LOGO & WORD TRADEMARK

Detailed Description for World Blockchain Bank Token Trademark

Design Elements:

Central Shield Emblem:

1. The central element of the token features a prominently displayed shield, symbolizing protection, security, and the solid foundation of World Blockchain Bank. The shield serves as the core representation of trust and stability within the blockchain ecosystem.

Crown Symbol:

1. Positioned above the words "World Blockchain Bank," a regal crown is depicted, symbolizing leadership, authority, and excellence. This crown represents the bank's prestigious standing in the digital financial world, underscoring the quality and reliability of the token.

Elemental Symbols:

1. Surrounding the central shield are circular icons representing various precious metals and assets, including:
 1. **Ag (Silver):** Positioned on the left side, symbolizing value and durability.
 2. **Pd (Palladium):** Below silver, representing rarity and high value.
 3. **Pt (Platinum):** Below palladium, denoting prestige and wealth.
 4. **OIL:** At the bottom left, indicating the token's connection to tangible, real-world commodities.
 5. **e+ (Antimatter):** Centrally placed at the bottom of the shield, representing the token's innovative and cutting-edge nature in the digital realm.

Registered in the Blockchain International Corporate Registry, under Company Filing No. 00054720240722 and Document No. BICRA.2024.2207.5479363, which can be verified at www.blockchaintrust.pro

6. **USD:** On the right, representing the token's integration and interoperability with traditional financial systems.
7. **Au (Gold):** Below USD, symbolizing wealth, stability, and long-term value.
8. **Diamond Symbol:** Below gold, representing invincibility, rarity, and unparalleled strength.

Geometric Accents:

1. The token design includes geometric shapes and lines connecting the elemental symbols, which reflect the interconnected nature of the blockchain and the seamless integration of various assets within the World Blockchain Bank ecosystem.
2. **Triangular Pyramids:** Placed at the top, bottom left, and bottom right, these pyramids symbolize stability, permanence, and the bank's robust foundation.
3. **Hexagonal Shape:** Featured at the top right, representing strength and unity within the blockchain network.

Color Scheme:

1. **Gold:** Used extensively in the design to symbolize wealth, success, and the high value associated with the World Blockchain Bank Token.
2. **Silver:** Complements the gold, emphasizing the token's trustworthiness and stability.
3. **Blue:** Encircles the token, representing security, trust, and the innovative nature of blockchain technology.

Text Elements:

1. The words "WORLD BLOCKCHAIN BANK" are centrally positioned on the shield, written in a bold, modern font to convey authority, professionalism, and trust. The gold color of "WORLD" and the silver-gray color of "BLOCKCHAIN BANK" signify the seamless blend of tradition and innovation that the token embodies.

Usage and Application:

The World Blockchain Bank Token is designed as a versatile digital asset, symbolizing ownership, value, and the secure management of diverse resources within the World Blockchain Bank ecosystem. The token is intended for use in the following areas:

- **Digital Transactions:** Facilitating secure, fast, and transparent transactions across various platforms within the World Blockchain Bank network.
- **Asset Backing:** Representing ownership in real-world assets such as precious metals (gold, silver, platinum), oil, and antimatter, giving the token intrinsic value.
- **Cross-Border Payments:** Enabling seamless and cost-effective cross-border payments, integrated with both traditional currencies (e.g., USD) and digital assets.
- **Investment Vehicle:** Acting as a secure and stable investment vehicle for individuals and institutions, backed by a basket of diversified assets.
- **Blockchain Integration:** Serving as a key component within the blockchain infrastructure, supporting smart contracts, decentralized finance (DeFi) applications, and other blockchain-based innovations.

Registered in the Blockchain International Corporate Registry, under Company Filing No. 00054720240722 and Document No. BICRA.2024.2207.5479363, which can be verified at www.blockchaintrust.pro

Trademark Claim:

The World Blockchain Bank Token logo, as described above, is intended to be registered as a trademark under the blockchain trust platform, providing exclusive rights to use and protect this unique design in all relevant markets globally. The trademark registration will cover the full spectrum of financial, technological, and corporate services offered by World Blockchain Bank, ensuring comprehensive brand protection across all current and future activities.

The Original Creator is known to me, Registrar.

THIS TRADEMARK CERTIFICATE, has been executed at the office of the Registrar of the Blockchain International Corporate Registry Authority, on the day and year mentioned in the heading in this Trademark Certificate.

The contents of this Trademark Certificate were stated and explained in substance to the Original Creator. The Original Creator then declared to be well informed on and to agree with the contents of this Trademark Certificate and not to care for a reading out in full.
