COMMUNITY IMPACT

Making an impact on local communities is an important part of the Elita brand. Our belief that every woman is an Elita woman is rooted in a deeper philosophy - everyone deserves to have their basic needs met. Underwear is one of the most needed yet least donated items in shelters, and we feel a responsibility to help change that. At Elita, we are grateful for the opportunity to support women in need and to help uplift our community in a tangible, lasting way.
