---

## 11. Founding 100 Sovereign Life Memberships – Limited Availability

We are opening **only 100 Lifetime Memberships** for our **ICCACK Embassy Sovereign Life Program**.

Once these are claimed, **this exact package will never be offered again** at the \$9,999 entry price. Memberships are allocated **first-come, first-served** and once our Embassy land allotment is sold, future memberships will be subject to higher pricing and more restrictive entry criteria.

### Why Limited?

**Embassy Land is Finite** – Each membership includes **titled co-ownership** of ICCACK Embassy property in the Dominican Republic.

**Diplomatic Processing Capacity** – ICCACK can only process a limited number of diplomatic IDs, Laissez-Passers, and DR residence permits at once.

**Exclusive Inner Circle** – Our first 100 members form the **Founding Circle** with enhanced recognition, priority access to future ICCACK missions, and legacy benefits for heirs.

## Secure Your Place Today

With global restrictions tightening, personal sovereignty is becoming a **scarce asset**. This is your one-time chance to step outside the reach of hostile jurisdictions and anchor your life in a legally recognized diplomatic mission.

**One-time fee:** \$9,999 – no renewal, no hidden charges.

**🚫 Limited to 100 members only.**

**When the 100 spots are gone, they're gone.**

---

## 12. The Post-COVID Freedom Imperative

The events of 2020–2023 made it clear: governments can and will override your freedoms in the name of “public safety.” From forced lockdowns and travel bans to financial account freezes and censorship, the precedent has been set.

The ICCACK Embassy Sovereign Life Membership is the antidote — a proactive shield that locks in your freedom **before** the next crisis. With DR residence, diplomatic identity, and blockchain-secured asset protection, you have a parallel system that operates above national politics and beyond arbitrary controls.

## 13. How Embassy Status Extends Your Reach

Owning titled land within a formally recognized ICCACK Embassy compound places you under Vienna Convention protections — the same international legal shield used by nation-state embassies worldwide.

This means:

**Jurisdictional Immunity** – Host-country courts and agencies cannot interfere with your diplomatic property or identity.

**Protected Mobility** – Travel with recognized diplomatic credentials.

**Cross-Border Enforcement** – ICCACK can intervene on your behalf in disputes, asset seizures, or rights violations anywhere in the world.

**Sovereign Networking** – Gain access to ICCACK’s network of embassies, missions, and supranational partners.

## Residence Permit Disclaimer

The issuance of any Dominican Republic Residence Permit remains strictly subject to the approval, procedures, and discretion of the Dominican Republic immigration authorities. Neither ICCACK nor World Blockchain Bank can guarantee the outcome of any residence permit application, as such determinations lie exclusively within the jurisdiction of the Dominican Republic government.

Applicants should note that:

A personal appearance at the Dominican Republic immigration office is mandatory for all applicants as part of the residence permit process.

Required documents, fees, and compliance obligations are governed by Dominican law and may change from time to time without notice.

While ICCACK and World Blockchain Bank facilitate the legal domicile and trust structures necessary for eligibility, final approval of residency is outside of our control.

ICCACK provides no guarantee of success, timelines, or citizenship eligibility, though all reasonable support will be extended to assist members in navigating the local process.

By participating in the ICCACK Embassy Sovereign Life Membership and Land Trust Program, each applicant expressly acknowledges that residence permits are contingent upon governmental approval and agree to hold ICCACK and World Blockchain Bank harmless from liability in connection with immigration outcomes.

Total Cube allocation = 100,000,000 WBBT (same as full Cube buyer), distributed proportionally across all 10 co-owners.

---

## 5. Occupancy & Use

Co-ownership is primarily **sovereign-anchor residency**, not a timeshare.
