WELCOME

Welcome to Mustard's AW24 catalogue, where we're dialling up the nostalgia and dialling down the subtlety. **Imagine a collection so retro it'll make your nan look like Madonna** (minus the plastic surgery). We're talking Polaroid collabs for timeless pieces, booming bits to make enough noise and liven up desk decor, and sticky notes that leave a mark far beyond the mundane.

NEW!

In a post-pandemic world, where we've all learned to find joy in the little things, we're doubling down on nostalgia. It's not just a trend; **it's our rebellion against the ordinary**, a homage to the 80s and 90s—times of neon, mixtapes, and less Zoom, more room to live. This catalogue is a nod to those vibrant, simpler times, mixed with a dash of Mustard madness.

TO

As we rebrand with neon lights and retro vibes, let's remember: we've weathered the storm together, and now it's time to laugh, live, and maybe make a few questionable choices. Here's to making this season a brilliantly bold trip down memory lane, embracing life with all the sass we've missed. **Ready for a season of fun, flair, and a little bit of cheek?** Let's dive back into the joy of living, Mustard style. Give the people what they want! Sunglasses on, folks—it's going to be a bright one.

NOTES

Jack had been through dangerous situations but nothing could have prepared him for what he met with a chilling sight. Right in front of him was a ghostly figure, standing in the shadows. Its eyes seemed to pierce through him, sending a chill through his spine. Despite all of his experience, Jack could not help but feel scared and what will happen next. He knew this was the most terrifying chapters of his life, and he braced himself for whatever the ghost had in store for him. In the ghost story, Jack is faced with a terrifying ghost - the ghost of a former thug coming through death, he is filled with an unexplainable terror. He knows that by facing his fear and he must find a way to use this advantage. Will Jack prevail or haunt him forever? We can't say for sure, but this chapter of Spark Creativity reminds us, Jack is used to death, he will be expecting anything. We can't see his eyes; an ethereal glow emanates from his pale face and he is drawn into him. He
