Utsav - Culture meets purpose

The new financial year has begun and we are all hoping that the pandemic is behind us.

We at Unnati have faced one of the toughest times during the pandemic, but have survived and have managed to remain afloat. We have challenged ourselves to ensure that we outperform during this financial year and register Unnati as one of the leading Organizations in the country, for skilling underprivileged and unemployed youth. Our target for this year, set by ourselves, is 25000 youth across 30 centres and nearly 150 colleges. The bulk of youth training will happen in Karnataka, which will account for nearly 20000 youth. Our presence in Tamilnadu is steadily increasing and improving and we hope to do over 3000 youth during this financial year alone.

It has been a herculean task to raise funds, more so during the pandemic when every Company has been contributing towards covid relief. We have been continuously reaching out to all our patrons and donors to extend their support to Unnati during these tough times.

We have, after a gap of 2 years, planned 'Utsav'- our Gokulashtami celebrations, which has always been our major fund raiser event. We extend our invitation to all, to participate in the celebrations and contribute towards the cause.

Why do people always support the underdog?

Many of our donors have moved away from us during the last few years thinking that we have grown big and do not require their support. They feel they need to support smaller organizations/ngos, which in turn affects organizations like ours. Very often we support the underdog but do we actually put our money behind the underdog?

Unnati requires a lot of money and we are trying to make a difference to a huge number of beneficiaries, which will in turn make a huge difference in the society.

Every drop counts and every donor matters. We have been trying our level best to ensure that our donors and patrons own 'Project Unnati'. We can only assure you that every rupee you donate, is spent wisely and for the cause. The admin expenditure of the organization is less than 5%, which in itself is an indication of the fact that your contributions go entirely towards the cause.

I call upon each one of you to participate in this movement and be owners of "Project Unnati", thereby being the sole reason towards lighting the lamp of prosperity in the houses of 25000 deserving families.

Students Feedback

Sanjay from Jayanagar1 Center Batch 46 tells "He over came the stage fear and grew independent after the 35 days lifeskill program by Unnati.

A great transformation Swapna from Humnabad Batch 2. She says she has learnt a lot of technical aspects and life skills lessons. She has learnt even computers and Tally and public speaking, which has built strong self-confidence in her. UNNATI-The best place to build our career says Swapna

An Alumni Tahsin from Batch 18 from Whitefield Center , speaks to our current batch youth and explains about her career growth and says Unnati builds confidence and teaches that nothing is impossible

Fouziya Bhanu from Davangere Center 47 Batch is happy about her improvement in terms of Spoken English and self-confidence which she has gained from the 35 days Unnati program.

Ranjani Sharma from Batch 19 Whitefield Center speaks about her experience with Unnati and the knowledge and self-confidence she gained from this 35days program

Success Story

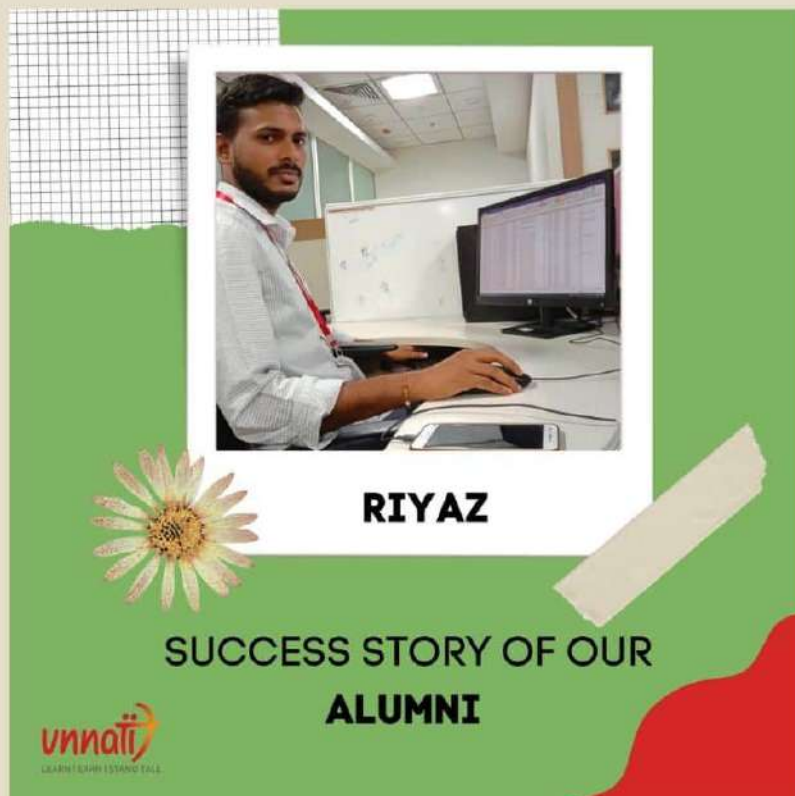

22 year old Riyaz wanted to go out and experience the outside world. Coming from a small Town in Cuntur district of Andhra Pradesh, Riyaz always wanted to get a job in an MNC

He learnt a bit of computer programming and tried to secure a job. Riyaz's family owned a small scale business where the earnings of his parents were not enough to support his needs.

Riyaz decided to get a job and help his family by earning and ensuring his parents don't need to work so hard but he couldn't get a job due to his fear and the lack of communication skills to go for interviews. In due course Riyaz joined Unnati, he worked hard during the training program, he learnt and implemented what he has learnt in class and he enjoyed the classes too. He made many friends and found a best friend too.

At Unnati Riyaz learnt the use of the English language and the way to speak which enhanced his self confidence. He also learnt important life skills which changed his perception in a good way. He practiced typing and he can type 35 words per minute now.

Currently, he's working at Tech Mahindra as a System Engineer in Hyderabad for the past 1 year. His earnings are supporting his family and life has made a 360 degree change for him.
