

Science is the systematic study of finding truth. Nothing more and nothing less. Anything that fits the bill comes under the purview of science and anything that doesn't science doesn't care.

Emerald, $\text{Be}_3\text{Al}_2(\text{SiO}_3)_6$
green = Be, blue = Al, white = O, Si not
visible here
Am. Mineral. 71, 977 (1986)

Methane (CH_4) trapped under ice
