## **General Program Information**

### **Goals and General Outcomes for Children & Parents**

1. Provide a safe environment for all program participants; including children, parents, extended families, and employees.
2. Create an interesting, stimulating, structured environment in which children are given choices and allowed to pursue their interests, grow in confidence, gain independence, and learn respectful behaviors.
3. Provide opportunities, through activities, for children to develop new skills or overcome personal obstacles. Specifically, we strive to turn "I can't do it" into "I can do it!"
4. Provide opportunities for children to develop an appreciation for the environment, become a contributing member of a community, and to develop friendships.
5. Provide an open line of communication between parents and staff to ensure that parents are constantly aware of program happenings and their child's experiences.

### **Program Eligibility**

1. To participate in any summer program, a child must be able to function safely within our 15:1 student to staff ratio.
2. Our summer programs are designed for Elementary School-Aged children. To register a child must have completed grades K-6, in the most recent school year.

### **About the Staff**

1. All staff must pass a State Criminal Background Check, FBI clearance and a DHS/CPS background check to ensure that they do not pose a risk to program participants.
2. All staff have been trained in basic first aid and CPR. All waterfront programs ensure the requisite amount of American Red Cross Lifeguard certified staff on hand for the entire duration of aquatic activities.
3. Prior to the start of program, staff must complete training in risk management and youth development, covering such topics as Team-Building, Appropriate Discipline, Effective Communication, Creating a Safe Environment, and Cooperative Games.
4. Every Summer Program has a Site Coordinator in place to oversee the day-to-day operations and ensure that we meet your expectations. Most of our summer site coordinators have over 5 years of experience as a program manager, but all have at least 3 years of experience in some management capacity within the youth development field.

## Summer Program General Daily Schedule

Program Hours	Vary by Location
Drop Off Time	Opening – 8am
Day Program	**8am – 2:30pm
After-Care	2:30pm – Closing

### Absences

Please call in or text-message absences to the site phone by 8am. Refunds are not issued for daily absences.

### Sign In & Sign Out Procedures & Authorized Pick-Ups

Please sign your child in and out on the weekly roster daily. Persons picking up a child must be listed on the registration form and should be prepared to show a government-issued, photo ID to ensure the safety of each child.

If someone is picking up your child and he or she is not listed on the registration form, then the parent/legal guardian must either send a note or call the Site Coordinator, noting the name of the individual coming to pick up the child. This person must also present a government-issued, photo ID upon pick-up. **We will not release a child to anyone not listed under authorized pick-up, unless we receive parent verification beforehand.**

If you wish for your child to walk home alone or sign out on his/her own, please ask your site coordinator for a Release of Unaccompanied Child Form.

**\*\*IMPORTANT:** Out of an abundance of caution, only children and employees will be allowed to enter and remain on the premises. All programs will have a sign-in and sign-out table for parents/legal guardians.

Also, upon arrival, each child and employee will have his or her temperature taken by a non-contact, infrared thermometer. An individual will not be accepted for the day until his or her temperature is verified. Any individual showing a temperature of 100.4°F and above will be sent home until the fever has subsided, including employees.

### Site Specific Calendars and Daily Schedules

Each program has its own, unique daily schedule, planned by the respective site coordinators. As soon as they are completed, schedules will be posted on our Summer Program pages, at [KamaainaKids.com](http://KamaainaKids.com). Please check the website periodically for site calendars. Once finalized, calendars are subject to change.

## Schedule Changes

While all activities are planned in advance, there are times when extenuating circumstances require us to make changes in the schedule. Parents will be notified of any schedule changes by the employees on-site, if it significantly alters the program experience or drop-off times. Please continue to check the site bulletin board for changes.

## Lunch Program

As a convenience to parents, a lunch program is available for purchase at an additional weekly rate. The alternative is to simply provide a lunch from home for your child.

Please note that a preset menu is not available for the daily lunch service. This summer, lunches will be of the brown bag variety, consisting of 1 sandwich with cold cuts—such as ham, turkey, bologna, etc.—2 different types of snacks and a juice.

**IMPORTANT: If you elect to provide your child with a lunch from home, please keep in mind that refrigeration and reheating is not available at program sites.**

## Things to Bring Each Day

- Mid-morning snack and light snack for the afternoon
- Lunch (if lunch program is not purchased)
- Extra Clothes and a hat for outdoors.
- Refillable water bottle (Please label)
- Covered shoes
- Sunscreen
- A Positive Attitude

**IMPORTANT:** Please label everything you send with your child to day camp. Also, when necessary, a detailed list of things to bring for a specific excursion or on-site activity will be made available by the respective site coordinators.

## Things to Leave at Home Each Day

- Personal sports equipment
- Animals or personal pets
- Electronic devices (such as portable game consoles, personal cell phones, iPods, etc.)
- Any other items considered valuable or irreplaceable
- Alcohol, Drugs, and other Illegal substances
- \*Weapons, or any item that could be perceived as a weapon (i.e., Swiss Army Knife, Pellet Guns, etc.)

\*If a child is suspected of possessing an illegal substance, a weapon, or an object that is intended to be used as weapon, then the substance or item will be immediately confiscated by the program staff and the child's parents will be contacted. If the situation warrants the involvement of the local authorities—as determined by the site coordinator and program director—we may also contact and notify the local police department.

## Health History Form

Each summer, a current Health History Form must be submitted for every child. This form helps provide us with a brief overview of each child's medical history and informs us of any conditions or allergies that we need to be aware of, in order to keep everyone safe.

Forms can be completed by either the child's physician or parent/guardian and should indicate the month and year of all vaccinations or immunizations received. Please include any allergies or medical conditions that may impact your child's ability to participate in certain camp activities.

When registering online, then the HHF will be completed upon registering. Physician-issued charts can be submitted in place of Health History Forms. These charts can be turned into the day camp staff, on your child's first day of program, or mailed to: **Kama'aina Kids, 156-C Hamakua Drive, Kailua, HI 96734.**

If you wish to bypass the Health History Form, then we will need you to complete a waiver. To obtain a waiver, please call the Kama'aina Kids Main Office at [808-262-4538](tel:808-262-4538).

## **Medication**

Medication must be in the original container with the doctor's instructions. Please give all medication to the Site Coordinator. Our staff will pour out prescribed dosage, and the child will give him/herself the medication while being witnessed by both the camp counselor and the site coordinator. Please provide medication in a small cooler with ice, if it needs to be refrigerated.

**IMPORTANT:** Before any prescription or over-the-counter medication can be administered during program hours, an Authorization for the Dispensing of Medication form must be completed and turned into the Site Coordinator. Forms are available at the sites.

## **Emergency Procedures & Parent Notification**

- If a minor accident occurs or a child reports not feeling well, yet expresses no desire to leave, then Kama'aina Kids' staff will tend to the child and monitor the situation. The Site Coordinator must use his or her discretion to determine if an immediate call to a parent is necessary, which is often based on observation of the child's physical, emotional and/or mental well-being.

## **Emergency Procedures & Parent Notification Cont.**

- If a serious, but non-life-threatening medical emergency arises, Kama'aina Kids will first attempt to contact the child's parent. If the parent cannot be reached, Kama'aina Kids will attempt to contact persons authorized by parents in case of emergency.
- If no authorized persons can be reached and the necessary treatment is beyond the capabilities and training of the on-site staff, then 911 will be contacted and appropriate care will be secured at the nearest medical facility. A Kama'aina Kids employee will accompany the child and remain with the child until the parent or authorized guardian arrives and is able to sign out the child.
- If a major illness or life-threatening injury is involved, the Site Coordinator will first contact 911 and the child will be taken by ambulance to a designated site and/or physician. Once the emergency responders are notified, the Site Coordinator will then contact the parents/guardians. A Kama'aina Kids employee will accompany the child and remain with the child until the parent or authorized guardian arrives and is able to sign out the child.

## **The Accident Report Form**

Whenever an accident occurs at camp it must be reported promptly to the Site Coordinator. The Accident Report Form is useful for recording all information pertinent to the circumstances and nature of a significant accident or injury, as well as the action taken as a result. This form has places to record the date and time of the accident, the name of the victim, the nature of the injury, description of how the accident occurred, the treatment, and location of that treatment. If the Accident Report Form is deemed unnecessary to fill out, the incident must still be logged in the Site Logbook.

## **Emergency Procedures for Closing Program and Site Evacuations**

In the event of an environmental emergency during program hours—such as an oncoming storm, heavy rains or flooded roads, earthquakes, loss of water supply, etc.—parents will be immediately contacted, and our staff will remain on duty until all students have been picked up and signed out. If the emergency occurs before or after program hours, then the operation of program is contingent on whether the designated site location can safely open.

## **Emergency Procedures for Site Evacuations Cont...**

In the event of a site evacuation, children will be taken to the nearest, local emergency center. Efforts will be made to contact parents/legal guardians should evacuation be necessary. Kama`aina Kids staff will remain with the children until they are picked up by parents/legal guardians or other authorized persons.

## **Sunscreen Policy**

A significant portion of our day camp activities may be outdoors. As a result, we do ask that children bring a bottle of sunscreen for use during the day, and preferably report to camp having already applied one layer. Sunscreen sent to camp should be water-resistant, with an SPF of 30 or higher, and placed in a sealed plastic bag that is labeled with the child's first and last name. If a child forgets to bring sunscreen or it is not readily available on an excursion, then our staff will have water-resistant sunscreen with an SPF of 30 available.

Please review the proper steps to reapply sunscreen with your child, prior to the start of camp. Depending on the nature of the activity, children may be asked to reapply sunscreen as frequently as every 2 hours. During the reapplication process our staff will take all reasonable and appropriate steps to monitor children in the reapplication of sunscreen to exposed skin.

## **General Behavioral Conduct and Discipline Policy**

### **General Program Conduct**

At Kama`aina Kids, the physical and emotional safety of all program participants is our top priority, and we strive to provide a comfortable and enriching experience for all children. Furthermore, we recognize that the development of responsible children behavior and conduct is fostered by proper role-modeling, guidance, and adherence to a set of policies and behavioral expectations; an expectation that we impress upon and hold our staff to.

### **Rights and Dignity of Children, Staff, and Other Participants**

Kama'aina Kids is committed to creating an environment in which the rights and dignity of all individuals are respected. As such, our goal is to promote a culture that fosters transparency and cooperation through open, honest, and civil discourse. We ask all program participants to be mindful of each other's physical, emotional, and mental well-being, with the understanding that Kama'aina Kids is responsible for establishing such an environment. Incidents that may violate the rights and dignity of any individual—including campers, staff, or parents—are regarded as a serious matter. In such cases, Kama'aina Kids will respond promptly and diligently to determine the appropriate level of disciplinary action, which may include suspension or immediate dismissal from the program.

### **Confidentiality of Personal Information**

All information pertaining to a specific camper will only be shared with the parents, guardians, or authorized contacts of the child, as identified on the camper registration form. Any forms containing personal information or relating to the program, will be kept in a secure area, and will be accessible to those who are authorized.

If a situation or incident occurs, involving multiple children, then our program staff will not disclose the identity or name of a child to parents or guardians of the other children.

## **Discipline Policy**

If a child's behavior becomes extremely disruptive to the program or group or is a potential risk to the other participants in the program, our staff will do everything possible to help the child and communicate with the parents.

All occurrences of serious misbehavior will be investigated by the program coordinator. Parents will be informed of the misbehavior and findings of the investigation. However, if the misbehavior continues or escalates, parents will be notified and one or more of the following actions will be taken:

- A meeting between the parents and site coordinator will be arranged to discuss the situation, and look at possible solutions, as well as potential consequences.
- A Discipline Report will be completed, documenting the misbehaviors and any corrective measures that were taken. The report will also address future consequences, should the misbehavior continue.
- Suspension from program,
- and/or Dismissal from program.

## **Examples of disruptive or threatening behaviors that would warrant serious concern include, but are not limited to:**

- A child constantly wandering away from the group, without proper permission or unable/refusal to stay with his or her assigned group.
- Persistent physical aggression—both provoked and unprovoked—towards other campers or staff members.
- An extreme act of violence or aggression towards another program participant that causes significant harm or trauma.

If a child is suspended or dismissed from a program because of his or her behavior, then a refund will not be issued for days missed because of a suspension or dismissal.

**IMPORTANT:** Please keep in mind that the aforementioned procedures are to serve as a guideline, and that the steps taken in each situation will be determined by the circumstances involved. If a child's actions result in serious bodily harm to another individual, then he or she may be immediately dismissed from the program.

## **Bully Prevention Policy**

To help define acts of bullying, Kama'aina Kids' day camps has adopted the definition provided by the Hawaii Department of Education's Chapter 19 Handbook. It defines bullying as "any written, verbal, graphic, or physical act that a student or group of students exhibits towards other particular student(s) and the behavior causes mental or physical harm to the other student(s); and is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s)."

Any alleged acts of bullying are a serious matter and will be thoroughly investigated by the Site Coordinator and Day Camp Director. Parents/guardians of the students involved will also be notified of the situation. Once the situation has been investigated, the appropriate consequences will be issued, if the allegations are found to have merit.

**IMPORTANT:** Quite simply: We will not tolerate bullying. If it is determined that a child has or is bullying another child, then we will do our best to work with the children involved to reestablish a positive and cooperative environment. Should the bullying persist, then the child(ren) in question may receive:

1. A written warning
2. Suspension from the program
3. and/or immediate dismissal from the program
