**“Your Lifetime Diplomatic Identity.
Your Tax-Free Residency.
Your Blockchain Pension.”**

Freedom. Immunity. Residency. A Pension You Control.

Because Freedom Isn't Negotiable.

The ICCACK Embassy Sovereign Membership is more than a document. It is a **lifetime framework of freedom**:

A **Diplomatic Identity** recognized under international law.

A **Tax-Free Residency** in the Dominican Republic, giving you legal protection and financial independence.

A **Blockchain Dynasty Pension**, paying you monthly, immune from inflation and government seizure.

This is your **personal shield against government overreach**—anchored in law, enforced by blockchain, and guaranteed by supranational jurisdiction.

Have you had enough of government harassment and restricted travel?

A **Diplomatic Passport** can transform your private and business life.

Dear Entrepreneur,

Today, the greatest threat to your freedom and financial security is not the market—it is your own government. In recent years the world has been **shut down** under the excuse of a “virus crisis.” Most governments used this event to **expand their control, restrict movement, and squeeze citizens for every penny.**

You've seen it yourself: misinformation campaigns, manipulative restrictions, and arbitrary rules. Following bad advice traps you deeper in dependency. The real goal must be the opposite: **expand your options, secure your movement, and reclaim your sovereignty.**

In these shark-infested waters, you need a **trusted authority with real solutions.** That is where ICCACK comes in. For years, we have helped entrepreneurs secure **Diplomatic Travel Documents** that grant them the ability to cross borders with **freedom and immunity**, even when “normal citizens” were locked down in their own homes.

Convention-Based Authority

ICCACK issues **100% genuine Diplomatic Travel Documents**, modeled on the United Nations Laissez-Passer. Our issuing authority is anchored in The Hague, Netherlands. Holders may be conferred status as **Diplomatic Trade Ambassadors**, enabling them to travel on official missions under supranational recognition.

Doors Only Diplomats Can Open

These documents have already elevated serious entrepreneurs worldwide—upgrading their business, status, and mobility. The required donation is **\$25,000 per Diplomatic Passport** (children under 18 included free of charge). Diplomatic license plates for 2 vehicles are included. Processing is completed in just **3–4 weeks**.

From Passport to Sovereign Life-Structure

Now, ICCACK takes this legacy one step further.

What began as Diplomatic Passports has evolved into a **complete sovereign life-framework:**

Not just a document, but a Diplomatic Identity anchored in blockchain.

Not just travel freedom, but a monthly pension payout from your own Blockchain Dynasty Trust.

Not just temporary protection, but a permanent shield of supranational jurisdiction.

Not just mobility, but Tax-Exempt Residency in the Dominican Republic under “Pensionado” status.

Around the world, governments are collapsing under the weight of debt, inflation, and corruption. Pensions are being slashed. Retirement savings are taxed into oblivion. Citizens everywhere are trapped in systems designed to **extract, not protect.**

But what if you could step outside that system entirely?

What if your retirement, your freedom of movement, and your legal immunity were guaranteed—not by a failing state—but by your **own sovereign Blockchain Trust**?

This is exactly what the ICCACK Sovereign Membership delivers. For a one-time lifetime contribution of **\$25,000**, you are enrolled as a **Diplomatic Pensionado**:

Receiving **monthly payouts** from your Dynasty Trust.

Secured by **diplomatic recognition under the Vienna Convention**.

Protected by the **jurisdiction of the World Arbitration Court (WAC)**.

This is not theory. It is a **living legal framework**—anchored in supranational law, recorded on blockchain, and enforceable worldwide.

With ICCACK, you hold more than a passport. You secure a **sovereign identity with a self-funded pension—untouchable, enforceable, and transferable to your heirs**.

What You Receive

When you become an **ICCACK Sovereign Member**, you unlock far more than a passport. You secure a **complete diplomatic and financial life-structure**—a framework designed to protect you, provide for you, and preserve your legacy for generations.

Your \$25,000 Lifetime Membership Includes:

ICCACK Diplomatic ID Card & Laissez-Passer

Official recognition under ICCACK Embassy jurisdiction, issued for your role as Judge or Diplomatic Trade Ambassador.

Irrevocable Blockchain Dynasty Trust

Your personal sovereign pension engine—paying you a monthly pension, immune from seizure, taxation, or government interference.

World Blockchain Bank Sovereign MasterCard

Direct monthly payouts from your Trust, loaded seamlessly onto your card for global access.

Exclusive Web3 Domain & Family Crest

(.trust, .bank, .gold, or your family name) — combined with a unique Family Crest, minted on blockchain as a permanent asset of your Dynasty Trust.

10,000,000 World Blockchain Bank Tokens (WBBT)

Credited directly into your wallet, providing liquidity and integration with the World Blockchain Bank ecosystem.

Recognition under International Law

Full protections under ICCACK Embassy jurisdiction and Vienna Convention diplomatic immunities.

Dominican Republic Residency

Official DR residence permit granting you tax domicile and legal pathway to citizenship.

All Fees Included

Immigration lawyer services and Dominican government fees are covered within your membership.

Citizenship Option

Eligibility to apply for Dominican citizenship after **2 years of legal residency**.

Legal Basis & Precedent

The ICCACK Diplomatic ID and Laissez-Passer are not marketing inventions. They are built on **established international conventions** that have governed diplomacy for decades.

Convention on the Privileges and Immunities of the United Nations (Article 15):

Judges, Prosecutors, and Diplomatic Trade Ambassadors traveling on official missions enjoy the **same privileges and immunities as heads of diplomatic missions**.

Their families share these protections, including **freedom of movement and repatriation facilities** in times of crisis.

Their salaries and pensions are **exempt from taxation**, and their official acts remain **immune from legal process**.

ICCACK extends this same **supranational framework** to its members. By joining, you gain not only a diplomatic identity, but also the **legal recognition, protections, and immunities** of international law—anchored in ICCACK Embassy jurisdiction and enforced under the Vienna Convention.

The Pensionado Model

Imagine never depending on a collapsing government pension system again.

Imagine receiving your retirement income **from your own sovereign trust**—paid monthly, under your control, beyond the reach of banks, politicians, and tax collectors.

That is what it means to be an **ICCACK Pensionado**.

Your **\$25,000 Lifetime Membership** activates an **Irrevocable Blockchain Dynasty Family Trust**—your personal **pension engine for life**. Unlike state pensions—subject to inflation, political theft, or endless delays—your Trust is:

Immutable – Recorded on blockchain, enforceable for life and beyond.

Autonomous – Pays you directly, without banks, bureaucrats, or middlemen.

Programmable – You choose the structure: monthly income, staged withdrawals, or legacy transfers to heirs.

Inflation-Proof – Anchored by World Blockchain Bank Tokens and protected by ICCACK's supranational jurisdiction.

Enforceable – All disputes resolved exclusively by the World Arbitration Court (WAC), not compromised national courts.

As an ICCACK Pensionado, your income is **untouchable, unstoppable, and unbreakable**—a pension you own, a pension you control.

From Diplomatic Documents to Sovereign Pensionado

For years, ICCACK has empowered entrepreneurs and global citizens with **Diplomatic Passports**—opening doors to freedom of movement, elevated status, and international protection. Thousands have already benefited from these programs.

Now, ICCACK takes this legacy to the next level.

Not just a document, but a Diplomatic Identity backed by a Blockchain Trust.

Not just reliance on government pensions, but a Pensionado system you own and control.

Not just one-time privileges, but a lifetime framework of income, protection, and immunity.

Not endless taxation, but tax-free residency in the Dominican Republic.

The ICCACK Sovereign Membership is the natural evolution: a **full sovereign life-structure** where your Diplomatic ID is not merely recognition—it is the key to a **living pension that pays you, protects you, and preserves your legacy**.

Escape the Control. Claim Your Sovereignty. Live Without Fear.

In recent years the world has witnessed **unprecedented government overreach**—mass lockdowns, travel bans, forced medical interventions, censorship, and surveillance.

Millions have now realized a painful truth: the system is not designed to protect liberty. It is designed to control it.

ICCACK gives you a way out.

Not just an idea, not a theory, but a **legally anchored, diplomatically recognized shield**—for your life, your wealth, and your freedom.

Your Path to Sovereignty

The **ICCACK Embassy Sovereign Membership** is the world's first **blockchain-native framework for diplomatic identity, asset protection, and global independence.**

It provides you with an enforceable shield against government overreach—secured under the jurisdiction of the **International Criminal Court Against Child Kidnapping (ICCACK)** and the **World Arbitration Court (WAC)**.

This is your **parallel system of law and finance**—independent, enforceable, and unshakable.
