INTRODUCTION

For more than 20 years, Bosse Interspace has been supplying NHS trusts and healthcare settings with top-notch food ingredients.

Our track record has earned us a reputation as a reliable and trustworthy provider within the healthcare sector.

We recognize that every hospital has its distinct requirements, so we provide a customised service that caters to the needs of each trust.

This is why collaboration with NHS trusts involves providing bespoke technical support, NPD guidance, and flavour formulations.

ABOUT US

All of our products have been developed with the healthcare sector in mind and made from the finest ingredients, ensuring that patients receive the nutrients they need to support their recovery.

Ease of use is important, so our handy whisk-and-serve formula is ideal for ward-level application whilst minimising waste without sacrificing flavour and satisfying texture.
