Are you looking to enhance your business with the implementation of latest Technology?

We are an expert in providing the most apt solution for your business, tailored exactly to your need, be it in the domain of IT, ELV or AV.

chairman's message

Cluster is committed to quality and unparalleled customer service in all aspects of our business. Our mission, goals and values have remained the same since we first started operating in the technology industry in 2006.

Cluster will continue its efforts to deliver projects that offer our clients, quality solutions with the best service available and the most convenient prices to satisfy all of our clients needs. The success of Cluster is determined by our prosperity in operating as a unified team. We have to earn the trust and respect of our clients everyday in order to ensure that the applicant makes the decision to choose our services.

Our guiding principal has not changed since day one; it is something that we call "valuing our people." We sell service, and our services is provided by people. Our success is built by our creative and productive employees who are encouraged to make suggestions while thinking "outside the box."

My job, their job, every job is essential to fulfilling our aim everyday to the people who both trust, and respect us. Our belief in this time-tested strategy has proved us right with consistently excellent returns from our clients and recognition from our peers.

The primary goal of Cluster is to make our voice stronger, and to continue to be a leader in the technology industry.

Sheikh Hamad Bin Mohammed Bin Fahed Al-Thani

Cluster has been operational in Qatar since 2006 and specializes in providing complete range of system integration services, turnkey ICT, ELV, Security and AV solutions for various sectors of the market.

Our experience and reputation is built on quality installations, competitive pricing, timely project completion, and customer satisfaction based on comprehensive after sales support.

We believe that each client is unique and so are their requirements. Customer engagement accompanied by a flexible attitude and an eye for detail enables us to provide tailor-made solutions to everyone.

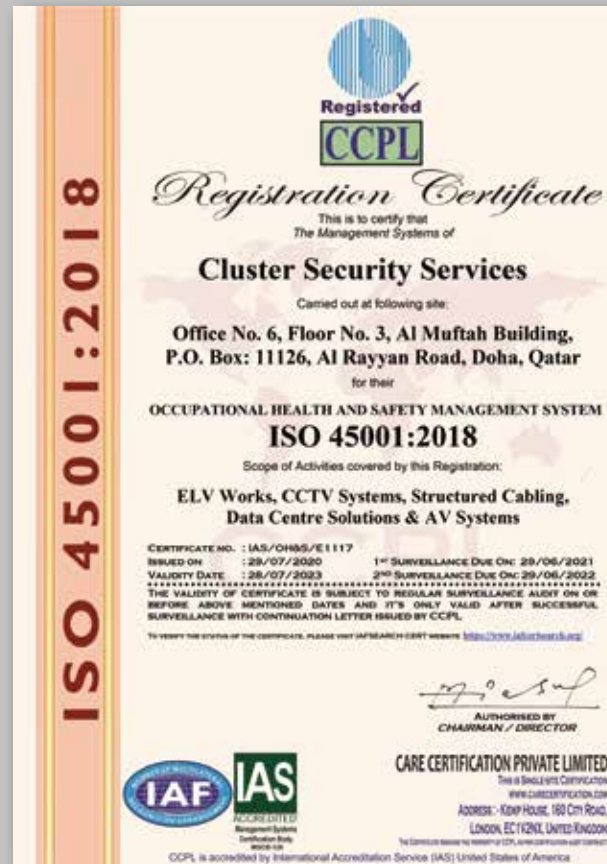

Punctuality, quality and excellent customer service are our work ethos that have enabled us to firmly set ground in this indigenous market.

vision

At Cluster, we seek to become one of the most trusted and recognized system integration and consulting organizations in Qatar.

We will continue to contribute to the success of our clients through our constant customer focus approach.
