AWARDED JOBS

We are pleased to announce that Highrise has been awarded the tender for Heirloom Armadale with Cobild, one of our trusted builders.

HEIRLOOM

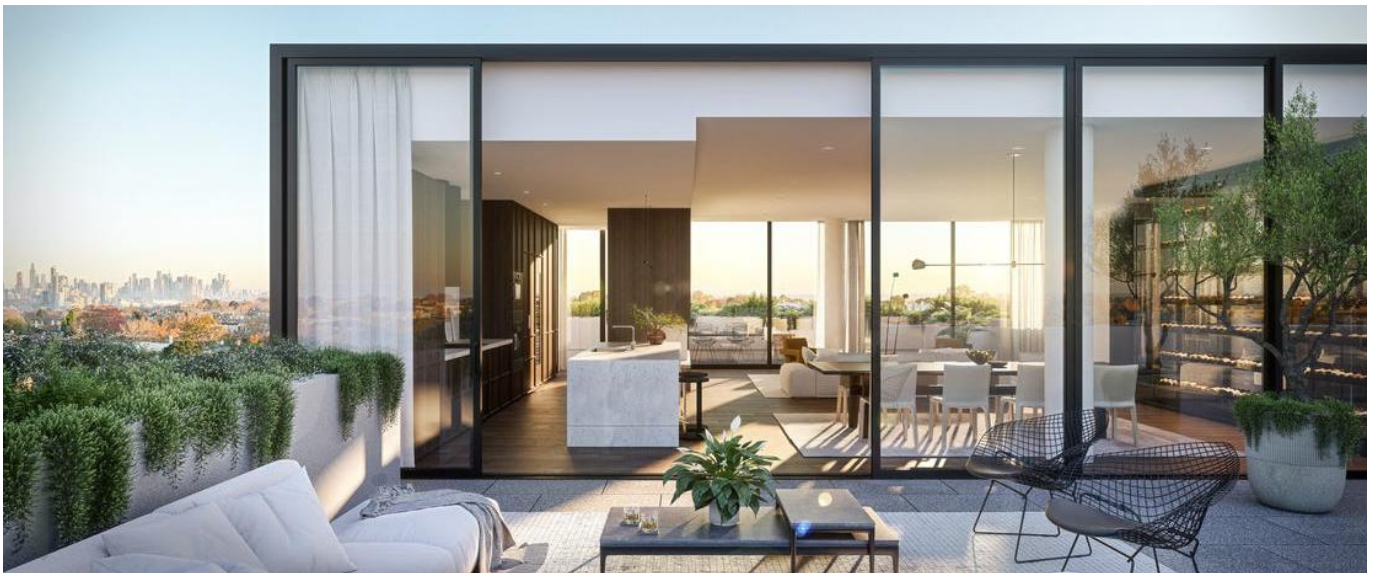

Located at 1187 High Street, Heirloom is a 6-level luxury apartment complex in Armadale featuring 30 high-end apartments and a retail activation at street level.

The scope of works includes the supply and installation of Mitsubishi VRF heat recovery air conditioning systems for the apartments and common areas, along with ventilation systems for the carparks. Highrise will provide ductwork, fan coil systems, kitchen exhaust systems, and a full BMS to monitor and control the mechanical and electrical systems. The project also includes the provision of testing, commissioning, maintenance and training for all installed systems.

We are proud to be part of this exceptional project which promises to transform Armadale's skyline with its sophisticated design and high-quality finishes.

OMNICOM

One of our skilled plumbers, Nathan, wishing he was as tall as the duct.

Our new apprentice Joseph showing off his new 'hard hat' from Bunnings - a hilarious case of miscommunication!

SEDDON SQUARE

Our third-year apprentice Matt hard at work on-site at Seddon Square.

He has spent a lot of time here over the past year and it's paying off with some serious hands-on experience. Great to see his skills growing every day!
