Pre-Assembled Bucket Seats

If you're thinking about having your original bucket seats reupholstered, consider these pre-assembled bucket seats from PUI instead! Seat backs, side covers and seat tracks are included. Just open the box and bolt them in. It's that simple. This saves hours of time and money over buying seat covers, foam and paying an interior shop a premium price to upholster your seats. Available in all factory PUI colors.

1970-72 Door Panels

Platinum Edition

PUI Platinum Edition Door Panels

These Platinum Edition door panels from PUI feature crisper, more beveled pleats just like the original. They have the original contours and dimensions because every dimension and measurement is taken from GM originals. These pre-assembled panels also include improved moldings with correctly turned edges for a cleaner, more original look.

1970-72 Super Sport Gauge Kits

This Chevelle Super Sport dash gauge upgrade kits comes with new gauges, tachometer, oil pressure, fuel and amp gauges. These gauges are as close to OE original as you can get. They feature the correct fonts and colors. The tach has the correct three screws and not two rivets like other incorrect reproduction. The tach also does not have a needle stop just like the original GM gauge. The fuel, oil and amp gauge come complete with their metal mounting plates. This kit is for cars with floor shift and no dash mounted gear indicator. 1970 gauges have green letters, 1971-72 have white letters.

This kit does not come with a clock or speedometer.

Dakota Digital RTX Gauge Kits

The RTX series is the latest from Dakota Digital, focused on retaining that stock look without sacrificing the late-model features you love. Every effort has been put forth to incorporate OEM design elements regarding the layout, face styling and indicators. A casual glance may dismiss these as original equipment, but once you hit the switch and the LED back lighting comes on in your favorite color scheme, all doubts will be removed.

HDX-68C-CVL-K

HDX-70C-CVL-S

Dakota Digital HDX Gauge Kits

Ushering in a new era of muscle machines, Chevelles have long been turned into hot rods. Keep the tradition alive and bring yours up to spec with this direct-fit instrument system! It attaches directly to a stock or reproduction bezel (available separately) and supplies you with six analog gauge sweeps and a pair of high visibility TFT message centers. Available with your choice of black or silver alloy gauge-face styling, each HDX system allows the user to select independent illumination colors for the gauge readings and needles, as well as the message centers.

VHX-64C-CVL-S-R

VHX-66C-CVL-C-B

Dakota Digital VHX Instruments

Fully lit needles, backlit faces and highly visible LCD message centers are a few of the things that you can see which set the VHX Series apart from yesterday's traditional approach to instrumentation. A few of the features which you don't normally see are the micro-controlled precision stepper motors, solid state sensors for unparalleled accuracy and user-customizable display feedback, all supported by an unrivaled limited lifetime warranty which has become the standard for Dakota Digital instrumentation systems. Completely engineered and manufactured in the USA, the VHX Series has completely revolutionized the instrumentation industry!

QuietRide AcoustiShield

The QuietRide AcoustiShield kit is a multi-stage automotive and sound dampening system to give your muscle car the quiet riding comfort found in today's new cars. AcoustiSHIELD kits are designed on current state of the art auto acoustic technology to insulate and control the noise, vibration and heat in the passenger cabin. Kits are pre-cut and come with easy to follow installation instructions: Everything you need to do the job right! The first stage consists of pre-trimmed, self-adhesive sound damper pads which are bonded to strategically located trouble spots to control body panel vibration and noise. These spots are mapped and labeled in the detailed instructions.

Complete Kits include Body, Cowl, Floor, Roof (except convertible) and Trunk Floor Kits.

Flatline Carpet & Sound Deadener Kits

Are you looking to replace your worn original Chevelle carpet with something that meets your high standards for quality and originality? Look no further than our Chevelle carpet and Flatline sound deadener kit! This is not a cheap reproduction carpet that will fade out in a year or two! These carpets feature a true 80/20 rayon and nylon looped blend and it is molded for a perfect fit. Flatline Barriers is the new leader in automotive thermal acoustic insulation products. Utilizing cutting edge technology and materials, Flatline is able to offer a solution that significantly reduces unwanted sound and heat. Did we mention that the product is ultra-lightweight as well? Extremely lighter than other insulation products, packing the same punch in sound and heat control properties. Flatline Barriers designs are created by in house automotive enthusiasts and DIYers, making our kits easy to install, logical in layout and highly effective. All of this provided to you at an extreme value. Remember the name is Flatline, it's that quiet.

Looking to replace your Chevelle or El Camino carpet with something that meets your quality and originality standards? Look no further than our ACC brand OEM carpet sets. We are proud to offer these carpets in several styles, from factory original 80/20 rayon and nylon looped blend (cut pile for 1974-77 models) to our new ESSEX Style for those who are looking for a "modern" auto style carpet seen in high end Mercedes or Porsche cars, to our "Mass Backing" carpet sets which offer factory installed sound deadening material built-in for an overall quieter, cooler and more comfortable interior.

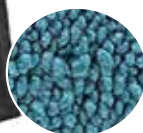

ALL of our ACC brand carpets are factory molded with correct heel pad & dimmer switch grommet for a model specific fit.

American-Retro Steering Wheels

This 15-inch American-Retro steering wheel replaces the original 17-inch stock wheel from your ride. This sporty replacement gives your car an original look, yet provides drivers the comfort and handling of a 2-inch smaller diameter modern size wheel, a benefit especially for cars converted to modern power steering. The American-Retro wheels comes complete with a chrome horn ring and a center cap. Installation is easy - just bolt it on! Paint to match.

USA-74CH67

USA-74CH68

USA 740AM/FM 300 Watts

The USA-740 offers the same classic look that Custom AutoSound has always been known for with today's latest features. Now, with built-in Bluetooth (microphone included), answer calls and get Bluetooth streaming music from your Bluetooth capable phone or Bluetooth compatible device. A solid 300-watt peak power should be all the juice you need, yet the USA-740 has Hi 4 volt, 4 channel RCA pre-outs and a subwoofer RCA pre-out for additional amplifiers. The USB input allows you to plug in a USB flash drive for playback of MP3/WMA/FLAC/WAV song files. A front 3.5mm mini jack auxiliary audio input and a rear RCA auxiliary audio input provide versatility for options like satellite radio, iPod or any portable player you wish to use. Match the dominant color of your instrument cluster with user selectable multiple LCD color choices with LCD dimmer control. The AM/FM RDS tuner shows station, song and artist on the LCD display. For those of us committed to music collections on compact disc, the USA-740 fully controls the optional Custom AutoSound CD player. Classic style with today's sound and performance taking every road and curve with you in your Chevelle.

USA-63CH64

USA-63CH68

Custom AutoSound USA-630 AM/FM 240 Watts

The USA-630 is the pinnacle of 30 years of evolution in Custom AutoSound's quest for the perfect classic car radio. This radio has large OEM style push-buttons that give a perfect look in a classic dash. Although it looks classic it has the latest modern features. USB input on the back of the radio. This jack is on an 18" extension which allows you to place it in the glove box or ash tray for easy access (no unsightly wires or plugs hanging out of the front of the radio). The new alpha numeric display (30% larger than previous models) shows the song/artist/album (id3) titles during playback of MP3/WMA files. With the built-in CD controller you have complete control (no FM modulation) of CAS's 10 disc CD changer. This same CD controller also facilitates the optional iCAMKIT iPod® interface that turns your iPod on/off and charges it while giving you control to advance songs or playlist from the buttons on the radio. A great feature so you can keep the iPod hidden away in your glove box or console. With 240 watts the radio should have all the power you may need, if you want more there are four pre-out jacks on the back of the radio for optional amplifiers. The back of the radio also has auxiliary audio input for satellite radio or any portable player you may wish to use.

- AM-FM Stereo • USA/Euro Tuner • Power Antenna Lead • Alpha Numeric id3 Display for MP3/WMA files • Electronic Tuning and Volume Control • 4 way Fader • Left/ Right Balance • Digital Clock • 16 Pre-sets (12FM-4AM) • 4 Channel RCA Pre-outs
- Separate Bass and Treble • 2 Channel RCA Auxiliary Input for Satellite / iPod etc.

Factory Style Radial Tires

If you're going for an authentic Chevrolet restoration, be sure that you don't overlook the tires! Previously, this meant sacrificing modern ride quality and handling characteristics for an authentic appearance, but now you can have the best of both worlds with these modern radial tires that have a period correct appearance. This factory style Firestone Wide Oval tire is an almost exact replica of the original, engineered from the ground up to provide excellent ride quality, tread life and safety, while retaining the correct tread pattern and raised white lettering.

AFXDC46C-GUPX

AFXDC4WDS11-GUPX

1964-1972 Chevelle Ground Up Motors Exclusive 4 Wheel Disc Brake Conversions

Upgrading your Chevelle to four-wheel disc brakes is one of the easiest and most cost-effective things you can do for more driving enjoyment and increased safety. Classic Chevelles had great performance and styling from the factory but left a lot to be desired in the braking department. Upgrade your outdated braking system today with this convenient Ground Up Motors Exclusive four-wheel disc brake kit and cruise with peace of mind. This kit is complete with a front brake kit and a rear brake kit.

4 Wheel Kits

AFXDC46C-GUPX	1964-72 All 11" PB	999.99 kit

UMI-403534-R

UMI Front & Rear Sway Bars

UMI Performance Chevelle solid sway bars are designed to reduce body roll, understeer and increase cornering capabilities resulting in a more balanced suspension. UMI Performance sway bars are manufactured from 4140 chromoly steel and formed as one piece to ensure maximum strength and performance. The rear sway bar is heat treated to maintain longer memory than a cold bent sway bar. The front sway bar is CNC bent for a precision fit. Comes with poly end links and bushings. Available powder coated bright red or gloss black for a durable long lasting finish. Insert your color choice at the end of the part number in __. R = Red B = Black

Aldan American Coilover Kits

Aldan Road Comp kits are designed to convert your suspension to coilovers. Aldan Phantom Series, single adjustable coilovers deliver superior handling and ride quality for a drastic improvement over stock suspension. Aldan high tensile, high travel coil-springs provide greater consistency over stock springs. Aldan's rear bolt-on shock absorber kit includes 2 TrueLine Series shocks, 2 brackets, 2 T-Bars and hardware. Uses OEM shock mounting locations. TrueLine adjustable shock absorbers are designed to work with factory and aftermarket springs to add a more consistent, smoother ride.

9-8101R	1964-88 All Red	9.99 kit

One pair does one shock. Two required per car.

QA1

QA1-52520

QA1-52537

QA1 Lower Tubular Control Arms

QA1's GM 2.0 Control Arms offer increased positive caster, reduced unsprung weight, and improved performance without sacrificing durability. They feature QA1's rebuildable and stronger-than-OEM integrated ball joints for long-term reliability. With billet cross shafts for reduced weight and double-shear lower mounts that are coil-over ready, installation is clean and straightforward. These arms look great without additional adapters and don't require restoring like factory steel control arms. Made from high strength, low alloy steel, they are lighter and stronger. QA1's ball joints come with dust boots and are designed for long-term service and tunability. Compatible with OE or drop spindles, they mount in OE locations without cutting, fabricating, or welding, and accommodate factory or aftermarket disc brakes. When used together, they add 3-4 degrees of caster and 0.5 to 1 degree of negative camber; independently, they add about half as much. All parts sold in pairs and including mounting hardware. Made in the USA.

QA1-52537	1964-72 All Lower	908.99 pr.
QA1-52520	1977-77 All Lower	908.99 pr.
QA1-52564	1978-88 All Lower	908.99 pr.

QA1

QA1-5249

QA1-5204

QA1 Rear Trailing Arms

All QA1 upper tubular and lower boxed trailing arms use polyurethane bushings on both ends, while upper adjustable and lower tubular trailing arms use a spherical ball or rod end assembly on the chassis end to eliminate bushing bind, allowing the suspension to move smoother for better control. This keeps the tires planted firmly on the ground for improved traction and a more predictable, better handling car. For a long-lasting finish, tubular and boxed trailing arms are powder coated gloss black, while the adjustable arms are zinc plated and anodized. Made in the USA.

QA1-52873

QA1 Sway Bars

Give your chassis the stability it needs to keep your tires planted on the road. These sway bars are an easy bolt-on upgrade to help reduce body roll and handle corners better. For maximum strength and durability, QA1 sway bars are manufactured from either lightweight hollow-core (4130) chromoly steel or heavy duty solid-core (1045) cold formed steel. The bars are formed using precision CNC equipment for a true bolt-on installation, then gloss black powder coated for durability and corrosion resistance. Sway bars include new mounting components to replace old and worn out sway bar bushings and end links. Made in the USA.

QA1 Rear Coilover Shock Kits

QA1 bolt-in rear coilover conversion kits include USA-made mounting brackets, adjustable aluminum shocks (single, double, or MOD Series), springs, and all necessary hardware. Single adjustable shocks offer 18 positions of simultaneous rebound and compression adjustment, while double adjustable shocks provide 18 positions each for compression and rebound, totaling 324 valving combinations. MOD Series shocks add adjustable low-speed bleed for independent control over compression and rebound. These shocks feature a fully threaded body for ride height adjustment and multiple spring rate options, tested from casual street driving to hardcore racing. Combined with QA1's adjustable struts, you get a complete suspension makeover for both ends of the vehicle. Bolt-in installation. Made in the USA.

FHB-64

Muncie - Hurst Adapter

This handy bracket allows you to bolt up your original Muncie shifter handle to a Hurst shifter. The original Muncie handle featured a top mount design while the Hurst handle features a side mount design. The Hurst design is much stronger. Once your shifter boot is on, no one will know it isn't stock!

FHB-64 1964-6759.99 ea.

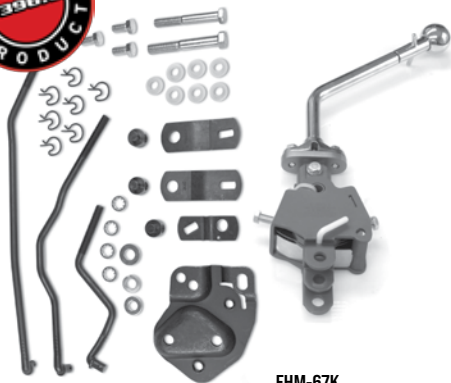

Hurst Shifter & Installation Kit

This complete Hurst Competition Plus shifter and linkage kit includes a famous Hurst Competition Plus shifter, chrome Hurst shifter handle and white shifter ball with 4 speed pattern as well as a complete Hurst installation kit with all rods, levers, swivels and hardware. This kit will provide you with that vintage muscle car look as well as provide reliable shifts every time!

HURST-KITA64M 1964-67 Muncie821.67 kit
 HURST-KITA68M 1968 Muncie821.67 kit
 HURST-KITA69M 1969-72 Muncie820.77 kit

Part Notes: Please verify that the year of your transmission matches the year of your car before ordering. 1964 to 1968 Muncie 4-speed transmissions can be identified from later models by the way the transmission arms attach. Early Muncie side covers had a stud and the shift arm attached with a nut on the stud while the 1969 and later model side covers had a hole and the shift arms attached with a bolt.

FHM-67K

FHM-69K

Hurst/Muncie Shifter Kit

This Ground Up Motors exclusive Hurst/Muncie shifter kit allows you to keep an original style Muncie shifter handle and mate it to a Hurst shifter and linkage. Original Muncie shifters performed very poorly, so we created this exclusive kit to keep your car looking original while utilizing the strength and reliability of a bullet proof Hurst Competition Plus shifter. Everything under the shifter handle is covered by your shifter boot so no one will be able to tell it isn't stock.

BM-80885

B&M Automatic Floor Shifters

From the originator of high performance manual shifters our line of performance, street and racing shifters for automatic transmissions won't let you down. With classic good looks and proven mechanical designs giving choices of either positive ratcheting actions or gated racing shifters, provide positive shifts guaranteeing you won't miss a shift when it counts.

Starshifter

Features include NHRA/ IHRA reverse lockout, backup light switch, neutral safety switch, polished T-handle. Cable operated for quick installation and accurate shifting.

BM-80675 All 2&3 Speed 332.99 ea.

Megashifter

The B&M Megashifter has it all, form, function and classic style. This all adds up to bring you a quality shifter that's been one of the most popular automatic shifters of all time. First off let's talk function. The Megashifter's positive ratcheting function won't allow you to over shift and miss a gear at that critical moment, along with the reverse lockout feature meets NHRA/IHRA safety rules for those weekend grudge races at the track. The look and feel of the T-handle and accordion style shift boot really shows off the racing heritage of the Megashifter.

BM-80690 All 2,3,4 Speed 498.99 ea.

Quicksilver

The B&M Quicksilver features a ratcheting action for positive shifts, Chrome Knob, neutral safety switch, NHRA/ IHRA approved reverse lockout.

BM-80683 All 2,3,4 Speed 439.99 ea.

Hammer

The Hammer shifter may just be the most comfortable and versatile shifter available. The unique design of the shift handle easily fits all sizes of hands providing the best wrist angle and feel when shifting.

BM-80885 All 2,3,4 Speed 339.99 ea.

HURST-3838530

HURST-3838500

Hurst Automatic Shifters

From the originator of high performance manual shifters, is our line of performance street and racing shifters for automatic transmissions that won't let you down. With classic good looks and proven mechanical designs giving choices of either positive ratcheting actions, or gated racing shifters providing positive shifts guaranteeing you won't miss a shift when it counts.

Pro-Matic 2

Ratchet-action shifter with its chrome-plated stick and black knob is quality engineered for years of precise, trouble-free operation. Once the shifter is installed, the textured console and brilliant top cover that can be trimmed to fit any floor contour integrates the shifter with the interior.

HURST-3838500 All 3 Speed 455.99 ea.

V-Matic 3 Shifter

Designed with a park and reverse lock trigger actuating system that allows smooth and flawless ratcheting through the forward gears.

HURST-3838530 All 3 & 4 Speed 521.99 ea.

FW-HURST

Hurst T Handle Shifter Knob

This brushed aluminum t-handle provides a positive feel for accurate gear selection. A favorite in the performance world for years! Includes adapters for most popular shift handles.

Holley

HOL-12834

Holley Chrome Fuel Pumps

Mechanical pumps designed to work with stock or mildly modified engines.

Free-flow output of 80 GPH (SB) or 80-130 GPH (BB). Body castings can be rotated 360-degrees to ease mounting in difficult places. Heavy duty construction can withstand long periods at high RPM. 1/4" (SB) 3/8" (BB) pipe thread inlet and outlet ports.

HOL-12834	Small Block.....	144.99 ea.
HOL-12835	Big Block	149.99 ea.

Note: Not compatible with methanol or alcohol. Cannot be used with fuel injection systems.

QF-30-350QFT

Quick Fuel Technology Fuel Pumps

For the street cruiser, it's tough to beat the simplicity and reliability of a mechanical fuel pump. Quick Fuel Technology's mechanical pumps flow 110 gallons per hour and utilize lightweight aluminum housings. They feature integrated shutoff valves that are preset at 6.5- to 8 psi, eliminating the need for a separate pressure regulator. For added installation flexibility, the pump casting can be rotated to accommodate various plumbing configurations. 3/8" NPT threads. Gasoline only.

QF-30-350QFT	Small Block.....	148.99 ea.
QF-30-454QFT	Big Block.....	166.99 ea.

No Volume Discount.

QF-30-125-10FT

Quick Fuel Technology Electric Fuel Pumps

QFT's electric fuel pumps are perfect for combinations that are neither stock nor all out race cars. These pumps flow more than enough fuel to support between 400-750 hp. Mounting hardware and brackets are included.

- 125 GPH Flow Rate
- 14 PSI Maximum Pressure
- Features 3/8" NPT Inlets and Outlets
- Draws 4 Amps or Less at Full Load
- For Carbureted Gasoline Applications Only

QF-30-125-10FT	Pump Only	171.99 ea.

Holley

HOL-12-426

Holley Electric Fuel Pumps

Holley is proud to introduce the all new Holley Mighty Mite™ electric fuel pumps! They're big on performance, but small in size!

They're quiet, easy to install and work with gas, diesel, blended alcohol and E85!

12 volt operation . 25 gal/hr flow . Good for up to 300HP naturally aspirated. Simple 2 wire hookup. Self-priming and regulating. Quiet operation - 65db. Hose barbs fit 5/16" Fuel Hose . Made in the USA

HOL-12-426	All 25 GPH 1.5-4 PSI	68.99 ea.
HOL-12-427	All 32 GPH 4-7 PSI	68.99 ea.

No Volume Discount.

Holley

HOL-12-803BP

Holley Fuel Pressure Regulator

Holley fuel pressure regulators are designed to precisely control the fuel pressure from the fuel pump to the carburetor. Too much fuel pressure for a given needle and seat assembly will overload and may cause flooding or drivability problems. Each Holley fuel pressure regulator is fully adjustable so regulating the fuel pressure to your engines needs is simple.

12 volt operation. Preset to 7psi. 3/8" NPT ports (1 in, 1 out, 1 bypass or return). Used in systems with a return line back to the fuel tank

HOL-12-803BP	All Carbureted.....	137.99 ea.

Pypes Performance Header Back Exhaust Systems

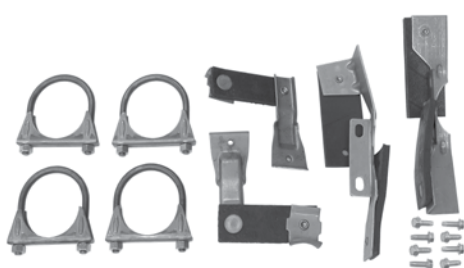

Pypes Exhaust Systems are designed to deliver enhanced performance, provide extra punch in the passing lane and improve gas mileage. The smooth, 16 gauge, mandrel-bent, Stainless steel pipe ensures maximum exhaust gas flow, which can significantly boost horsepower. The stainless steel construction of the pipes and mufflers enables them to resist corrosion, extending the life of the system. Pypes systems come complete with a pair of precision matched Pypes mufflers, correct tailpipes, clamps and hangers. Can be installed at home without any special tools.

FT-11100FLT

Flowtech Long Tube Headers

Flowtech headers are the perfect combination of performance and value. Flowtech long tube headers are precision engineered using mandrel bent tubing, formed collectors and 5/16" flanges with sealing rings for a leak-free seal. All mounting hardware and gaskets are included for a simple installation. This header is coated in a high heat resistant black paint for a stealthy appearance. Instant performance gains when opened.

- Tuned-length primary tubes for street performance
- Mandrel-bent tubing for smooth exhaust flow
- Light weight & sturdy 16 gauge tubing
- Mandrel-formed Power Plenum collector for low back pressure
- Sturdy, leak-tested O-Ring port seals
- Engineered for an easy, trouble-free precision fit
- Includes all mounting hardware and premium gaskets

HKR-2451HKR

HKR-2455-2HKR

Hooker Competition Headers

Hooker Competition headers offer the best value in the high performance header market. Designed for the value-conscious buyer who is running either a "stock" or "mildly-modified" engine, these headers offer premium features at a very competitive price. Made of durable 16 gauge mild steel tubing, header design utilizes a long transition collector to reduce back pressure and increase exhaust flow. A perfect sealing surface is assured with the 5/16" machined flanges, with welded O-ring seals. Experience has proven that this flange size is ideal to maintain header integrity and be pliable enough to seal each exhaust port. Tubing is mandrel-bent to maintain metal strength and provide consistent tube diameter at radii to maximize performance.

- All necessary hardware included for a complete installation • Designed for easy, trouble-free fit
- Industry's best welds for durability • Long transition collector for decreased back pressure
- Tuned-length primary tubes for street performance

ARA-4365

Cowl Induction Spacer

Correct spacer used on original intake manifold.

ARA-4365	1970-72	37.99 ea.
----------	---------------	-----------

AMH-8922

Cowl Induction Harness

Reproduction of original GM.

AMH-8922 1970-72..... 77.99 ea.

ACL-1430

Hood Valve Frame

Correct steel frame inside of hood to support the flipper door.

ACL-1430 1970-72..... 32.99 ea.

ACL-3958

Cowl Hood Door

Correct steel door.

ACL-3958 1970-72..... 59.99 ea.

ACX-012

Valve Frame (Flipper) Door

This is the electrically controlled air door which mounts to the valve frame.

ACX-012 1970-72..... 15.99 ea.

ACC-7116

Cowl Hood Screen

Correct steel screen attached to the rear of hood to keep debris out.

ACC-7116 1970-72..... 29.99 ea.

N-4510

Cowl Vent Grilles

Correct plastic grilles to keep debris out of cowl.

N-4510 1968-72 non-AC..... 20.99 kit
N-4512 1968-72 w/ AC 20.99 kit

AIH-100

BPX-2350

Cowl Induction Hose

Correct non-collapsing OEM vacuum hose. (4 feet required)

AIH-100 Hose 1.50 ea.
BPX-2350 Retainer..... 3.95 pr.

ACI-3685

AVN-101

Cowl Hood Solenoid

Holley

HOL-0-80670

Holley Carburetors

Holley is one of the most trusted carburetors of all time! Its 600CFM of airflow, vacuum secondaries, single fuel inlet and mechanical or electric choke makes it amazingly universal. The 4160 carbs are constructed from aluminum which compared to its zinc counterpart equates to a weight savings of 40%! Being aluminum also means it will hold its shine and can be hand polished for a custom look! Don't trust your performance to just anyone, Holley is the only modular carburetor company that has been in business for over 100 years and has powered every NASCAR champion since the 60's.

HOL-0-80670 All 4150 670CFM Electric Choke 699.99 ea.

ACT-180

Thermostat

High quality replacement thermostat.

ACT-180 180-85 Degrees 6.99 ea.
ACT-190 190-95 Degrees 6.95 ea.

Tuff Stuff Performance Thermostats

These thermostats flow up to 56 gallons per minute, as compared to ordinary thermostats that flow 37 gallons per minute, to maintain stated temperature. The 50 percent increased coolant flow reduces the delay in engine warm-up times, allowing trapped air in the cooling system to escape and stabilize the pressure of the cooling system. The stainless steel construction with an extra-large center port assures increased coolant flow and bridge design increases strength, stability & reliability and incorporates a bypass valve that allows a small amount of coolant to circulate before fully opening, assuring a fast warm-up. Ideal for high performance muscle cars, street rods and customs.

TUF-6550B

Tuff Stuff Gear Reduction Starters

These gear reduction starters will allow you to easily crank over your high performance engine. They use less draw than traditional replacement starters and gear reduction allows them to crank over engines with higher compression. These starters will work on both Small Block Chevy and Big Block Chevy Engines using 153 or 168 tooth flywheels. Please be sure to check your flywheel tooth count before ordering.

TUF-6550B	1.6 H.P., 11:1 Compression, White Zinc	176.99 ea.
TUF-6584B	1.9 H.P., 12:1 Compression, Black	171.99 ea.

OEM Bolts - They Just Make Sense!

It makes sense to use new bolts on new or restored parts! From bumper to bumper, we cover your entire vehicle. We have made our name and reputation on providing those hard to find detailing parts that separates your classic from the rest. All of our bolts are either original, OEM parts from original GM manufacturers or top quality reproductions. Manufactured with original head markings and correct plating (zinc, black phosphate and oiled, gold cadmium and silver cadmium), these bolts make assembly a breeze! Like our OEM paints, new bolt sets are what make a top flight restoration!

Detail shot of a Master Body Hardware kit. These kits have all of the hard to find items that are not available anywhere else!

1970-72 Chevelle Pro Touring Front Spoiler Kit

This front spoiler is just what your pro-touring or resto-mod Chevelle is missing. Brand new to the market & a Ground Up Motors Exclusive, these spoilers are easy on the wallet, easier to install, and designed with enthusiasts in mind. This front spoiler kit includes the 1970-1972 Chevelle front spoiler, mounting hardware for a complete upgrade or replacement, and a detailed set of installation instructions.

Fitment:

This 1970-72 Chevelle front spoiler features a simple bolt-on application that only requires slight adjustment to the car's original structure.

Durable: Unlike some of the other spoilers on the market, Addictive Flow spoilers are made from a durable polyurethane material (similar to the material used for reproduction spoilers) that is forgiving on both the spoiler and the car. Worry no more about bottoming out and potentially damaging your beloved classic.

Customizable:

Designed with Pro-Touring & Resto-mod enthusiasts in mind! If you want to color key your new spoiler to your car, it's as simple as prepping the surface and spraying on the color of your choice. Easy Installation: Addictive Flow spoilers have been thoroughly tested and streamlined for bolt-on application. All components and instructions are included to make installation a breeze.

Affordable:

Addictive Flow worked directly with the manufacturer to reduce costs where possible. Because of this, we can pass those savings on to our customers and supply a great looking and affordable front spoiler for your American classic.

American Autowire Classic Update Series Kits

Classic Update complete wiring kits are made for the restoration enthusiast who wants some modern amenities in their classic vehicle. These kits include everything you need to modernize your classic vehicle: Headlight, Dimmer and Ignition Switches; Boots, Tubes and Grommets; Fuses, Relays and Flashers; Original Connectors, Terminals and Disconnects.

1964-72 Chevelle

- Replacement headlight switch with internal 30 amp circuit breaker included. Retention collar nut, adjustable length shaft and custom knob are also included.
- Standard turn signal flasher, hazard flasher and horn relay mounted on fuse panel.
- Fuse box designed to fit in original location. All required hardware supplied. New ATO fuse allows easy fuse and circuit breaker accessibility. Harness is laid out and formed to allow for nearly all aftermarket accessories such as; gauge packages, wiper systems, heat and air conditioning systems, etc.
- Original switch connector bodies! (Exclusive to American Autowire)
- Original Dash Panel instrument cluster connector.
- Steering column connectors can plug directly into most aftermarket steering columns or stock 1968-1969 GM columns that use stock GM turn signal switches.
- Under dash courtesy lamps for use in addition to your original dome/interior lighting.
- Instrument Cluster wiring has a "cluster harness disconnect" system for easy service and assembly. Original terminals and connectors (another American Autowire exclusive) are provided for stock cluster connections. Connects into most popular aftermarket gauges such as AUTOMETER, CLASSIC INSTRUMENTS, DAKOTA DIGITAL, STEWART WARNER, VDO and others.
- Rear body harness assembly plugs into the main harness in the stock location. Longer leads allow for stock/custom routing of the wires. Rear body wiring has backup light lead wires with correct lamp sockets, stop and tail light lead wires with correct lamp sockets, terminals to mate with the license plate connection wire, side marker lead and ground wires with lamp sockets and fuel tank sender wire with trunk grommet and tank connection.
- GM bulkhead connectors for the engine and front light wiring (another American Autowire exclusive) and allow for easy installation with original or custom routing.
- Engine wiring includes connectors for original points type as well as H.E.I. distributors. Power and Tach connectors supplied for GM H.E.I. distributors. Alternator connectors are supplied for GM "SI" series internally regulated alternators. GM "CS" series alternator adapter is available separately.
- Original style light sockets, switch body connectors, terminals, etc.
- Front lighting includes extra long leads that can be routed for stock or optional appearances. All headlight, parking and directional light connectors (lamp socket pigtails are also provided for 1971-72 applications) and terminals are provided along with a switched trigger wire for an electric fan relay (usually recommended with AC).

El Camino & Station Wagon Add-On Kits

Add-on for your El Camino or Station Wagon. Provides the necessary rear body wiring.

500999	1964-67	57.99 kit
510166	1968-72.....	75.99 kit

Note: Does not support ammeters. If you have a station wagon or El Camino you will need 510166 add-on kit. No Volume Discount.

American Autowire Highway 22 Wiring Kit

The Highway 22

Complete Modular wiring system kit includes all the necessary wiring for headlights including: a three position headlight switch; a 40 amp electric fan or fuel pump relay; heavy duty power and accessory expansion; micro-relays for horns and turn signals; an accessory harness for radio, electric wipers, heater, air conditioning, fuel pump and interior lighting. This kit also contains a floor mounted dimmer switch; an ignition switch that has been designed for either dash or column mounting and includes all the connectors and terminals. The Highway 22 was designed to promote complete mounting flexibility and creativity in specialty electrical systems. These kits are perfect if you plan to do a LS/EFI swap as this kit includes dedicated battery and ignition circuits for electronic fuel injection (EFI).

510760 1964-75 All Universal GM 713.99 kit

No Volume Discount.

Wiring Harnesses

When you are looking to restore your electrical system, look no further than Ground Up Motors!

All of our harnesses are hand assembled in the USA and are guaranteed exactly as original. Our harnesses always match the factory color code and gauge sizes using correct connectors, terminals and non-adhesive and cloth tape. Our restoration harnesses are simply the best in the industry.

Dash Harness Classic Auto Fuse Series

Our new Classic Auto Fuse Series dash harnesses allow you to maintain the easy plug and play function of original factory type harnesses, while converting the entire fuse block to an Auto Fuse Series (ATO Type) fuse block. This gives you the flexibility to add additional power circuits without the installation headaches normally associated with this type of fuse box conversion. There is no cutting or modifying of any sort. Just plug it in and turn it on. It is completely compatible with the other original harnesses in your car.

Goes from wiper motor harness to wiper motor switch.

28255 1970 Electro-Tip Wipers 75.99 ea.

AC Delco Spark Plugs

This is a brand new set of 8 spark plugs for your Chevelle. These high quality reproduction AC Delco spark plugs feature the correct green AC and number markings as original.

AC43 1964-70 #43 62.99 set

AC45 1964-70 #45 62.99 set

Note: The number on the plug refers to it's operating temperature. The lower number is a cooler running plug which is typically found on the SHP high performance engines. A hotter, higher numbered plug would be used in engines where plug fouling may be or is a problem.

PACKARD RADIO TVRS LR 3-

Dated Spark Plug Wires

New reproduction wire set correctly dated for your specific car, pre-cut and ready to install! Each set features correct colored wires and correct angle "cut" boots. The date coding identified the quarter and year in which the wires were produced. As an example, a wire date coded as 1-Q-67 would have been produced in the first quarter of 1967. Research has shown that most cars had spark plug wires installed that were dated from 1 to 4 quarters prior to the build date of the car.

LHT-7T-HI Detail

FACTORY T3

HI-INTENSITY T3

T-3 Headlamps

Upgrade your weak old original T3 and Power Beam headlights with a pair of high performance headlights from Ground Up Motors! These headlamps utilize modern bulb filaments with a much brighter high/low beam, which are considerably brighter than the original factory and Power Beam units. These fit and function exactly as original which makes installing these a breeze. They feature a T3 or Power Beam logo and look just like the originals! We tested these on our own 1969 Camaro in our warehouse and you can really see the difference!

SS427

Baldwin Motion SS427 Emblem

This emblem (GM number 7752254) was originally used on the deck lid of 1968 427 Impalas but it was also used by super car dealers on a lot of their conversions on fenders, hoods and trunk lids. Baldwin Motion often used these emblems on the valve covers of their super cars. Perfect for any super car, tribute car or custom!

Wheel & Tire Paint

Dupli-Color® Hot Tires Tire Paint: White: 0.5 oz. Paint Pen

Whether your tires are old or new, Dupli-Color® Hot Tires™ gives you a way to add color or personalize your muscle car, truck or sport compact tires. This fast-drying, durable coating allows you to touch-up faded white walls or tattoo your high performance tires. Hot Tires goes on smooth, resists fading and is available in an easy-to-use pen.

DUP-HT100	White Tire Paint	15.99 ea.

Company Policies

Hassle Free Returns

Products may be returned for a full refund, credit, or exchange within 30 days of receipt, provided that the product is in its original shipping condition and has not been modified, altered, painted, installed, or damaged. Products returned after 30 days can only be returned for exchange, store credit, or refund check. All returns after 30 days are subject to a 25% restocking fee. Ground Up Motors – SS396.com will not accept returned goods without prior authorization, any returns without prior authorization will be subject to a 25% restocking fee. The customer is responsible for shipping charges on returned merchandise unless otherwise indicated by Ground Up Motors – SS396.com.

Ground Up Motors – SS396.com always recommends professional installation for all the products we sell. Any item that has been altered, painted, installed, or deemed non-resalable by Ground Up Motors – SS396.com will be returned to the customer at the customer's expense. If the customer does not want to pay for return shipping, the item will be field destroyed. Ground Up Motors – SS396.com is not responsible or liable for any labor fees associated with the installation, removal, modification, or repair of any product purchased, regardless of the circumstances. Additionally, Ground Up Motors – SS396.com is not responsible for any damage or discoloration incurred in relation to chemical products, including cleaners, waxes, polishes, paints, and/or similar items.

Product Availability & Pricing

The availability of all items on SS396.com and in our print catalogs is subject to change without prior notice. Ground Up Motors – SS396.com reserves the right to discontinue products, services, accessories, and substitute products of a similar nature (i.e., different manufacturers/brands) without notice. While Ground Up Motors – SS396.com strives to maintain accurate pricing, please note that prices are subject to change due to factors such as increased costs in manufacturing and materials. For the most up-to-date pricing information, please visit our website 24/7 or contact a Ground Up Motors – SS396.com customer service representative by phone or email.

Backorders

Ground Up Motors – SS396.com will try to notify you in the event backorders are present on your order. While back orders are often beyond the control of Ground Up Motors – SS396.com, most out of stock items are shipped within two (2) to six (6) weeks. We generally ship back ordered items as soon as they arrive at our warehouse, without notification. If one of your items has been out of stock for more than 90 days, we will try to contact you before shipping. If you wish to cancel a back order, please contact us as soon as possible to avoid return shipping charges and restocking fees.

Ground Up Motors – SS396.com will keep track of all backorders on products that are "out-of-stock" or unavailable at the time the order is placed. The pricing on a back-ordered product is not guaranteed due to labor, manufacturing, materials, shipping costs, and other unforeseeable issues that may arise requiring a price adjustment. We will maintain the price on any backorder product for 60 days after the order is placed. After 60 days, the product may be subject to a price adjustment. If a price adjustment is necessary on a particular product, we will do our best to inform the customer before the product is shipped.

Kit Products

Our Parts and Accessories catalogs, as well as SS396.com, offer kits that include a variety of products to provide you with the best value. Please note that most of these kit items are exclusive to Ground Up Motors – ss396.com and are not eligible for further discounting or price matching against our competitor's kits.

Occasionally, we may run out of a specific item that is included in a kit. In such cases, we will generally ship the items that are in stock and backorder the ones that are currently unavailable. You can contact our sales department by phone to verify which items are out of stock at the time of placing your order. As our customer, you have the option to accept a partial kit delivery or choose to have the entire kit backordered until it is ready to ship in its entirety, be sure this is either verbally communicated over the phone or specified when placing an order online. Please note that additional freight fees may apply for multiple shipments, if applicable.

Color Matches

Please note that due to multiple manufacturers of products provided by Ground Up Motors – ss396.com, color variations may occur. Slight color variations, especially among interior products, are common and do not constitute a defect. These products are not eligible for return shipping solely based on color variations.

Additionally, there are products noted online and, in our catalog, as non-returnable. This primarily includes colored products such as interior items, as well as special order or built-to-order products like date-coded glass and custom gauge clusters. If you are unsure whether a product is non-returnable, please contact a us via phone or email for clarification. Please be aware that colors displayed on computer monitors and, in our print, catalogs may differ slightly from the actual color of the product. If precise color matching on interior items is a concern, we recommend ordering black and color matching using interior paint or dyes. Returns of colored, special order, or non-returnable items are not permitted and will be subject to 25% restocking fee.

Sales Tax Information

If you live in a state that requires sales tax, Ground Up Motors – SS396.com will collect the appropriate sales tax for your shipping location. Most states currently require sales tax and Ground Up Motors – SS396.com is compliant with all the latest laws associated with state sales tax. Due to regular variations in state sales tax, rates are subject to change without notice based on state and zip code. State sales tax is applied to products as well as shipping fees, handling fees, etc

For more policies and information on discounts/eligibility please see ss396.com for more information.

Ordering Lefts and Rights

Items in this catalog are presented as right hand (RH) or left hand (LH). RH and LH sides are determined by sitting in the vehicle. RH = passenger and LH = driver.

Trademark and Copyright

The content of Ground Up Motors – SS396.com, including the Ground Up Motors – SS396.com Parts and Accessories catalog is copyright 2024, all rights are reserved. No part of this publication including text, photos or illustrations may be reproduced without the prior written permission of Ground Up Motors – SS396.com.

International Orders

Ground Up Motors – SS396.com is happy to ship parts to international customers via International Economy shipping. Shipping can also be arranged per the customer and the packages will be boxed at our dock. Please call our sales department or send an email to logistics@ss396.com to get a shipping quote for the parts that you wish to order.

Oversize Items

We offer shipping for items that are considered Oversize. These items can be shipped via UPS Ground at an Oversize rate, which entails a minimum dimensional weight fee of 30 lbs. for Oversize or 70 lbs. for Oversize 2.

It's important to note that Ground Up Motors – SS396.com reserves the right to charge an Oversize fee on any item that is deemed Oversize, even if it is not explicitly indicated as such. This ensures that the shipping costs associated with handling and transporting these larger items are adequately covered. If a shipping adjustment is necessary on a particular product, we will do our best to inform the customer before the product is shipped.

Truck Freight

Ground Up Motors – SS396.com recognizes that certain products are too large or heavy to be shipped via Ground freight and must be shipped using truck freight. Efforts are made to clearly indicate these items in the print catalogs and website, but there may be instances where an item not specifically marked for truck freight may still require or benefit from this shipping method.

To ensure we are providing our customers with the best possible shipping rate all orders are subject to review by our Truck Department for adequate freight quoting. When placing an order online or over the phone you will not be charged any shipping, and a quote will be provided for your approval which is valid for 10 days from the date it was provided. Orders will remain as a quote until the order has been approved by the customer. Note that products are not reserved until the quote has been approved. Due to the quoting process PayPal payment is not accepted for truck orders. It is crucial to provide us with accurate information regarding the delivery destination. Any fees or charges resulting from the provision of false information or failure to comply with Ground Up Motors – SS396.com's policies are the sole responsibility of the customer and may be applied without notice.

Expedited Shipping

Ground Up Motors – SS396.com provides various expedited shipping options for customers' convenience. To ensure timely delivery, orders must be placed by 2:00 pm from Monday to Thursday, and by 12:00 pm on Fridays. Please note that weekends and holidays are not considered shipping days. It is important to mention that we recommend contacting our sales department to obtain the expedited shipping rates for your order. They will be able to provide you with accurate pricing information based on your specific requirements to ensure you are receiving your expedited order in a timely manner.

AP0/FPO Shipping

Please note that for AP0 or FPO addresses, USPS is the only available shipping method. If you are military personnel with an AP0 or FPO address, it is important to contact Ground Up Motors – SS396.com prior to placing your order. This will allow them to verify that the desired parts do not exceed the size limit and ensure a smooth shipping process for you. You can reach out to our customer service team by writing, calling, or emailing, be sure to also ask about our Military discounts which we are honored to offer to both active and retired military personnel.

Product Damages & Shortages

We understand that errors and issues can sometimes occur during the fulfillment, shipping, or manufacturing process. If you receive a product that is damaged, missing, or incorrectly shipped, it is important to notify us within three (3) business days of receiving the order. You can do so by contacting us via phone or email. If you are present at the time of delivery and notice any carrier damage it is recommended that you refuse the shipment with the reason of carrier damage. If this is the case notify our customer service team so we can rectify this issue in a timely manner and ensure you are not charged any additional fees.

To ensure a prompt resolution on a damaged or missing claim, we may request additional information, such as images or details about the damaged, missing, or incorrectly shipped product. In most cases, we will provide you with a pre-paid shipping label to return the damaged or incorrectly sent product. Once we receive and inspect the returned item, we will issue a refund or send a replacement, depending on your preference.

Please note that if you report damage, missing items, or incorrect shipments after the 3-day window, you may still be able to make a claim, but will not be eligible for a pre-paid shipping label.

Refusals

In the event of a refused delivery, please note that a restocking fee of 25% will be applied, along with applicable return shipping charges, unless the refusal was due to damage that occurred during shipping (refer to our Damage Claim policy).
