TEACHER / PARENT INSTRUCTION

This General Knowledge book is designed to make learning fun, interactive and meaningful for children aged **5 to 10 years**. Your guidance and encouragement will help children gain the best understanding from this book.

1

CREATE A POSITIVE LEARNING ENVIRONMENT

- Encourage children to read in a quiet and comfortable space.
- Appreciate their effort and make learning a happy experience.

2

READ & DISCUSS TOGETHER

- Read each topic with the child.
- Explain new words and concepts in simple language.
- Discuss examples from daily life to help them relate better.

3

ENCOURAGE THINKING & QUESTIONS

- Motivate children to think and share their own answers.
- Welcome their questions and help them explore more.

4

TRY THE ACTIVITIES TOGETHER

- Let children enjoy "Activity Time" sections for practice and fun.
- Offer support when needed, but allow them to try on their own.

5

USE THE "THINK AND ANSWER" SECTION

- Help children read the questions carefully.
- Allow them to write or speak their answers.
- Review the answers together and appreciate their thoughts.

6

REVISE & APPLY IN DAILY LIFE

- Revisit topics regularly to reinforce learning.
- Encourage children to apply what they learn in real situations.

REMEMBER:

Every child learns at their own pace. With your support and encouragement, this book will help them grow, explore, and become confident learners!

ROLE OF TEACHERS & PARENTS

- ♥ Be a guide and friend.
- ♥ Make learning joyful and interesting.
- ♥ Celebrate small progress and curiosity.
- ♥ Help build strong general knowledge and values.

★ Thank you for helping children learn and shine! ★

MY BODY

What is My Body?

Our body is a wonderful machine.
It helps us to do many things every day.

Fun Fact

The human body has over **206** bones!

Main Body Parts

Our body has many parts.
Each part has a special job.

Body Part	What it Does
Head	Helps us think and see.
Eyes	Help us see things.
Ears	Help us hear sounds.
Nose	Helps us smell.
Mouth	Helps us taste and speak.
Hands	Help us hold and work.
Legs	Help us walk and run.

Why is Our Body Important?

- ★ It helps us learn and play.
- ★ It helps us eat, walk and talk.
- ★ We must take care of our body to stay healthy.

How to Take Care of Our Body

- 1 Eat healthy food.

- 2 Exercise and play daily.

- 3 Keep body clean and wash daily.

- 4 Get enough sleep and rest.

Our body has five special senses. These senses help us to understand and enjoy the world around us.

What are Five Senses?

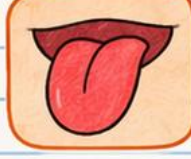

Five senses are the gifts of our body that help us to see, hear, smell, taste and touch.

Fun Fact

We use our five senses every single day!

The Five Senses

- | | | | | | |
|---|--|---|---|--|---|
| 1 | <p>SIGHT (Eyes)
Eyes help us to see things around us.</p> |  | → | <p>Example :</p> <ul style="list-style-type: none"> We see a book, a tree and the sun with our eyes. |  |
| 2 | <p>HEARING (Ears)
Ears help us to hear sounds.</p> |  | → | <p>Example :</p> <ul style="list-style-type: none"> We hear music, a bell, and people talking. |  |
| 3 | <p>SMELL (Nose)
Nose helps us to smell different things.</p> |  | → | <p>Example :</p> <ul style="list-style-type: none"> We smell a flower, food or fresh air. |  |
| 4 | <p>TASTE (Tongue)
Tongue helps us to taste flavors of food and drink.</p> |  | → | <p>Example :</p> <ul style="list-style-type: none"> We taste sweet ice cream, salty snacks and sour lemon. |  |
| 5 | <p>TOUCH (Skin)
Skin helps us to feel things with our hands and body.</p> |  | → | <p>Example :</p> <ul style="list-style-type: none"> We feel a soft pillow, hot tea cup or cold ice. |  |

Why Are Five Senses Important?

- ★ They help us learn about the world.
- ★ They keep us safe and happy.
- ★ They make our life easy and enjoyable.

Let's Remember!

- ♥ Eyes help us see.
- ♥ Ears help us hear.
- ♥ Nose helps us smell.
- ♥ Tongue helps to taste.
- ♥ Skin helps to touch and feel.

What are Days of the Week?

A week has 7 days.

The days of the week help us to plan our work, study and play.

Fun Fact

After Sunday, Monday comes again!

The Seven Days

Day	Short Form	What I Do on This Day
Monday	Mon	I go to school and start my week. 
Tuesday	Tue	I study new lessons and finish my homework. 
Wednesday	Wed	I read books and enjoy other activities. 
Thursday	Thu	I revise my work and participate in class. 
Friday	Fri	I complete tasks and get ready for the weekend. 
Saturday	Sat	I play games, help at home and spend time with family. 
Sunday	Sun	I rest, relax and spend time with my family. 

Remember!

- ★ There are 7 days in a week.
- ★ The week starts with Monday.
- ★ The week ends with Sunday.

Activity Time!

Write the missing day.

1. _____ comes before Wednesday.
2. _____ comes after Friday.
3. The weekend days are _____ and _____.

What are Months?

Months are the names given to each part of a year.
There are 12 months in a year.

Fun Fact

All months together make one beautiful year!

The 12 Months of the Year

Month	Short Form	Order & Special Information
• January	Jan	1st month of the year. It has 31 days. 
• February	Feb	2nd month. It has 28 days, or 29 days in a leap year. 
• March	Mar	3rd month. Spring season begins in many places. 
• April	Apr	4th month. It has 30 days. 
• May	May	5th month. Flowers bloom in this month. 
• June	Jun	6th month. Summer season starts in many places. 
• July	Jul	7th month. It has 31 days. 
• August	Aug	8th month. It has 31 days. 
• September	Sep	9th month. It has 30 days. 
• October	Oct	10th month. Autumn season begins in many places. 
• November	Nov	11th month. It has 30 days. 
• December	Dec	12th and last month of the year. It has 31 days. 

Remember!

- ★ There are 12 months in a year.
- ★ January is the first month.
- ★ December is the last month.

Activity Time!

Fill in the blanks.

1. There are _____ months in a year.
2. The first month is _____.
3. The last month is _____.

What are Good Habits?

Good habits are the useful and healthy things we do every day. They help us stay happy, healthy and successful.

Fun Fact

Good habits make our life better and brighter!

Why are Good Habits Important?

- ★ They keep us healthy.
- ★ They save time and help us learn better.
- ★ They make us good and disciplined people.

Examples of Good Habits

1 Wake Up Early

Waking up early helps us start the day fresh.

2 Brush Your Teeth

Brushing keeps our teeth clean and strong.

3 Take a Bath Daily

Bathing keeps our body clean and fresh.

4 Eat Healthy Food

Healthy food gives us energy and makes us strong.

5 Drink Clean Water

Drinking clean water keeps us healthy.

6 Be Polite & Kind

Using kind words and good manners makes everyone happy.

7 Study Regularly

Studying every day helps us learn and remember better.

8 Keep Things Clean

Keeping our body and surroundings clean keeps us healthy and happy.

How to Make Good Habits

- Wake up and sleep at the right time.
- Follow a daily routine.
- Do good habits every day.
- Keep trying and never give up.

Activity Time!

Tick (✓) the habits that are good.

1. Sleeping late at night.
2. Saying "Please" and "Thank You".
3. Throwing trash on the floor.

OUR FAMILY

What is a Family?

A family is a group of people who love, care for and live with each other. Family members help and support each other.

Fun Fact

Every family is special and unique in its own way!

Who is in a Family?

A family can have different members. Here are the main family members:

- ♥ **Parents** – They take care of us and guide us.
- ♥ **Grandparents** – They are our father's or mother's parents.
- ♥ **Brothers** – A boy child in the family.
- ♥ **Sisters** – A girl child in the family.
- ♥ **Others** – Sometimes uncles, aunts and cousins also live with us.

My Family

Why is Family Important?

- ★ Family gives us love and care.
- ★ Family keeps us safe and happy.
- ★ Family teaches us good values and manners.
- ★ Family celebrates happy times and supports us in difficult times.

Things We Do Together

We eat meals together.

We play and have fun.

We celebrate festivals and birthdays.

We help and care for each other.

Types of Families

1 Small Family

A family with parents and children.

2 Big Family

A family with grandparents, parents, children and other relatives.

Activity Time!

Write the names of your family members.

1. Father : _____
2. Mother : _____
3. Brother/Sister : _____
4. Grandparents : _____

MY SCHOOL

What is a School?

A school is a place where we go to learn, play and grow with our teachers and friends. It helps us gain knowledge and become good and responsible people.

Fun Fact

School is a happy place where every day is an opportunity to learn!

People in My School

Person	What They Do
 Teacher	Teaches us new things, helps us and guides us.
 Principal	Looks after the school and helps teachers and students.
 Helper	Keeps the school clean and helps everyone.
 Students	We come to school to learn, play and be happy together.

Things We Have in Our School

1 Classroom

We learn and study here.

2 Library

We read books and gain knowledge here.

3 Playground

We play games and stay active here.

4 Computer Lab

We learn to use computers here.

5 Art & Craft Room

We draw, paint and make creative things.

6 Canteen

We eat healthy food and snacks here.

Why I Love My School

-  I learn new things every day.
-  I make friends and play with them.
-  My teachers help and encourage me.
-  I enjoy fun activities and events.

School Rules

- ★ Come to school on time every day.
- ★ Wear a clean and proper uniform.
- ★ Listen to teachers and follow instructions.
- ★ Be kind, share and help friends.
- ★ Keep the classroom and school clean.

Remember!

- School is a place to learn and grow.
- Teachers guide us with love and care.
- We should respect our school and everyone in it.

Activity Time!

Fill in the blanks.

1. I learn in my _____.
2. My teacher helps me to _____.
3. I play with my friends in the _____.

What are Famous Places?

Famous places are well-known places around the world.

They are special because of their beauty, history or design.

Fun Fact

People from all over the world visit famous places to learn, enjoy and take beautiful photos!

Examples of Famous Places Around the World

1

Eiffel Tower

Paris, France

A tall iron tower. It is one of the most famous landmarks in the world.

2

Great Wall of China

China

A very long wall built long ago to protect the country. It can be seen from the mountains.

3

Statue of Liberty

New York, USA

A gift from France to the USA. It is a symbol of freedom and hope.

4

Taj Mahal

Agra, India

A beautiful white marble building built as a symbol of love.

5

Colosseum

Rome, Italy

A large, round building where games and shows were held long ago.

6

Sydney Opera House

Sydney, Australia

A famous building with a unique shape. It is a place for music and performances.

Why are Famous Places Important?

- ★ They tell us about the history and culture of a place.
- ★ They attract visitors from around the world.
- ★ They make us proud of human creativity and hard work.

Remember!

- ★ Famous places are treasures of the world.
- ★ We should respect and protect them.

Activity Time!

Match the famous place with the country.

- | | | | |
|------------------------|---|---|--------|
| 1. Eiffel Tower | ● | ● | USA |
| 2. Great Wall of China | ● | ● | France |
| 3. Statue of Liberty | ● | ● | China |

Think and Answer!

1. Which famous place would you like to visit? _____
2. Why? _____

TOOLS

What are Tools?

Tools are objects that help us do work easily and quickly.
They make tasks simple, safe and faster.

Fun Fact

Tools have been used by people for thousands of years to build, create and solve problems!

Why Do We Use Tools?

- ★ Tools save time and energy.
- ★ Tools help us work better and more accurately.
- ★ Tools help us do difficult or big jobs easily.

Examples of Jobs That Use Tools

- Carpenter uses tools to build furniture.
- Doctor uses tools to examine patients.
- Gardener uses tools to grow plants.

Common Tools and Their Uses

1 Scissors

Used for cutting paper, cloth and other materials.

2 Hammer

Used for hitting nails or breaking things.

3 Screwdriver

Used for tightening or loosening screws.

4 Ruler

Used for measuring and drawing straight lines.

5 Paintbrush

Used for painting and spreading colour.

6 Spanner/Wrench

Used for tightening or loosening nuts and bolts.

How to Use Tools Safely

- Use the right tool for the right job.
- Handle tools carefully and with clean hands.
- Ask an adult for help when using sharp or heavy tools.

Remember!

- ★ Tools make work easier.
- ★ We should use tools carefully and responsibly.
- ★ Taking care of tools helps them last longer.

Activity Time!

Match the tool with its use.

- | | | |
|-------------|---|-------------------------|
| 1. Hammer | ● | ● Measures length |
| 2. Scissors | ● | ● Cuts paper or cloth |
| 3. Ruler | ● | ● Hits nails or objects |

Think and Answer!

1. Which tool would you use to paint a wall? _____
2. Why is it important to use the right tool for a job?

FESTIVALS

AROUND THE WORLD

What are Festivals?

Festivals are special days when people celebrate with joy, traditions, food, music and togetherness.

Fun Fact

Different countries have different festivals, but all festivals bring happiness and people closer together!

Why Do We Celebrate Festivals?

- ★ To thank for good things and happy moments.
- ★ To remember important stories and beliefs.
- ★ To enjoy with family and friends.

Famous Festivals Around the World

1 Diwali - India

When: October/November
What: Festival of Lights. People light diyas, burst crackers and share sweets.

2 Christmas - All over the World

When: 25 December
What: Celebrates the birth of Jesus. People decorate trees, sing carols and exchange gifts.

3 Chinese New Year - China

When: January/February
What: Marks the start of the new year on the lunar calendar. People enjoy dragon dances and family feasts.

4 Eid al-Fitr - Muslim Countries

When: After Ramadan
What: Festival that celebrates the end of Ramadan. People pray, wear new clothes and share food with others.

5 Carnival - Brazil

When: Before Lent
What: A colourful festival with music, dancing and parades. People wear bright costumes and enjoy street celebrations.

6 Thanksgiving - USA & Canada

When: Fourth Thursday of November (USA)
 Second Monday of October (Canada)
What: A day to say thank you for a good harvest and blessings.

What We Learn from Festivals

- ✓ Festivals teach us about different cultures and traditions.
- ✓ They spread happiness, love and togetherness.
- ✓ They remind us to be kind, thankful and respectful.

Remember!

- ★ Festivals may be different, but the feeling of joy is the same.
- ★ We should respect all festivals and celebrate with love.
- ★ Sharing and caring make every festival more special.

Activity Time!

Match the festival with its country.

- | | | | |
|---------------------|---|---|--------------------|
| 1. Diwali | ● | ● | China |
| 2. Christmas | ● | ● | All over the World |
| 3. Chinese New Year | ● | ● | India |

Think and Answer!

1. Which festival would you like to celebrate? _____
2. Name one thing people do during Diwali. _____
3. Why is it important to respect all festivals? _____

SEASONS

What are Seasons?

Seasons are the four different periods of the year with different kinds of weather. They happen again and again in the same order every year.

Fun Fact

The seasons change because the Earth moves around the Sun! Each season brings something special.

Why Do Seasons Change?

Seasons change because of the Earth's movement:

- The Earth moves around the Sun in a big path called its orbit.
- The Earth is tilted to one side. This tilt makes some places get more sunlight in some months and less in others.

The Four Seasons

1 Spring
 When: March – May
 Weather: Mild and pleasant.
 Plants start to grow.

2 Summer
 When: June – August
 Weather: Hot and sunny.
 Days are long.

3 Autumn (Fall)
 When: September – November
 Weather: Cool and windy.
 Leaves change colour and fall.

4 Winter
 When: December – February
 Weather: Cold and often snowy.
 Days are short and nights are long.

What Happens in Each Season?

Season	What We See
Spring	Flowers bloom, trees have new leaves, baby animals are born.
Summer	It is hot, we wear light clothes, we enjoy holidays and ice creams.
Autumn	Leaves turn yellow, orange and red, the weather becomes cooler.
Winter	It is cold, some places have snow, we wear warm clothes.

Remember!

- ★ There are four seasons in a year.
- ★ Seasons come one after another in order: Spring → Summer → Autumn → Winter.
- ★ Each season has its own special weather and beauty.

Activity Time!

Fill in the blanks:

1. The season after Summer is _____.
2. In Winter, the weather is usually _____.
3. Flowers bloom in the _____ season.

Think and Answer!

1. Why do seasons change? _____
2. Which season is your favourite and why? _____

DRY FRUITS

What are Dry Fruits?

Dry fruits are fruits that have very little water in them.
They are healthy, tasty and give us energy.

Fun Fact

Dry fruits are full of nutrients and can be stored for a long time without spoiling!

Why are Dry Fruits Good for Us?

- ★ They give us energy and make us strong.
- ★ They are rich in vitamins, minerals and fibre.
- ★ They help in good growth and keep us healthy.

How to Eat Dry Fruits?

- Eat a few dry fruits every day.
- Soak them in water for some time to make them soft.
- Add them to milk, desserts or meals.

Common Dry Fruits and Their Benefits

1 Almonds

- Shape: Long and brown.
- Rich in Vitamin E.
- Good for brain and memory.

2 Cashews

- Shape: Curved and creamy.
- Gives energy.
- Helps in growth and strong bones.

3 Raisins

- Shape: Small and wrinkled.
- Good for digestion.
- Gives quick energy.

4 Walnuts

- Shape: Brain-like and brown.
- Very good for brain.
- Keeps the heart healthy.

5 Pistachios

- Shape: Small with green nut inside.
- Rich in protein.
- Good for eyes and skin.

6 Dates

- Shape: Soft, sweet and brown.
- Gives strength and energy.
- Good for bones and digestion.

Things to Remember

- Eat dry fruits in small amounts every day.
- Choose fresh and clean dry fruits.
- Dry fruits are healthy but should not be over-eaten.

Remember!

- ★ Dry fruits are healthy, tasty and full of energy.
- ★ They help us grow, think better and stay strong.
- ★ A small handful of dry fruits each day keeps us fit!

Activity Time!

Match the dry fruit with its benefit.

- | | | | |
|------------|---|---|--------------------------|
| 1. Almonds | ● | ● | Good for digestion |
| 2. Raisins | ● | ● | Good for brain |
| 3. Walnuts | ● | ● | Good for skin and memory |

Think and Answer!

1. Why are dry fruits good for our health? _____
2. Name any two dry fruits that give us energy. _____
3. How can we eat dry fruits? _____

DOMESTIC ANIMALS

What are Domestic Animals?

Domestic animals are animals that live with humans at home or on a farm. They are tamed and cared for by people.

Fun Fact

Domestic animals depend on us for food, shelter and care, and in return they help us in many ways!

Why Do We Keep Domestic Animals?

- ★ They give us food like milk, eggs, meat and honey.
- ★ They help us in work like pulling carts and guarding the house.
- ★ They are our friends and give us love and companionship.

Where Do They Live?

- Many domestic animals live on a farm or in our homes.
- We provide them with food, water and a safe shelter to live in.

Common Domestic Animals and Their Uses

1 Cow

- Gives us milk.
- Calf is its baby.
- Lives in a shed or cow house.

2 Buffalo

- Gives us milk.
- Has strong body and big horns.
- Lives in a shed near water.

3 Goat

- Gives us milk.
- Very playful and climbs on rocks.
- Kid is its baby.

4 Sheep

- Gives us wool.
- Body is covered with thick hair.
- Lamb is its baby.

5 Hen

- Lays eggs for us to eat.
- Lives in a coop.
- Chick is its baby.

6 Dog

- Guards our house.
- Very loyal and friendly.
- Loves to play with us.

How Should We Care for Domestic Animals?

- Give them clean food and fresh water every day.
- Keep their home clean and provide a safe shelter.
- Show them love and care. Do not hurt them.

Remember!

- ★ Domestic animals are our helpful and loving friends.
- ★ We must treat them with kindness and responsibility.
- ★ They make our lives easier and happier.

Activity Time!

Match the animal with what it gives us.

- | | | |
|----------|---|--------|
| 1. Cow | • | • Eggs |
| 2. Hen | • | • Milk |
| 3. Sheep | • | • Wool |

Think and Answer!

1. Name two domestic animals that give us milk. _____
2. Why is the dog called a 'guard animal'? _____
3. How should we care for domestic animals? _____

What Are Wild Animals?

Wild animals live in forests, grasslands, deserts, mountains or in water.
They are not tamed and live freely in nature.

Fun Fact

Wild animals have special body parts that help them survive in their habitat!

Where Do Wild Animals Live?

- Forests - Many animals like deer, monkeys and tigers live in forests.
- Grasslands - Lions, zebras and elephants live in grasslands.
- Deserts - Camels and snakes live in hot deserts.
- Polar Regions - Polar bears live in very cold icy places.

Why Are Wild Animals Important?

- ★ They are a part of nature and keep balance.
- ★ They help in seed dispersal and pollination.
- ★ They teach us about strength; speed and survival.

Some Wild Animals and Their Features

1 Lion

- Lives in grasslands and forests.
- Known as the "King of the Jungle".
- Strong and hunts in a group called a pride.

2 Elephant

- Largest land animal.
- Has a long trunk and big ears.
- Very kind and lives in herds.

3 Giraffe

- Very tall with a long neck.
- Eats leaves from tall trees.
- Lives in African grasslands.

4 Tiger

- Lives in forests.
- Has stripes on its body.
- Strong and hunts alone.

5 Zebra

- Lives in grasslands.
- Has black and white stripes on its body.
- Runs very fast.

6 Monkey

- Lives on trees in forests.
- Very playful and smart.
- Eats fruits, leaves and nuts.

Things to Remember

- Wild animals live in their natural homes.
- We should respect and protect wild animals.
- Never disturb or hurt wild animals.

Remember!

- ★ Wild animals are free and should not be kept as pets.
- ★ Every animal has a special role in nature.
- ★ We should help protect forests and habitats of animals.

Activity Time!

Match the animal with its habitat.

- | | | |
|---------------|---|----------------|
| 1. Lion | ● | ● Grassland |
| 2. Camel | ● | ● Desert |
| 3. Polar Bear | ● | ● Polar Region |

Think and Answer!

1. Where do wild animals live? _____
2. Why are wild animals important for nature? _____
3. Name one wild animal that lives in a forest. _____

What are Birds?

Birds are animals that have feathers, wings and a beak. They can fly, walk or swim. They lay eggs and most birds can fly.

Fun Fact

Ostrich is the biggest bird but cannot fly, while hummingbird is the smallest bird and it can fly very fast!

Why Are Birds Important?

- ★ Birds make our environment beautiful with their songs and colours.
- ★ They help in pollination (flowers) and eating harmful insects.
- ★ They maintain balance in nature and are a part of our ecosystem.

Parts of a Bird

Common Birds and Their Features

1 Sparrow

- Small and common bird.
- Brown in colour.
- Eats grains and insects.

2 Parrot

- Bright green with a curved beak.
- Can mimic human voice.
- Eats fruits, seeds and nuts.

3 Pigeon

- Common city bird.
- Grey with soft feathers.
- Eats grains and seeds.

4 Peacock

- National bird of India.
- Beautiful with colourful feathers.
- Male has long tail feathers.

5 Crow

- Black and very smart.
- Can remember things and solve simple problems.
- Eats almost everything.

6 Duck

- Lives on water.
- Has webbed feet for swimming.
- Eats plants, insects and small fish.

Kinds of Birds

Kind of Bird	What They Do	Example
1. Flying Birds 	Fly in the sky with their wings.	Eagle, Pigeon
2. Flightless Birds 	Cannot fly but run fast.	Ostrich, Penguin
3. Water Birds 	Live in or near water and swim well.	Duck, Swan

Remember!

- ★ All birds have feathers and a beak.
- ★ Most birds can fly, but some like ostrich and penguin cannot fly.
- ★ Birds should be treated with love and care. Do not harm their nests.

Activity Time!

Tick (✓) the correct answers.

1. Which bird is known for its beautiful colourful feathers? Parrot Peacock
2. Which bird lives on water and has webbed feet? Crow Duck
3. True or False: All birds can fly. True False

Think and Answer!

1. Why are birds important to the environment? _____
2. Name any two birds that cannot fly. _____
3. Which is your favourite bird and why? _____

THANK YOU!

We hope you enjoyed learning with this

General Knowledge

book and discovered many new things!

Keep exploring, keep asking questions,
and never stop learning.

Your curiosity and effort will help you
grow and shine every day!
