Happy February!

I have to admit, February is one of my favorite months, only because I love watching the Super Bowl! We also love participating in the Super Bowl Shop Hop! We hope you can join us!

January brought us our ever-so-popular class preview day. We showcased all the instructors and projects that we will be offering over the next several months. We have jam-packed all those classes into February's Flip Book! Take a seat and have a look around!

January 25th was also our 1-year anniversary of being open after the flood! We have come a long way – the shop looks great, and new products are arriving weekly!

We have been planning to add more useful content to our Flip Book, so this month we are hearing from our amazing Service Tech, Brian! Brian is bringing a new segment called "Tech Talk with Brian." We hope to provide you with some great information on keeping your sewing machines in tip-top shape!

Hoping to see you soon!

Tech Talk

with Brian

• Why Thread Matters •

What would you say if I told you that your thread matters?

Many folks think that “thread is thread”. However, there are many things you should keep in mind when thinking about your thread.

- ▶ **Higher-quality thread absolutely makes a difference.**

From fewer thread breaks and skipped stitches to a better appearance in your project. A fresh, quality thread will help ensure a stronger, more consistent seam, while matching the thread weight to the fabric's fiber is crucial for great appearance and durability.

- ▶ **Fewer machine problems.**

High-quality thread produces less lint, helping to prevent build-up in the machine's moving parts which can accelerate wear & tear, or blocking sensors which can affect stitch quality or cause false thread-break messages.

- ▶ **Reduce the chance for skipped stitches or broken thread.**

Broken thread ends can get tangled in the machines moving parts and your machine might need a Spa Day sooner than normal. A premium brand-name thread will reduce the chances of that happening.

- ▶ **Smoother sewing.**

Premium threads glide through the machine better and have a more uniform, consistent appearance. This is much more apparent when running the machines at today's high speeds.

- ▶ **Use fresh thread.**

The age of your thread can definitely matter. If your thread has been hanging around for a long time, it can become less pliable and can form loops which may contribute to skipped stitches or thread breaks.

You spend a lot of time and effort on your projects. Using a fresh, high-quality thread will definitely give you a better result, both during the construction and well after it's been completed.

Designer Epic™ 3

Nordic Frost Edition
Sewing & Embroidery Machine

Designer Epic™ 3

Nordic Frost Edition

Sewing & Embroidery Machine

Top Features

Embroidery Unit

Thoughtful engineering results in reduced noise and vibration for a more relaxing sewing experience. Building on this foundation, the updated embroidery unit features further refinements that enhance stability and smooth operation, along with an ergonomic hoop connection system that makes attaching and removing your hooped project easier than ever.

Free-Arm Embroidery[^]

Embroider difficult-to-hoop projects without opening a seam. Simply slip part of your project around the free-arm when attaching the optional Free-Arm Embroidery Hoop.

Reversible Hoop Capability[^]

The first in the industry to seamlessly embroider a specialty technique like felting or bobbin work, then continue stitching over that design with conventional embroidery. With the special techniques hoop you don't need to un-hoop your project, saving you time and frustration.

Embroidery Projection

Project the image of an embroidery on your hooped fabric for easy placement. See where your embroidery is to generally place a design on your project, or easily match multiple hoopings to create embroideries at the ideal size. You can use the Exact Position feature to fine-tune for absolutely perfect placement.

[^] Optional accessory required

DESIGNER EPIC 3

Nordic Frost Edition

Sewing and Embroidery Machine

Industry's Largest Embroidery Area**

Embroider with the market's largest embroidery area using the 450x450 mm Mega Turnable Hoop.*

DESIGNER™ Embellishment Attachment^

Embroider ribbon, beads or yarn directly and precisely on fabric as the attachment guides the material into place. Automatically stitch a variety of materials with your machine to avoid the time and stress of stitching them down by hand.

CREATIVATE™ Ecosystem*

Get creative with seamless cloud-based navigation between your machine screen, laptop and mobile device.

CREATIVATE Design Catalog*

CREATIVATE Design Catalog has thousands of beautiful ready-made embroidery designs, from flowers and fonts to nature and more. The best part is you can access the full Design Catalog on-screen so you don't have to leave your machine to find the perfect design.

CREATIVATE Blog

Access a live feed directly on your screen of news, free projects, free designs and more.

CREATIVATE App

Download the free app that connects your phone to your machine. Digitize photos on the go, get live machine updates and more.

* Optional Accessory.

^ Some CREATIVATE features require a paid membership.
