## ENGRAVING MADE SIMPLE

**AM120**  
**£8900**  
 + VAT Each.

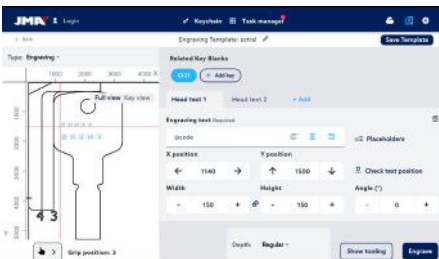

The next generation of Multicode NXT keycutting machines lets you cut and engrave cylinder keys, security keys and vehicle keys on a single machine.

Thanks to the engraving clamp set, you can engrave all sorts of keys, medallions and plates.

## Using @ codes to speed up productivity

The Multicode NXT has the option to create placeholder templates, @codes for both name and key number.

### Multicode NXT Screen Shots

Creating the template and aligning the code or lettering ready for engraving.

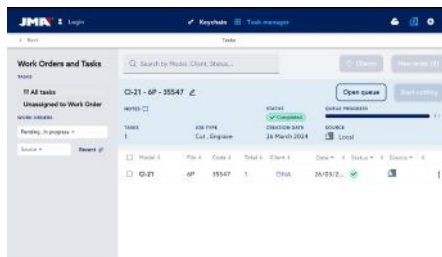

Setting up ready to cut by code.

Cutting the key.

Confirmation screen of tool/change of clamp.

Task manager for further duplicate keys.

**FREE DEMO**

# MEET THE TEAM

## ACCOUNTS & PURCHASING

**Tina Lutterodt**

**JOB TITLE:** Purchasing & Accounts Executive  
**YEARS AT JMA:** 1½ Years

I have been at JMA for almost 18 months now, alongside my Purchasing role I also get involved with Accounting duties, where I take customer payments on account.

Believe it or not, I have 24 years Purchasing, Buying & Stock Control experience under my belt.

In my spare time, I am a fully qualified Level 2 Fitness Instructor and Level 3 Personal Trainer. I absolutely love the gym...its my happy place.

I run 3 times a week and love a ParkRun. My heaviest deadlift is 110kg - the heavier the better.

Health is wealth and I wanna be RICH!

**Jevon (Jev) Opong-Onyina**

**JOB TITLE:** Accounts Administrator  
**YEARS AT JMA:** 4 Years

 I'm Jev, (the one who has most likely called you at an inconvenient time asking for money) I've been at JMA for 4 years but had an interesting start because after 6 weeks starting the job, COVID/Lockdown happened. Fortunately, I've come out the other side relatively okay and I can say overall I'm enjoying my time here.

Outside work, I try to do as much fitness as possible (gym, home, walks, run), big fan of sports including Football and Basketball (a Londoner who is a Liverpool fan, makes perfect sense) and enjoy watching TV and movies. In line with work, I'm also working through My AAT Qualification in Accounting.

I've been known to give out riddles to guys in the office, so I leave you with this one:

'What has many keys but can't open a lock?'

**Sara Hill**

**JOB TITLE:** Management Accountant  
**YEARS AT JMA:** 4 Years 9 Months

My name is Sara and have been a part of JMA for almost 5 years now looking after everything financial.

I have a love for the outdoors, spending time walking, exploring and making memories with my 5 month old daughter Willow, my husband Rob and our cockpoo called Reddington. 

## MARKETING

**CHRIS FENNESSY**

**JOB TITLE:** UK Product Marketing Manager  
**YEARS AT JMA:** 18½+ Years

Hi, I'm Chris, I have been at SKS/JMA UK for over eighteen and a half years.

As the UK Product Marketing Manager I oversee all product-related decisions, which include sourcing, updating and training on anything pertaining to product.

Alongside this, I also manage the Marketing Team and have input into all our marketing material. My other duties include managing and maintaining our website and company IT support.

Outside of work I am a massive TV and Film fan and could talk for hours about films and actors. Just don't ask me what my top 10 films are, last time I thought about it I couldn't narrow it down to my top 50!

Apart from TV and films, I love football. I am an Arsenal fan, a true Gooner, born in Islington. Maybe, this year will finally be our year!

Lastly, I spend some of my free time designing using Adobe Illustrator, especially personalised logo's or designs. I've designed many logo's over the years and I get a big thrill when I see the final design being used.

**LUKE SMITH**

**JOB TITLE:** Marketing Executive  
**YEARS AT JMA:** 5+

My time at JMA has been in two parts. I originally worked for 4 years at SKS/JMA as Web Content and Graphics administrator.

After a break away, I returned to JMA as Marketing Executive.

My role involves creating catalogues, product photography, artwork for print ads, exhibitions, the monthly memo, social media, web banners and emails etc.

Outside work I like to make music (Synth Pop) as well as design and build electronic music projects, guitar effect pedals and drum machines.
