

# The Leading Association for Global Supply Chain Resilience & Sustainability

Join the Fastest Growing Asia Pacific Supply Chain Community

[WWW.TAPA-APAC.ORG](http://WWW.TAPA-APAC.ORG)

# Join TAPA APAC Community & Network with Industry Professionals

# Leading Businesses Into Resilience & Sustainability

The Transported Asset Protection Association (TAPA) is the leading association that unites supply chain industry leaders and organizations with the common aim of upholding the highest standards of supply chain resilience and sustainability.

In Asia Pacific, TAPA APAC member companies enhance their supply chain resiliency, increase the security of their daily operations, protect their business assets, and develop greater brand equity through the application of TAPA's global security standards and programmes to help them stay resilient and to future-proof their value chains.

**X13** Actual cost of crime is up to 13 times the value of the stolen goods.

TAPA Standards build Resilience for Your Supply Chain Against:

- **Cargo Crime for Revenue Protection, Brand Reputation & Integrity**

TAPA APAC Intelligence System (TIS) recorded over USD USD \$285 million lost to organized cargo thefts as supply chain attacks become more frequent, sophisticated and violent.

- **Business Disruptions for Continuity**

Black Swan and geopolitical events highlight the need for comprehensive risk management and flexible business continuity planning.

- **Evolving Threats and Market Changes for Sustainability & Operational Longevity**

Changing consumer demands and governance is requiring more holistic strategy for long-term planning, resilience and future-proofing.

## Join us to build a Secure, Resilient & Sustainable Supply Chain

TAPA APAC is committed to supporting our members' supply chain resiliency through the development and application of global security standards, recognized industry practices, technology, regulatory collaboration, and the proactive identification of crime trends and supply chain security threats.

Let's work together to build resilience against disruptions and risks.

*Tony Lugg*

Chairman, TAPA APAC

# Become a TAPA APAC Member & Build Resilience with TAPA Standards

Gain full year access to:

## TAPA Standards, Audit & Certification

TAPA's global security standards specify the minimum acceptable security standards for assets moving through the supply chain and the methods to maintain those standards.

### Benefits of TAPA Certification

- Enhance supply chain resilience and ensure operational continuity
- Reduce loss ratio with extra lines of defense against latest threats
- Improve operational efficiency with industry best practices
- Valuable quality and security benchmark for selection of partners

[LEARN MORE >](#)

## Training

TAPA APAC delivers online and face-to-face training courses to help members adopt TAPA Standards and attain qualified skills. This includes vigorous training and examination in order to attain their certifications.

[LEARN MORE >](#)

[TRAINING SCHEDULE >](#)

## Insights

Members receive regular industry updates and news such as TAPA APAC weekly Resilience News e-Newsletter and monthly LookOut e-Magazine.

[RESILIENCE NEWS >](#)

[LOOKOUT >](#)

## TAPA APAC Intelligence System (TIS)

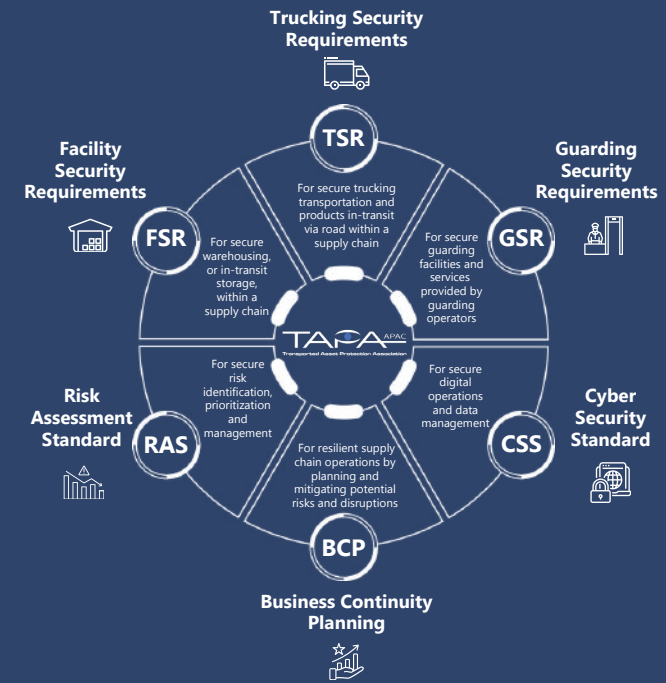

TIS collects, stores and analyzes cargo theft incidents information gathered and TAPA certifications worldwide, helping members to better plan their cargo routes by avoiding crime 'hotspots' and working with TAPA-certified partners for enhanced resilience.

Members are also alerted of major incident crime with TIS email flash alerts and have access to TIS reports.
