

The background of the entire page is a complex, abstract pattern of glowing blue and purple light. It consists of numerous interconnected, starburst-like shapes that resemble a network or a crystalline structure. The lights vary in intensity, with some appearing as bright, multi-pointed stars and others as softer, more diffuse glows. The overall effect is one of dynamic energy and technological sophistication.

JST

Coaxial Connectors

AYU2T connector

[Type]

Coaxial connector, Compact type,
Low-profile type
High speed data transmission &
High frequency

[Current rating]

0.3A

[Voltage rating]

30Vms

The AYU2T is a compact, coaxial connector commonly used in antenna modules for high frequency bands up to 20 GHz.
