WHAT CAN YOU DO WITH YOUR BOOK?

Purchase Your Books at Cost to Promote Your Business

- Promotional Advantage: As a member, you can purchase copies of the books you contribute to at cost (Printing, Shipping + Taxes). Use these books to promote your business, share with clients, family and friends, sell for a profit and enhance your professional credibility.

HELP EMPOWER WOMEN THROUGH WRITING

Our incredible group of women in Kenya have written three books, with 100% of the proceeds from their sales going directly to them. These women, many of whom are widowed and living in extreme poverty, use the money to buy food and clothing and pay for school fees. This allows these 26 women to have a sense of pride and the ability to support their families. Your support is the lifeline that keeps them going.

By donating or purchasing their books, you are not just helping to keep their program running; you are empowering women to lift themselves up, share their life lessons, and create a ripple effect of positive change. Your contribution is a catalyst for their empowerment and transformation.

Women Like Me covers the entire cost of publishing their books and shipping their books to them in Kenya.
