

Expert Cleaning Advice for Schools, Academy Trusts, Colleges & Universities

Helping you achieve best value and
improve standards and performance

ACE
— ADVICE —

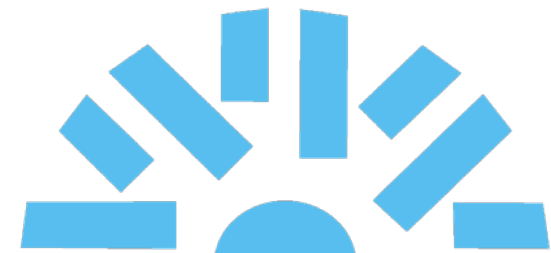

About Us

ACE
— ADVICE — is an independent consultancy operating throughout the UK. We support the State School, Academy and Further Education sectors. Our established team of consultants bring expertise and a 'fresh eyes' review assessing your working practices, evaluating operational costs and identifying areas for improvement.

“We do all the work... you make all the decisions”

Ian Henderson, Managing Partner

Who can we help?

We support State Schools, Multi Academy trusts, Colleges and Universities operating across the UK. Whether you manage your own cleaning provision or outsource to a contractor, ACE Advice is well placed to provide valuable, realistic and achievable advice. From our initial no cost, no obligation meeting, we will agree your project scope and objectives. Our skilled consultants will provide impartial advice, using their expertise to develop with you.

Schools & Academies

ACE Advice work with a growing number of individual state schools and academies and provide a wide range of support, from formally tendering cleaning services through to monitoring financial performance and auditing cleaning standards.

We provide support to schools that either outsource the management of their cleaning services or self-manage their own teams.

Multi Academy Trusts

ACE Advice work with a number of Multi Academy Trusts, some of whom have over fifty Primary and Senior Schools. We provide both Head Office and school-based support, either auditing or reviewing their cleaning providers, or if self-managed supporting the on-site teams from everything from financial performance to skills training and creating key performance indicators.

We are also engaged by these Trusts to manage their competitive tenders.

Universities & Further Education Colleges

Our team of consultants all have previous experience in the University and FE College sectors. We have worked with some of the UKs largest Universities and Colleges as well as having supported many Oxbridge and Russell Group Universities.

Our support is available to both outsourced and self-managed facilities teams across the entire Soft FM service range.

Our Cleaning Consultancy

Providing for all your needs

Our cleaning consultancy support is headed up by Lizzie Fowell, Managing Partner, together with a team of experts in the cleaning & soft FM sectors. We have extensive experience in the development of efficient, value for money and tailored cleaning services in the Primary, Secondary and Further Education Sectors.

Our twelve strong consultancy team as over 300 collective years' experience in the education market - this is simply an unrivalled level of knowledge, expertise and experience!

Outsourced Cleaning Services

We offer an entirely personalised service and from our initial meeting we listen to your needs, objectives and expectations. We will explore your requirements to jointly develop a plan and achieve your desired outcome.

Reviews and Audit

ACE Advice consultants understand contracting. We provide the tools to monitor and measure your cleaning contractor supporting you and your teams with clear and measurable objectives. Working with your contractors we will secure value for money through structured auditing, monitoring and benchmarking.

Cleaning Tender Management

We will provide competitive tendering of cleaning contracts and soft FM services on your behalf to deliver best value through a compliant process utilising our own easy to use online procurement portal. We provide an entirely paperless tendering service

Self Managed Cleaning Services

We offer 'directly employed' cleaning & FM teams training & development programmes, systems, materials and equipment reviews, along with independent auditing to optimise their performance.

Is your team effective and delivering value for money?

We offer programmes supporting safe service delivery. We train your team to deliver proven systems which protect your workforce, staff and students.

Is your team skilled, knowledgeable and safe using chemicals, equipment and machinery?

Investing time and resources into your team will pay dividends. We deliver training to increase the skills and competencies of both your supervisory and operative personnel.

Cleaning Performance

Our specialist team offer support to improve the effectiveness and efficiency of your cleaning and janitorial teams, through workflow analysis, review of machinery and equipment, consumables and materials and the efficient application of resources.

Purchasing Solutions

Our Procurement team oversees more than £2.5m of purchases per annum (e.g. cleaning purchases) on behalf of our customers, obtaining best value through market testing for cleaning equipment and consumables.

Training and Staff Development

Tailored training modules to support the skills and competency and performance of your cleaning team. We can also support with the recruitment of key personnel within your cleaning team.
