How It Works

1. We Set the Scene

We arrive early, style your magnet station, and create a beautiful, seamless experience for your guests. Whether it's a dedicated portrait space, a styled backdrop, or an elegant table display, we make it feel like part of your wedding not just another vendor booth. We simply need access to a standard outlet for on-site printing.

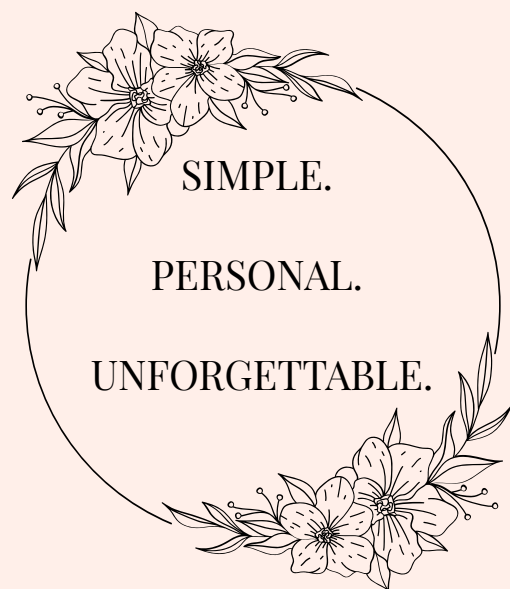

2. We Capture the Moments

Guests can step in for a quick portrait, family photo, or friend group shot—while we also move through your celebration capturing genuine candid moments: hugs, laughter, dancing, and the little memories you never want to forget.

A mix of posed keepsakes and heartfelt in-between moments.

3. We Print Memories Live

As the moments unfold, we transform select images into premium photo magnets printed on site beautiful little keepsakes your guests can hold, display, and take home that same day.

Frequently Asked Questions

Do you take the photos yourself?

Yes—and no. Guests can either upload their own photos, or I can take them on-site using a styled backdrop and candid event coverage. I then curate and print the images in real time as premium photo magnets for guests to take home the same day.

What kind of photos do you capture?

A mix of both posed and candid moments. I capture natural, joy-filled interactions as your guests celebrate, along with lightly guided mini portrait moments when appropriate. This blend creates images that feel authentic, but also beautifully composed and keepsake-worthy.

How do guests receive their magnets?

Guests are photographed during your event. Their images are then processed and printed live, so they can pick up their finished magnet before the night ends.

How many guests can you accommodate?

Each package is based on time rather than strict guest count. The 2-hour experience works well for smaller to mid-sized weddings, while the 3-hour experience allows for more coverage and a more relaxed guest flow.

Do you need anything from our venue?

Yes—a standard electrical outlet for my printing equipment. If access is limited, I can also provide a quiet generator if needed.

When do you take the photos?

I photograph guests throughout your celebration—typically during cocktail hour, reception, and natural in-between moments when guests are mingling and enjoying themselves.

Is setup included?

Yes—setup, styling, live photography, printing, and teardown are all included so the experience feels effortless for you and your guests.

Why magnets instead of traditional photo favors?

Because they turn real moments from your wedding into something guests can actually keep and use. Instead of a favor that gets forgotten, guests leave with a personal memory from your celebration—displayed on fridges, desks, and everyday spaces as a lasting reminder of your day.

Your guests deserve a favor they'll actually treasure.
