THE HUMAN
EXPERIENCE
IN THE SKY
SHOULD BE
JUST AS
ELEVATED

OUR MISSION AND VISION

We at Avtec Interiors, Inc believe that the journey is just as important as the destination and therefore understand that the human experience in the sky should be just as elevated

Innovative • Passion • Quality

Avtec Interiors, Inc was founded in 2004 in Tyler, TX and is still currently there, adjacent to the Tyler Pounds Airport. We offer high-end customized interior work for luxury aircraft such as, full interior refurbishment, custom cabinetry & refinishing, and much more.

We bring the passion of flight and extensive backgrounds in luxury design and tailor to your needs and style.

Being that quality is our top priority, we find it important to control that quality of work. We do this by completing majority of our interior work in-house.

Our craftsmen and women have an average experience of 25+ years. Many of them having worked directly with us since the start of their careers.

Our goal is to create a luxury experience for our customers and create innovative designs. Whether you're simply needing to reimagine one space or the complete aircraft interior, we are here to guide you to take your interior to the next level.

WE BRING THE
PASSION OF
FLIGHT AND
EXTENSIVE
BACKGROUNDS
IN LUXURY
DESIGN

INTERIOR REFURBISHMENT

Avtec Interiors offers a variety of services. Our most requested service is our *full interior refurbishments*. This includes a full renovation of the entire cabin including flooring, seating, seatbelts, upholstery, counter tops, walls, cabinetry, lavatory & entry doorsteps.

CABINERY

Design meets functionality. If your woodwork in your aircraft is ready to retire, allow us to put our master cabinetry artisan to the challenge. We can create a whole new look with gorgeous *New Veneer* or give the cabinetry a face lift by *Sanding & Refinishing* with a finish that better suits your style. We can also *reconfigure existing cabinetry upon request*.

INTERIOR RECONFIGURATION

RESET & REIMAGINE TO SUIT YOUR NEEDS AND WANTS

Allow us to be your design 'RESET' Button for your aircraft. We offer Cabin Interior Reconfiguration Service where we redesign the layout of the cabin and customize to your needs & wants.

This service is popular with those who have an outdated interior layout and want to update it to meet today's modern travel needs and luxuries and allow better movement around the cabin.

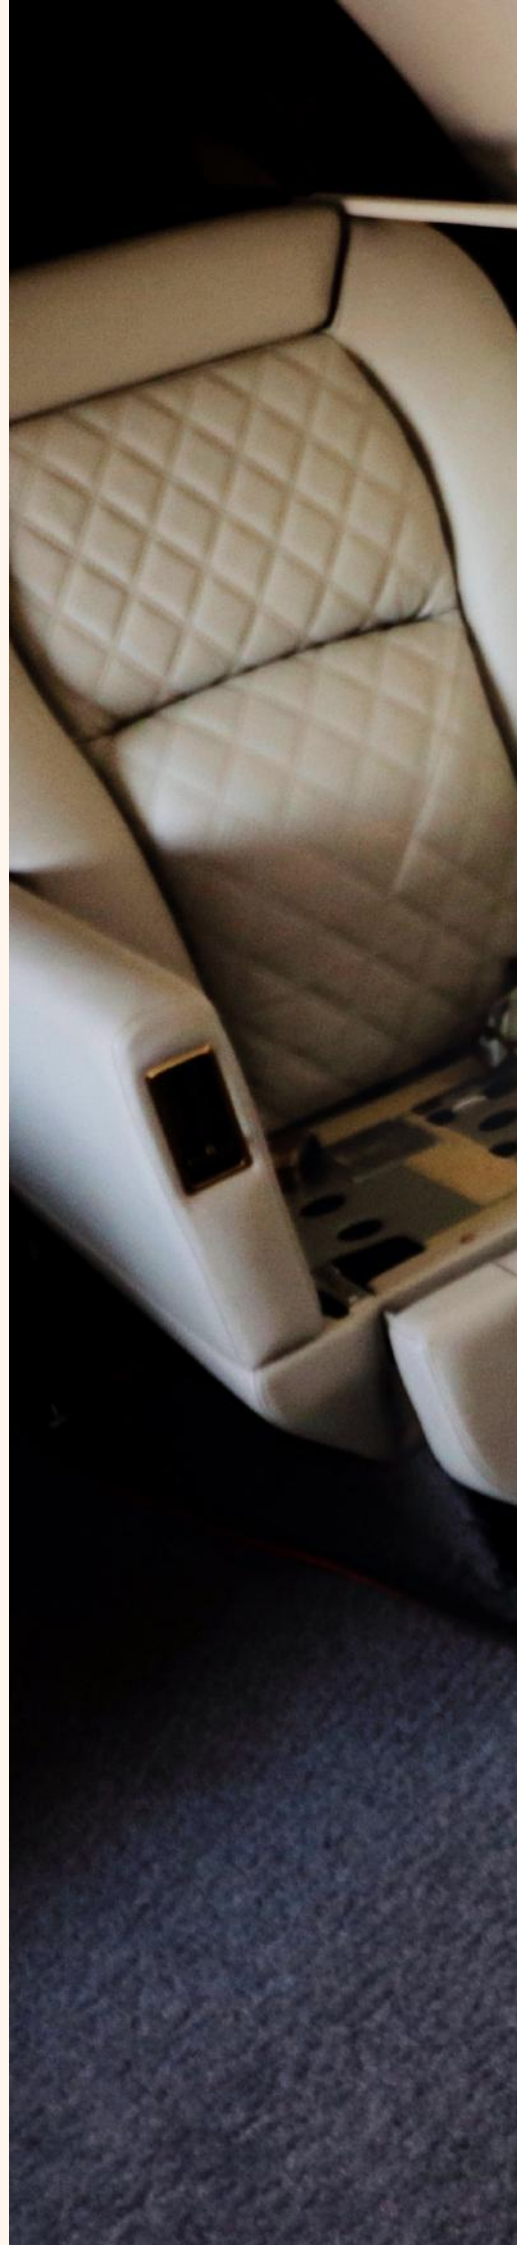

DON'T
JUST
MAKE
GOOD
TIME,

*HAVE
A
GOOD
TIME*

CABIN REMOVAL & REINSTALLATION

For maintenance and inspections,
Avtec Interiors specializes in
aircraft interior removal for specific
items or all interior pieces and
reinstall.

ENTERTAINMENT UPGRADES & CONNECTIVITY

CABIN LIGHTING

Lighting can bring life & warmth to a space. Why not utilize our cabin lighting upgrade service to Enhance the overall cabin design with LED lighting for functionality and ambiance? We highly recommend our clients who are doing a full interior refurbishment to take the opportunity and upgrade their lighting during the process as well.

PLATING

Metals have become an uprising trend in interior cabin upgrades. We take pride in our metallic finishes to add sparkle and shine to all metal surfaces in the cabin and provide an array of metal selections to choose from.

CABIN MANAGEMENT SYS & IFE

While the aesthetic design of the cabin is important, we fully understand that technology is an important part of travel. We offer CMS upgrades and the connectivity such as a new satcom system, new audio and video with fully dedicated integrated controllers for both CMS & IFE systems which include IOS & android based smart devices, as well as at seat touch-screen controllers.
