [Darujme.cz](https://darujme.cz)
- we promote strategic philanthropy
- we support corporate and employee giving
- we develop donor funds with partners

**SO THAT GIVING BECOMES A REGULAR PART OF LIFE IN THE CZECH REPUBLIC.**

Members of the Vibrant Association are enriching community life in Halouny and the surrounding area. They hold concerts, improve public spaces and connect residents of all ages.

# THE ART OF ENGAGING COMMUNITY

Through grants and learning opportunities, we support active residents who are changing and revitalizing the Czech Republic - people who are building bridges between neighbors, caring for the landscape, defending public interests or engaging people from the margins of society into community life.

**5.8%**

of municipalities in the Czech Republic have received Via support. In 2024 we supported community efforts in 366 municipalities.

**528**

supported community builders and more vibrant neighborhoods.

**570**

active residents who took part in Via learning opportunities.

**48**

teams of children and young people helping others.

**61**

community leaders whom we helped prepare to run for local office in Czech cities and towns.

The Pístecký d'olíček association revives traditions, connects long-time residents of all ages and helps integrate newcomers into community life.

## Our Community

We rejuvenate local communities and support active residents. Thanks to the trust and support of our donors, we help neighborhood initiatives, associations and leaders of local communities across the Czech Republic make a difference. We offer financial support, assistance with fundraising drives, learning opportunities and connections to other active residents. In 2024 we supported **135** active individuals and projects in community engagement.

## We Can Do More

In collaboration with Česká spořitelna bank and its employees, we support projects led by active residents improving their communities. These groups revitalize village squares, renovate natural springs or overgrown trails, plant trees, build community gathering spaces, found new civic associations and hold community events. In 2024 we supported **76** We Can Do More projects.

## Kaufland Fund

In collaboration with the company Kaufland, we support active residents revitalizing their communities and creating more vibrant neighborhoods. These groups organize community gatherings, build community gardens and work together on other joint projects. Through the two programs – A Million For... community engagement fund and It's Growing, It's Sprouting community garden fund – we are transforming good ideas into reality. The Kaufland Fund supported **51** community efforts and 16 community gardens in 2024.

## Other Partner Programs

When partners place their trust in us and establish a donor fund at Via Foundation, we are able to pursue shared goals. The JRD Fund for Sustainable Living and the Černošice Fund are two donor funds that help us support community life. In 2024 we supported **48** projects through donor funds.

## Welcoming Ukraine

We connect people and help our new neighbors from Ukraine start new lives in the Czech Republic. Thanks to our donors and partners, we help fund cultural, sporting and other leisure time events and volunteer activities. We support efforts that help Ukrainians enter the Czech labor market. In 2024 we supported **32** projects.

## Young Philanthropists

Even very young people can do great things! We support children and students who want to help others and change the world around them. Students from upper elementary grades, high school and university organize benefit events, neighborhood gatherings and landscape restoration projects. In 2024 we also provided learning workshops for 15 teachers on guiding children in philanthropy projects at their schools. In 2024 Young Philanthropists and their teachers organized 48 events that helped those in need and engaged the broader community.

## Taking the Fear Out of Local Politics

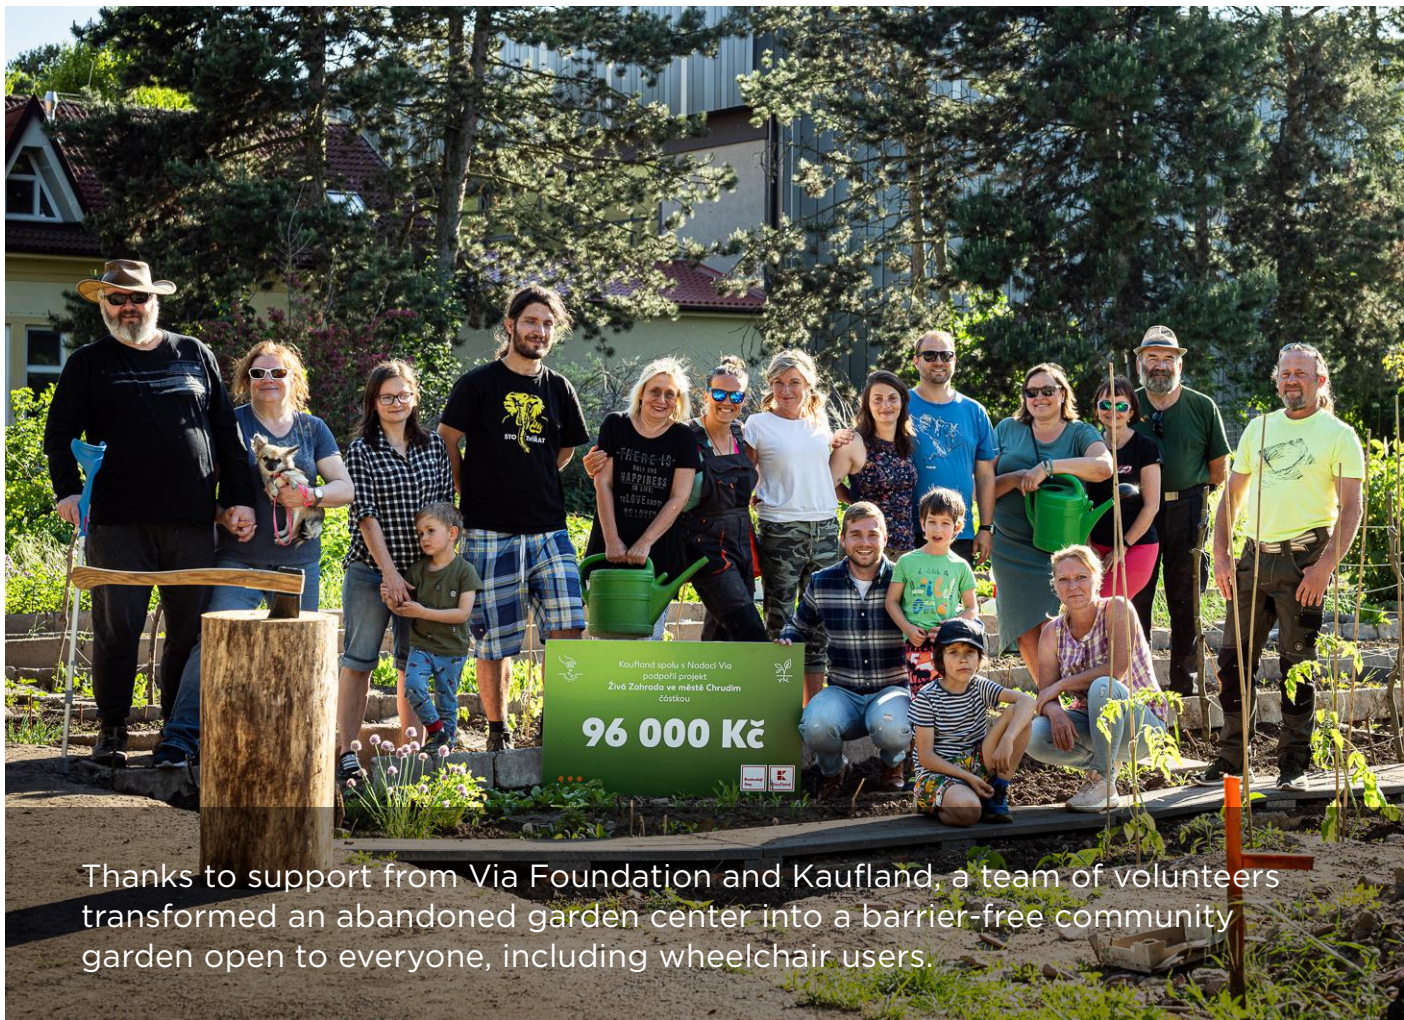

We support active residents who want to run for local office to serve their communities. We run a yearlong intensive course that provides a close look at how municipal councils work, along with practical experience. We also offer workshops for a broader audience that cover specific topics related to local government. In 2024, one intensive course was completed with **20** participants and another course began with **41** participants. In addition, **102** people took part in our workshops on local government topics.

## Community Academy

Community Academy is an intensive yearlong educational program that helps active residents become changemakers. In 2024, **33** participants took part in workshops and convenings to learn how to initiate partnerships, fundraise, effectively lead a project team and involve neighbors.

## Community Alphabet

Community Alphabet is an international peer learning program that brings together active residents from various European countries. Together, they explore ways of engaging a broad spectrum of people, building trust, initiating inclusive dialogue and understanding tension and conflict in their communities. By exchanging around their own work, visiting other inspiring community initiatives and discussing participatory approaches and issues in-depth, they deepen their understanding of community building and bring new perspectives to their own community efforts. Altogether, **35** active residents from 8 European countries took part in the program.

Thanks to support from Via Foundation and Kaufland, a team of volunteers transformed an abandoned garden center into a barrier-free community garden open to everyone, including wheelchair users.

# THE ART OF GIVING

We inspire individuals and companies in the Czech Republic to give in meaningful ways. Through our online giving tool, learning, conferences and articles we show how philanthropy can make a difference. We want generosity to become a natural part of life.

**451 mil.**

Donors gifted a total of \$18.8 million (CZK 451 million) to 1,502 organizations and associations registered with Darujme.cz.

**1,107**

people from associations and non-profit organizations gained new fundraising insights and skills through Darujme.cz training.

**13 mil.**

\$541,000 (CZK 13 million) was distributed to charitable projects through corporate and employee fundraising drives that we administer.

**2,362**

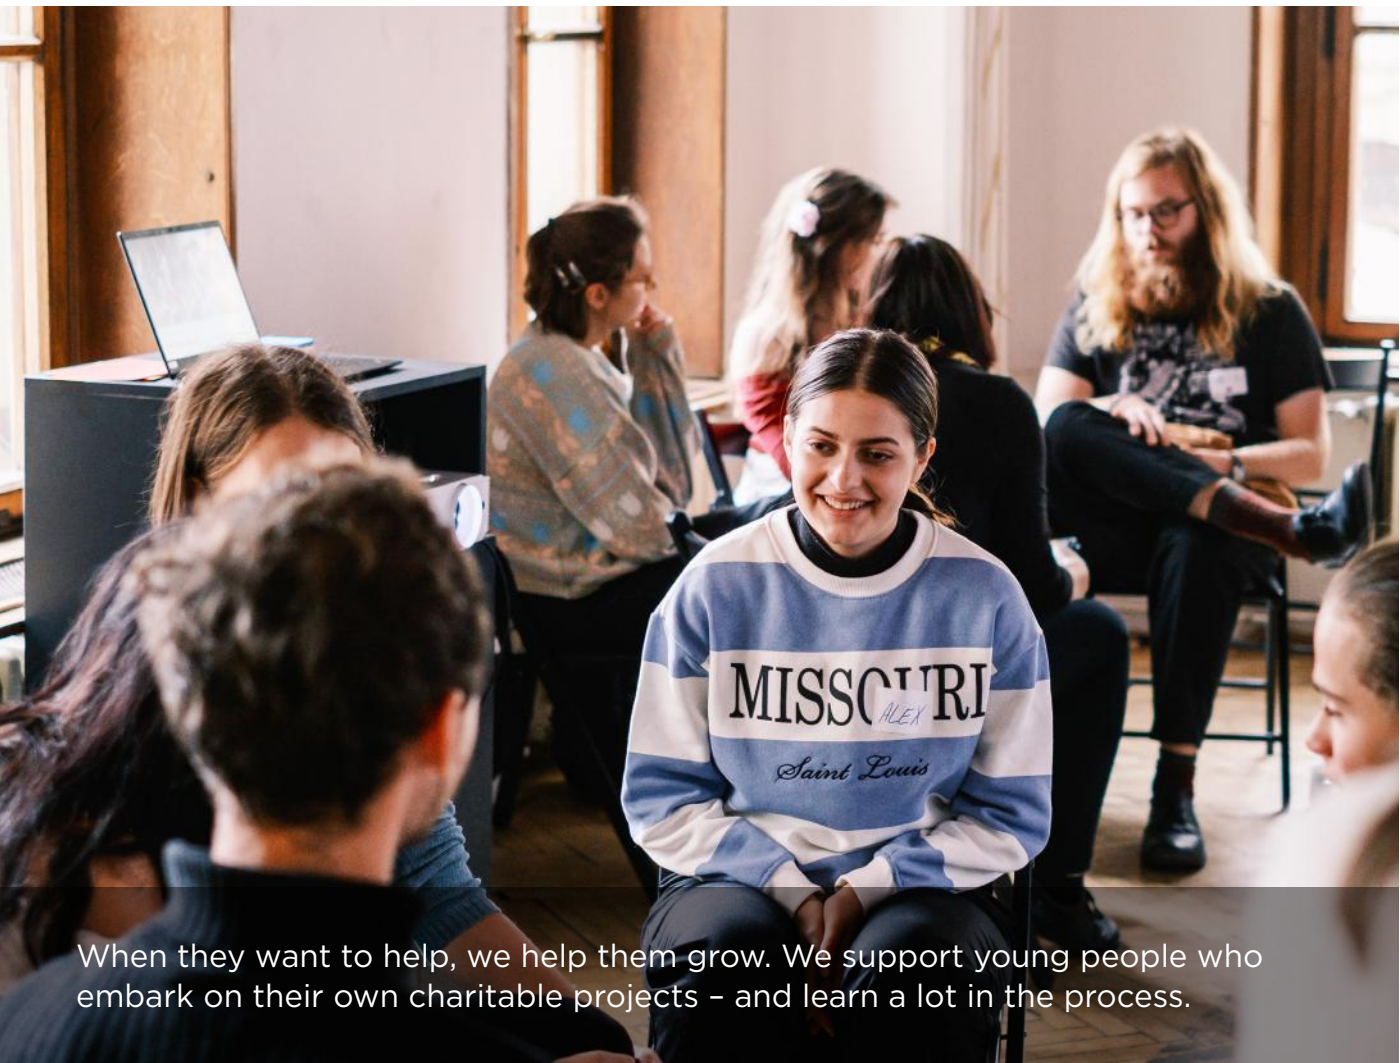

2,362 people were reached with inspiring examples of philanthropy through our conference, videos and the publication Giving Meaningfully.

More than 100 guests attended the philanthropic conference Giving Meaningfully.

# The art of giving at universities

We are helping introduce philanthropy to the Czech university curriculum. Thanks to our donors and partners, in September 2024 we launched a new course at Palacký University in Olomouc in which students explore how they can make a difference. We also held philanthropy workshops at other universities and will continue to expand learning around philanthropy at the university level.

When they want to help, we help them grow. We support young people who embark on their own charitable projects - and learn a lot in the process.

# Giving Meaningfully

In April, we held our first philanthropy conference for small and medium-sized businesses. The event, titled Giving Meaningfully, brought together over 100 individuals to discuss how to give effectively. After the conference we continued to promote strategic giving by releasing a publication with the same title that contains interviews with philanthropists and case studies, posting educational videos and organizing workshops for business people. These efforts reached a total of 2,362 people, who are looking for ways to do good in the corporate world, meaningfully and impactfully.

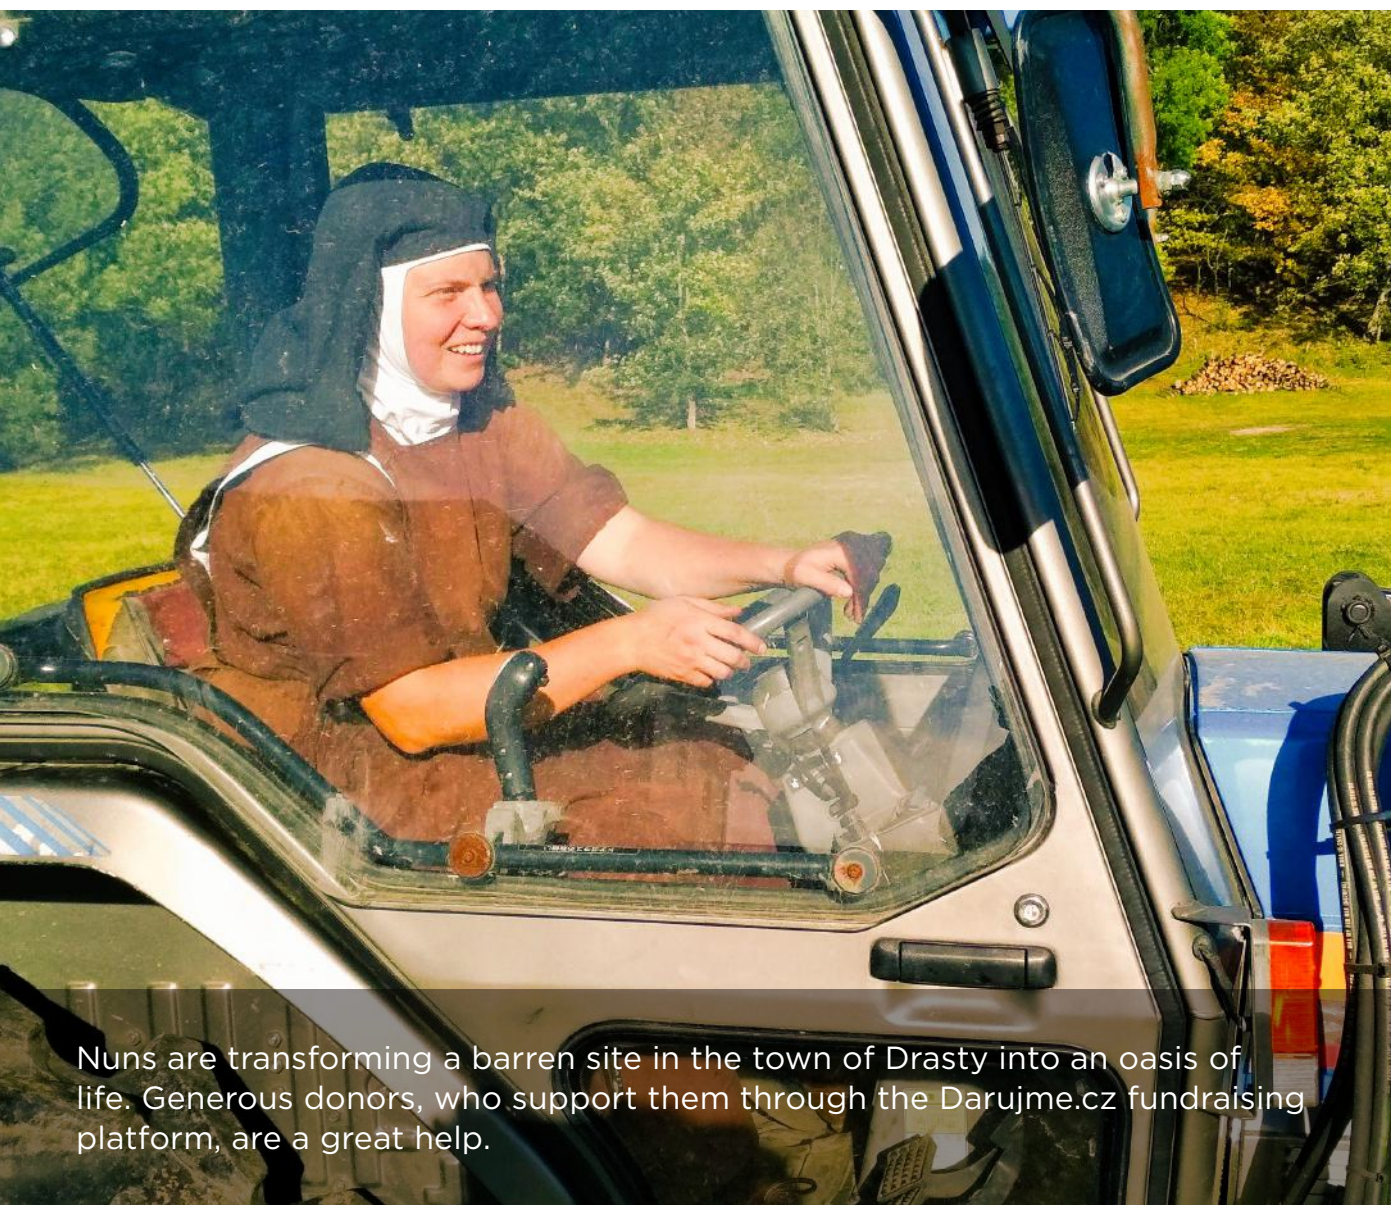

The publication Giving Meaningfully presented inspiring examples of giving by small and medium-sized companies.

# Corporate and Employee Giving

We help companies engage their employees in corporate philanthropy. Through targeted corporate grants and employees fundraising drives that we administer, Via distributed \$541,000 (CZK 13 million) to non-profit organizations leading charitable projects and to families in crisis.

**Eurowag Fund:** 1,295 Eurowag employee supported 275 charitable projects in 17 countries (220 of which were disbursed in 2024) with total funding of \$266,000 (EUR 259,000).

**T-Mobile Fund:** We supported 28 projects combating prejudice-based violence focused on three main areas: prevention, victim support and public education.

Nuns are transforming a barren site in the town of Drasty into an oasis of life. Generous donors, who support them through the Darujme.cz fundraising platform, are a great help.

# Darujme.cz

Darujme.cz connects donors with non-profit organizations and helps them grow – financially and strategically. Each gift on Darujme.cz means more than just money on the organization’s account. Since Darujme.cz supports non-anonymous giving, organizations can get to know their donors and build long-term relationships with people who truly believe in what they do. That means they gain financial support, valuable contacts as well as a community that they can rely on. In 2024, people gave over **\$18.8** million (CZK 451 million) to non-profit organizations.

In addition, Via’s Darujme.cz team offers learning and expertise to help organizations improve their fundraising and increase their impact. We organized **23** workshops and educational programs about fundraising, promotion and IT for organizations across the Czech Republic.

## Let’s light up the Czech Republic: the largest holiday fundraising drive on Darujme.cz

Where there is light, there is life, hope and joy. That’s what “Let’s light up the Czech Republic” – the largest fundraising drive in Czech history – symbolized. It was launched on Darujme.cz on the second advent Sunday in December 2024. Each person who gave a gift, of any size, symbolically brought light to a place on a map of the Czech Republic. Altogether, the drive generated 37,014 points of light on the map and more than \$416,600 (CZK 10 million) in support of 14 selected non-profit organizations that help where it is needed most.

\*The remaining funds from the flood fund were distributed in Q1 and Q2 of 2025.

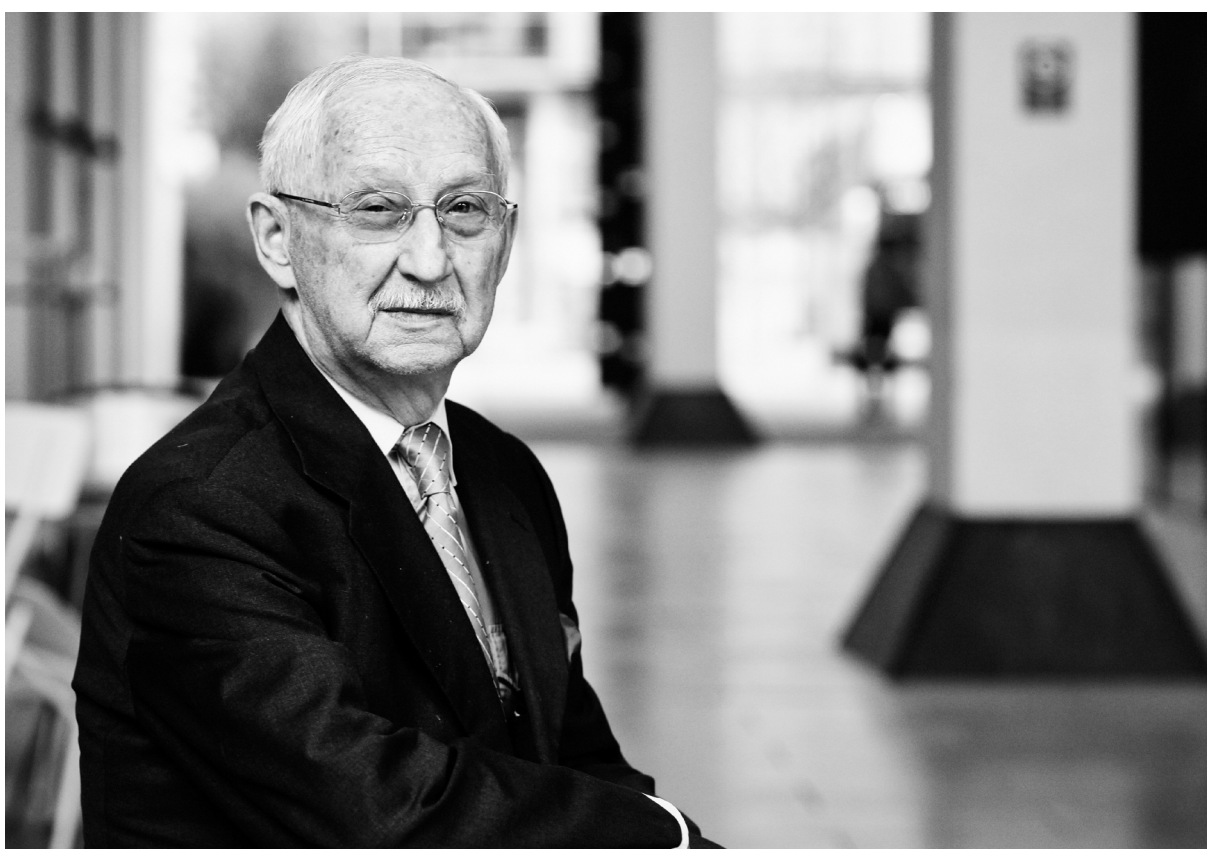

Two hundred supporters and friends of Via Foundation gathered in the garden of Prague's Žofín Palace for Via's annual charity auction. Thanks to them, this evening of generosity brought phenomenal proceeds of \$359,875 (CZK 8,637,000).

# THANK YOU FOR YOUR SUPPORT

Our core values are collaboration, partnership, trust and responsibility. We would like to express our sincere thanks to all our donors, who support us both through financial donations and with their time, knowledge, experience and gifts in kind and services.

**Gerhardt Bubník**, lawyer – figure skater – philanthropist

*My main motto in life is that anyone who can help others should do so. For over 30 years, I have been helping those in need, primarily through foundations, charitable organizations that have proven themselves and that I fully trust. One of them is Via Foundation. Its efforts to introduce more people and organizations to charity and philanthropy are exactly what our society needs. Via's programs supporting the environment, proactive and dedicated individuals, groups and communities, and last but not least, the arts, benefit us all. All of this has my full support*

Thanks to the generosity of our supporters – including individuals, companies and foundations from the Czech Republic and abroad – we are privileged to be able to pursue our vision of developing vibrant communities and a responsible civil society.

We are grateful that together, we are transforming towns and villages in the Czech Republic into places where it is a joy to live and supporting democracy from the bottom up. We thank you for your patronage and generous support.

**Jan Barta**, investor – visionary – philanthropist

*Via Foundation is a long-standing and strategic supporter of active people who care about their communities, which strengthens the resilience and prosperity of the Czech Republic. I particularly value the program “Taking the Fear Out of Local Politics,” because in order to maintain a liberal democracy, we need as many people as possible who are not afraid. Thank you for your work.*
