Our Story

Owners Dan and Alexandra have been providing personal care to seniors since 2008. After graduating in the class of 2012 from the University of Irvine, California, with a bachelor's degree in Biology, Dan decided to dedicate himself to elderly care. Dan met his wife, Alexandra, at church in 2013 and quickly realized how perfect they were for each other when he found out that she, too, works in elderly care.

By the end of 2014, they were married and began their journey in building their own care home.

With the support of family and a staff dedicated to providing personalized care, Ohana Care Home was established in June of 2023.

Dan operates as the administrator of Ohana Care Home where he works with exceptionally trained staff to ensure personalized care tailored to meet each individual's specific needs.

At Ohana Care Home, our goal is to provide exceptional care and support to the elderly, fostering a nurturing and family-like environment. From minimal to 24/7 care, we have the compassionate and experienced staff to handle the needs of your loved-one.

Nutrition

We care about food and how a meal comes together. We want all of our residents to look forward to their dining experience. We love the act of creating a well-prepared and attractive plate for our residents to enjoy when we come together for meals. That is something we see as an act of love. It gives us joy.
