## **MISSION:**

**To work together to advance our businesses and industry.**

## **VISION:**

**The association provides its members with a forum to increase their industry knowledge, develop new skills, share experiences and connect with like-minded companies.**

# CODE OF CONDUCT

ATA NZ as an Association promotes a high standard of professionalism, business ethics and workmanship for the Industry.

Members of ATA NZ subscribe to the following Code of Conduct in the normal conduct of their business:

1. We strive for excellence in our profession, providing high quality of product and service to our customers. This includes clearly specifying the services to be performed, product specifications, conditions of sale, warranties and guarantees.
2. We will conduct all business in an ethical and professional manner
3. We will not engage in any practices that could be damaging to the public or our Association or bring discredit to the Industry.
4. We undertake to observe and comply with all regulations and legislation relevant to our products, services and workplaces
5. We will provide our staff with a safe, non-discriminatory and rewarding work environment
6. We recognise the need for on-going professional development and support training and development initiatives that strive to maintain a high standard of workmanship in our Industry.
7. We promote research, innovation and the introduction of new techniques, methods and products that advances our Industry.
8. We encourage the friendly exchange of technical information and practical knowledge between Members
9. We recognise the rights of the ATA NZ Executive to uphold this Code and review the membership of any Member deemed to be acting in contravention of this Code of Conduct.

# WELCOME TO ATA NZ

ATA NZ as an Association promotes a high standard of professionalism, business ethics and workmanship for the Industry.

Our members are our strength and our purpose.

Members of the Advanced Textiles Association New Zealand (ATA NZ) are fabricators, suppliers, installers, consultants and training organisations. Together they support the industrial textile fabric industry, provide product and services worldwide and are recognised for quality, technique and design.

By working together as members, cooperating and collaborating with our business partners as well as various Government Departments, the MAST Academy and other associations we are able to remain relevant while continuing to represent the Industrial Textiles industry.

We work together to advance our businesses and our industry. Get involved and connect with ATA NZ Members across New Zealand and Australia.

# NEED HR HELP?

## COMPREHENSIVE HR SUPPORT

Employers Assistance is an established (1995) Employment Law Company with a wide range of human resources products and an experienced and qualified employment law team. Because the Employment Courts and the Employment Relations Authority are very strict on enforcing employment law to the letter, it is important that employers follow the correct human resource processes with their employees.

The package below is now available exclusively to ATA NZ members at a 20% discounted rate.

Employers Assistance are specialists who provide subscribers with the information, telephone support and products to keep members informed and avoid the mistakes which can so easily occur. The Employers Support Package is very popular with clients. It is an 'online service' consisting of:

- Support Hotline: (0800 15 8000) Unlimited and immediate employment related telephone support during business hours from our experienced and qualified Employment Relations Consultants and Human Resource experts.
- Employers Systems: A comprehensive "Employers Toolbox" of ebooks and systems, with your own unique, secure, account and login. Examples include: Cloud Based Online Systems, e-Books, Systems & Documents
- Newsletters via email: Employment Law updates - to keep you informed at a glance.
- Document Checking: Unlimited checking of documents , letters, employment agreements etc, when created from the systems provided, with the changes highlighted by the Client.

## Health and safety solutions for the Advanced Textiles Association

Creating and maintaining an effective health and safety management system is critical to the wellbeing of your workers and to the success of your business. The Advanced Textiles Association has partnered with Gallagher to provide the tools and guidance to help members achieve their health and safety goals.

Members will continue to have access to dedicated health and safety support at a subsidised rate, with additional services available as needed – including site audits, investigations, training and pre-qualifications.

### Our support options

#### Safety Foundation — \$500 + GST

- Access to our health and safety template library
- Bi-monthly safety bulletins

#### Safety Review — \$1500 + GST

- Review of your health and safety practices
- Identification of any gaps or improvement areas

#### Full health and safety management system — \$1500 + GST

- A tailored health and safety management system
- Includes documentation, implementation guidance and support

### Checklist

- Do you have health and safety policies and procedures that demonstrate how you comply with the Health and Safety at Work Act 2015?
- Do you have effective hazard and risk identification and management processes, e.g. risk register or SOPs?
- Are you confident that your workplace, plant and equipment are safe and risk-free for your workers and customers?
- Do you record and investigate all of your accidents and any near misses that could have caused harm?
- Are you prepared if something goes wrong, e.g. if WorkSafe investigated you, would you be confident that your health and safety system meets best practice outcomes and keeps your people safe?
