Race Smart, **KNOW THE RULES**

Familiarising yourself with the Competition Rules can make a surprising difference to your race day. It's where smart setup and small details can save you valuable seconds.

Here are some rule-friendly tips helping you to race smarter, stay organised and make every second count:

Keep your towel practical, not territorial

Fold a small, brightly coloured towel into your shoes. You'll be able to spot your gear instantly and give your feet a quick wipe, staying both comfortable and compliant.

Skip the talc

It may seem like a classic trick, but talc can make your feet slide inside your shoes. Instead, use a dab of Vaseline on hot spots and keep the rest of the shoe dry. Blister-free is the way to be!

Add a flashing rear light

Get a large benefit from a small detail by boosting your visibility on the road and making your bike stand out in transition.

Consider Pyro platform pedals

These pedals let you ride in your run shoes. A simple solution for a quicker transition time, whilst staying comfortable.

Get creative with bar tape

Bright or patterned bar tape can help you identify your bike instantly among a sea of frames. You can change it up each race for a personal touch and instant recognition.

Use the racking layout to your advantage

Write row or rack numbers on the back of your hands so you can plan your route around transition.

Practice the one-handed helmet unclip

A smooth, single-handed removal saves precious seconds and keeps your rhythm uninterrupted.

Bright bottles for easy spotting

Bold, coloured bottles make your bike easier to find and add a splash of personality to your setup.

NEW BRITISH CHAMPIONSHIPS

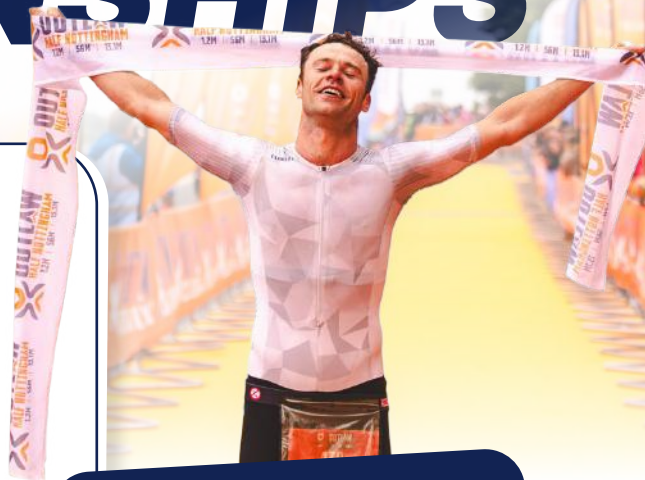

Outlaw Original to host the British Long Distance Triathlon Championships

The award-winning Outlaw Original is set for an incredible 2026, as it proudly welcomes both the British and English Championships for the first time.

Since its launch in 2010, the Outlaw has grown into one of the UK's most loved long distance triathlons, known for its unbeatable atmosphere, on-course support, and that magic finish down the orange carpet. The course has been designed to be challenging yet achievable, with an easy to navigate swim, a stunning bike route through the Nottinghamshire countryside, and a multi lap run packed with feed stations and cheering spectators.

Perfectly set up for both athletes and supporters, the National Water Sports Centre provides the ideal venue for an unforgettable race weekend.

[Find out more HERE!](#)

Race Director Iain Hamilton said:

"We're hugely honoured to host the British and English Championships for the first time. It's a brilliant recognition of everything that makes Outlaw special – the atmosphere, the passion, and the people who bring it to life."

Durty Events to host the British Cross Triathlon Championships

On Sunday 13 September 2026, the Aviemore Triathlon will host the return of the British Cross Triathlon Championships, bringing the nation's top off-road athletes to the heart of the Cairngorms National Park.

This is a race built for athletes who relish a true test of strength, skill, and endurance. Athletes will take on a 1,000m swim in the crystal-clear waters of Loch Morlich, followed by an 18km mountain bike course that mixes fast forest single-track with steep, technical climbs and descents. The race finishes with a 9km trail run over rugged Highland terrain and sweeping views of the Cairngorm plateau.

First held in 2014, Aviemore Triathlon has earned its reputation for precision organisation, authentic off-road racing, and a spectacular natural setting that rewards both focus and resilience.

[Find out more HERE!](#)

Director Paul McGreal said:
"We're proud to host the British Championships here in Aviemore. It's a course that demands everything from an athlete: fitness, skill, and courage, in one of the UK's most breathtaking race environments."
