Who's Ahead of You?

Check out the companies already bringing large teams of engineers, business development and marketing leads and AI infrastructure specialists.

Cover All Bases

Divide & Conquer

Split up across the 8 stages, exhibition hall, networking events and product demos – cover all key opportunities to bring back the most relevant insights.

Industry Exposure

With 60% seniority, engage with C-Suite VIPs to gain valuable facetime with decision makers and build long-lasting connections.

Unrivalled Learning

With topics aimed at each layer of the AI infrastructure stack, arm your team with fresh industry knowledge that would usually take months to acquire.

Save Money & Time

Where else can your team engage with 8,000 peers all focusing on the same goal, in 3 days? Discounts and bundles available, making this a cost-effective solution to enriching your team.
