BUYING ADVICE BOOK A TEST DRIVE

Modern motorhomes are easy to drive, but it's important that you – and anyone else who will drive it – are comfortable behind the wheel. We recommend going for a comprehensive road test to check for visibility, comfort, noise, performance and rattles

BUYING ADVICE CHECK THE WARRANTY

Even with brand-new motorhomes, things can still go wrong. Check what the warranty covers, and remember that you'll probably have to return the motorhome to the dealer you bought it from. If you're planning on going abroad, ask if the brand has dealerships there, too

BUYING ADVICE AVOID TEMPTATION

You may spot amazing end-of-season deals at shows and on forecourts, but don't buy the wrong motorhome just because it seems like a good price. In the long run, it could prove a costly mistake if you soon have to trade it in for the right model

BUYING ADVICE BE AWARE OF LAUNCH SEASON

Most motorhome manufacturers launch their new season's range in June or July, with the first vehicles arriving on dealer forecourts a couple of months later; supply chain issues may impact this, so check what the anticipated delivery times are

BUYING ADVICE KEEP IT GENERIC

As people usually trade their motorhomes in for a newer model at some point down the line, it's worth choosing options with generic appeal. Features like a reversing camera and an awning are great to have, while neon green curtains and pink leather trim are probably best avoided

BUYING ADVICE HIRE BEFORE PURCHASE

A motorhome is probably the second most expensive thing you'll ever buy, after your house, so it's a good idea to hire first. Renting a 'van can help you to ensure that you like the lifestyle, get you used to driving a larger vehicle and even let you decide on the right layout
