

TISH LYON

LUXURY PIERCING JEWELLERY

---

PRODUCT CATALOGUE

Spring / Summer 2023

## Supplying piercing excellence.

Tish Lyon grew from a passion for the industry and a desire to offer solid gold piercing jewellery at an affordable price. Our aim is to enable piercers and stockists to sell luxury gold products with the assurance that it is safe to pierce with and comfortable to wear. We hope you like our latest offerings brought to you in the Spring / Summer 2023 Tish Lyon catalogue.

## Understanding thread types

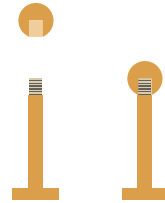

### Internal

An internal thread refers to an attachment which includes a screw element which inserts into the stem.

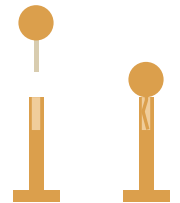

### External

An external thread refers to a stem with a screw element which is then inserted into the attachment.

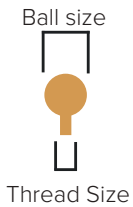

### Threadless

Threadless jewellery includes an attachment with a pin which is bent slightly when inserted into the stem to create spring tension force.

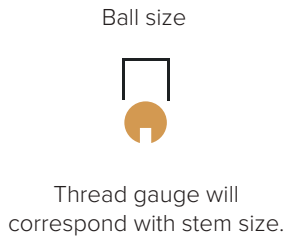

## Measuring guide

- 14 | Flat

## Gauge Conversion

•	•	•	•
20G	18G	16G	14G
0.8mm	1mm	1.2mm	1.6mm

## Understanding Gold Carat

### 9ct

Part of Gold: 9/24  
Purity: 37.5%

9ct gold cannot be used for initial piercing, due to lower gold purity. This does makes it a more affordable carat choice for when your piercings are healed.

### 14ct

Part of Gold: 14/24  
Purity: 58.3%

14ct gold is used for initial piercing. A great balance between purity and price.

### 18ct

Part of Gold: 18/24  
Purity: 75%

18ct gold is used for initial piercing. It has hypoallergenic properties and is the highest purity of gold in the Tish Lyon gold range.

# Threadless

## Pin attachments

All attachments fit 1.0, 1.2 & 1.6mm threadless Jewellery

HOW TO USE

# Threadless Pins

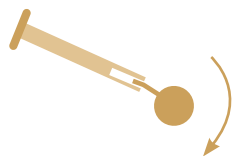

Step 1

Insert the pin about half-way into the post

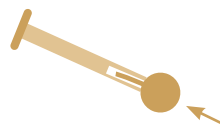

Step 2

Bend the pin slightly  
*More bend will result in a tighter fit*

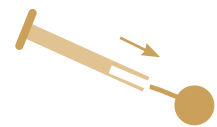

Step 3

Simply push the end to close  
*The pin straightens inside, creating tension to hold the pieces together*

Step 4

Show off your new look!  
*Pull pieces apart to remove, use a slight twisting motion if tight*
