OUR SCHOOL

VERBIER INTERNATIONAL SCHOOL

An education with altitude: 1500 meters, and a community reaching even higher.

At VIS, we focus on care, academic personalisation, and the skills that truly matter, making every student's journey unique. Together, we are more than a school – we are a community built on a strong sense of belonging.

WHO ARE WE?

Founded in 2011, the school has grown steadily while preserving its close-knit community spirit and strong emphasis on outdoor education.

VIS is also proud to be a member of Dukes Education, a leading family of schools and educational institutions in the UK and beyond. This partnership strengthens our global outlook while ensuring our students benefit from exceptional opportunities and connections worldwide.

At VIS, the mountain itself becomes one of our greatest teachers. Here, students gain lessons no classroom alone can provide – resilience, curiosity, and personal growth. Learning takes place not only within the walls of a classroom, but also in the mountains, the fresh alpine air, and the space our students are given to explore, make mistakes, reflect, and thrive.

VERBIER

VERBIER

Nestled on a sunny plateau in the Swiss Alps, Verbier has carefully maintained its charm as an alpine village. It is a gateway to the 4 Vallées ski area – with nearly 100 lifts and more than 400 km of ski runs for all levels of expertise. Mont Fort, the highest point of the ski area at 3'330 m, offers a panorama over the Matterhorn, the Grand Combin and the Mont Blanc massif.

Made up of quaint Alpine villages, the Val de Bagnes stretches for more than 25 kilometres, from Le Châble to the impressive Mauvoisin Dam. From pastures to glaciers – the region is home to one of Switzerland's greatest natural reserves.

The language of the region is French, but many residents speak English. German is also widely spoken. The views of the surrounding mountains, forests and valleys are spectacular, and most properties in Verbier are built in a traditional style, incorporating locally-sourced wood and stone.

VERBIER VILLAGE

Verbier's old village is steeped in culture, with winding lanes, traditional wooden houses, called *Mazots*, a historic communal oven, and even a neighbouring fromagerie and dry-stone chapel. Supermarkets are just a 10-minute walk away, and Verbier's vibrant centre is only 15 minutes on foot.

ACCOMMODATION

HOTEL SKI

Our Hôtel Ski boarding house is located in the heart of Verbier's charming old village. The building is privately owned by Verbier International School and is exclusively reserved for our boarding students and camp participants. It was purposely built in the 3-peaks style, which is mirrored in our newly built school campus. Hôtel Ski combines a cosy alpine atmosphere with modern comforts.

BOTH HOUSES offer:

- Comfortable en-suite rooms with modern bathrooms
- 2-3 single beds per room
- Ample storage space for students' belongings
- A dedicated area on the lower floor for ski equipment and outdoor shoes
- A welcoming communal area, complete with a pool table and lounge for movie nights
- A dining room and kitchen where breakfast and evening meals are served in-house

CHALET FLORE

Nestled in the centre of Verbier, just 210 metres from the main ski lift, Chalet Flore offers the perfect blend of comfort, convenience, and Alpine charm. Once a renowned 4-star ski hotel, this beautifully modern Swiss chalet-style accommodation has been thoughtfully transformed into a boarding house exclusively for VIS students and campers.

Ideally located for mountain sports enthusiasts, Chalet Flore provides effortless access to Verbier's world-class slopes, scenic hiking trails, and the vibrant array of restaurants and boutiques that make this resort town so special.

Each room features a private balcony with breathtaking mountain views and a modern ensuite bathroom, ensuring a comfortable stay surrounded by the stunning Swiss Alps.

SKI & SNOWBOARD LESSONS

Experience the ultimate mountain adventure with 6 hours of expert instruction each day, led by our fun, friendly, and highly qualified team. Our ski instructors are proud members of the official Verbier Swiss Ski School, while our snowboard pros come from *Independent*, Verbier's only snowboard-specific school — true specialists who live and breathe the sport.

Mornings are all about mastering new skills and perfecting your technique; afternoons are for putting it all into action as you explore the legendary 4 Vallées. From sweeping groomers to hidden powder runs, every day brings new challenges, confidence, and unforgettable fun on the mountain.

SKIING & SNOWBOARDING IN SPRING

Enjoy the beauty of skiing and snowboarding in Verbier with our fantastic instructors to make the most of the last holidays in the ski season.

Spring skiing in the Alps is a fun and playful time to be on the mountain with excellently groomed pistes in the morning and spring snow conditions in the afternoon. It is the perfect time to visit to enjoy sun and warm temperatures while still experiencing the winter wonderland in the mountains.

AN ADVENTURE
FOR **ALL**
SEASONS

LEADERSHIP WORKSHOPS IN SPRING

Our Spring Programme brings together the magic of our winter adventures with an exciting new focus on leadership and entrepreneurship – all alongside full days on the slopes.

In addition to skiing, students take part in 10 hours of outdoor leadership workshops and evening entrepreneurship sessions that add a whole new dimension to their alpine experience.

Afternoon leadership workshops begin after skiing. Our students dive into hands-on leadership challenges designed to build confidence, teamwork, and communication.

These sessions blend outdoor adventure, problem solving, and sports coaching, helping participants develop the skills to lead both on and off the mountain.

We then connect these lessons to real-world leadership in business, exploring case studies and success stories from leading Swiss companies and entrepreneurs who have shaped the country's dynamic business landscape.

INTERNATIONAL ENVIRONMENT

Back at camp, themed international dinner evenings bring this cultural exchange to life, with food, games, and activities from countries around the world. These moments create space for students to connect, share stories, and celebrate one another's cultures, building friendships that stretch far beyond the Alps.

AN ADVENTURE
FOR ALL
SEASONS

CULTURAL EXPERIENCES

Learn what makes Switzerland truly unique — from its world-renowned innovation and business excellence to the timeless charm of its mountain traditions and alpine heritage. Students experience Swiss culture through its local cuisine, history, and creative industries, discovering how this remarkable country blends modern progress with deep-rooted authenticity.

From our base in Verbier, students also have the opportunity to explore beyond the borders and gain a deeper understanding of European culture and geography. Highlights may include visiting the castles of Italy's Aosta Valley, wakeboarding on the sparkling waters of Lake Annecy in France, or discovering the breathtaking mountain town of Chamonix, nestled beneath Mont Blanc.

Each adventure offers a fresh perspective — connecting students with the culture, creativity, and diversity that make this region of Europe so inspiring.

LEADERSHIP WORKSHOPS SUMMER CAMP

Our Summer Programme takes leadership development to the next level with an intensive and inspiring two-week course designed to challenge, motivate, and empower students.

With 15 hours of dedicated leadership content each week, participants take part in a dynamic mix of activities — from survival skills and orienteering to personal development training, public speaking, and debating workshops. Students also explore the world of business and innovation through interactive sessions inspired by Switzerland's global reputation for excellence.

The full 2-week course includes a guided tour of the United Nations and industry experience in Verbier, where students gain behind-the-scenes insight into the region's world-class hospitality and tourism sectors.

Throughout the programme, students focus on their confidence, teamwork, and leadership skills — and discover how to turn ideas into action in both outdoor and professional settings.
