## 2025/26 Fees and Charges

User fees and charges help fund the operation and maintenance of a variety of services provided to the community. User fee revenue reduces the rates revenue required to be collected from ratepayers.

Actual and reasonable costs as referred to in this document will vary but will represent staff cost plus an allowance for overheads.

## Waste definitions

Household / Domestic Waste	Household domestic waste refers to the waste generated by individuals or families in their homes, including items like food packaging materials, old appliances, old furniture. It can also include contaminated recyclables, food scraps and household chemicals.
Commercial / Industrial / Business Waste	Business or industrial waste is defined as any waste generated as a result of commercial, industrial, or institutional activities. This waste can include but not limited to a wide range of materials, such as paper, cardboard, plastics, metals, chemicals, electronic equipment, and organic (green) waste. Business or industrial waste is typically produced in larger quantities compared to residential waste and may pose environmental and health risks if not properly managed and disposed of.
Green waste	Vegetation and garden waste with tree limbs up to a maximum of 100mm in diameter.
