GOOD THINGS  
HAPPEN

**SHELFVIEW**

## BIWITECH SHELFVIEW

### Transform your sales space

Do you want to showcase your products at the point of sale in an innovative and attractive way? Biwitech's ShelfView displays are the ideal solution to improve the customer experience and increase your sales.

Designed to blend seamlessly into any retail environment, our displays offer superior visibility and advanced connectivity that will allow you to communicate with your customers effectively.

### Benefits of having ShelfView:

- **Increased Sales and Conversion:** Digital screens attract more attention than traditional labels, displaying real-time offers and complementary products to encourage purchases.
- **Cost and Efficiency Optimization:** Eliminates printing costs, reduces labor, and prevents pricing errors with remote updates.
- **Enhanced Customer Experience:** Displays prices, discounts, and QR codes, making online purchases and personalized promotions easier, while improving transparency

### Ideal para:

Supermarkets and Convenience Stores  
Promotions

Pharmacies and Health Stores Offer detailed  
information on medications

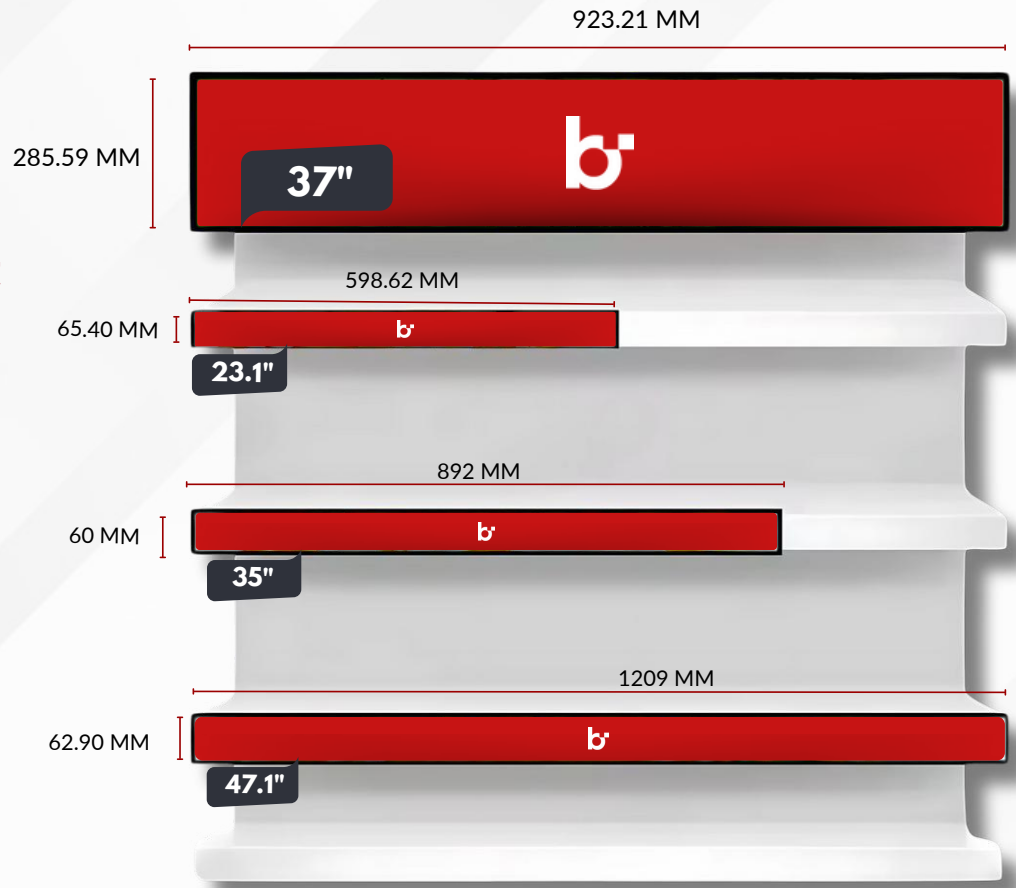

Electronics and Specialty Retail Stores Highlights  
key product features, comparisons

Fashion and Accessories Stores Feature dynamic  
discounts, size availability, and product combinations  
to drive cross-selling.

## Smart Display, Efficient Sales

Biwitech ShelfView is a digital display solution designed to modernize and optimize retail spaces. Its most relevant features are highlighted below:

### Available Screen Sizes:

23.1", 35", 37" and 47.1" – Various options to suit different shelving types and display needs.

### Resolution:

Full HD Support – Clear and crisp images that enhance product presentation.

### Connectivity:

LAN and WiFi – Enables real-time content updates and efficient remote management.

### Protection:

IP54 rating – Dust and splash resistance, ensuring durability in a variety of commercial environments

### Storage:

8GB to 16GB ROM – Enough space to store multimedia content and necessary applications.

### Operating System:

Android 8.0 to 10 – Flexible and familiar platform that makes app integration and updates easy.
