Creators Zone Opening*

MISSION STATEMENT

Passing on hope
and resources
for the development,
strength, and education
of children.

Andy Grammer at Sophie's Place

Letter from the Co-Chairs

The relationships built with the children and families we serve, our donors, and our Forever Young Foundation sponsors are long-lasting and hold great value to our family. With their support and guidance, FYF continues to seek new opportunities to offer music therapy in children's hospitals across the country through our Sophie's Place spaces. Our 8 to 80 Meta Creators Zones and 8 to 80 Legend Zones inspire our next generation of innovators by providing hands-on curated technological experiences. In addition, our Forever Young Institute continues to offer nonprofits strategic tools to help them build sustainable efficient programing. We're also pleased to carry on our work with the many wonderful FYF family of charities we serve.

The foundation's 8 to 80 Zones continue to evolve and grow as needs arise, providing the latest industry-leading technology and training to students living in marginalized communities. Esports, a high school varsity offering, is the only all-abilities inclusive team competition currently available in schools today and supported in the Zones. Our newest partner Meta took the lead in the collaboration of our first 8 to 80 Meta Creators Zone. The Creators Zone provides training, resources, equipment, and a cross-disciplinary opportunity for gaming, graphic design, broadcasting, and coding through virtual reality and desktop computers. These rooms are available to all regardless of the student-athlete's physical abilities or socioeconomic status.

Steve and I are grateful for the awareness and increasing demand for music therapy in children's hospitals. The highly successful therapies offered through this integrated treatment modality are inspirational. We opened our newest Sophie's Place at C.S. Mott Children's Hospital in Ann Arbor, Michigan. The space is a beautiful reflection of what we dream these rooms to be.

Steve's team at HGGC and many of their partners find opportunities to work with our foundation year after year, placing corporate social responsibility as the bedrock of their company mission. Because of these wonderful connections and you, our extended Forever Young Foundation family, we are able broaden our vision of a better tomorrow for all. We are so thankful for your ongoing support.

 Wasatch Adaptive Sports

8 to 80 - Meta
Creators Zone Opening

8 to 80 Zones

8 to 80 Zones are a collaboration between Steve Young (#8) and Jerry Rice (#80), which provide youth living in underserved communities the skills to pursue careers in technology, esports, gaming, and mass media.

2022 took our 8 to 80 Zones to a new elevated level. We partnered with META and opened our first 8 to 80 META Creators Zone. These spaces not only allow for artistic expression but also afford our students the opportunity to gain training from developers on industry-leading equipment and software in the areas of VR, coding, television, broadcasting, voice recording, graphic design, and game development.

Forever Young Zones

Thousands of children continue to be impacted each year in Forever Young Zones throughout the United States and Ghana, Africa. These rooms are individually designed for specific community needs, every Zone carries the theme “Be Your Own Hero”. Children need role models to pattern their lives after, but ultimately we want to equip and empower them with the ability and desire to go out and become their own heroes. Forever Young Zones are created to inspire young minds and motivate active lifestyles, whether they be playrooms in children’s hospitals, athletic facilities, or technology spaces in youth community centers.

FOREVER YOUNG INITIATIVES

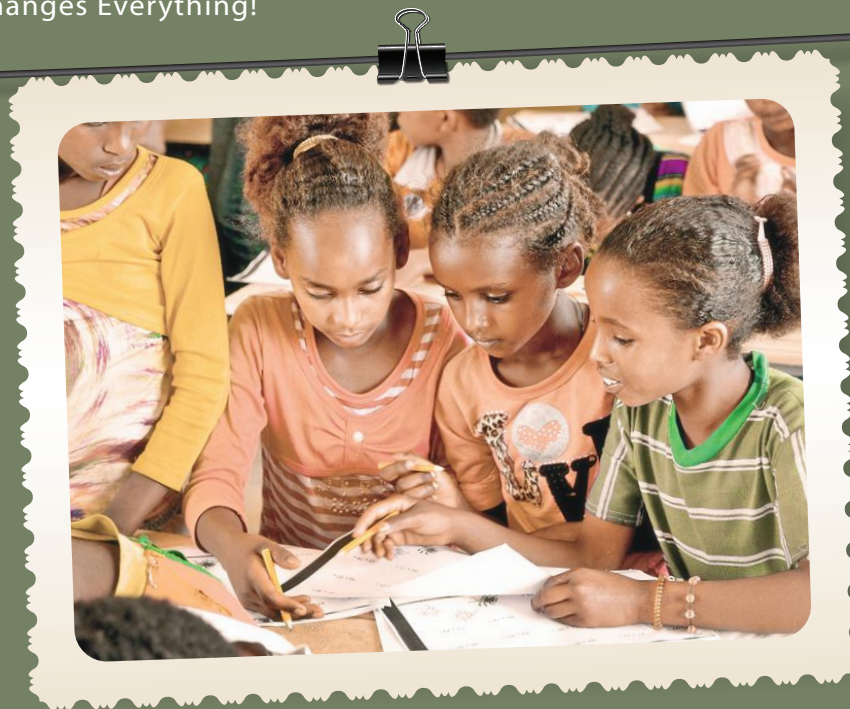

Sophie's Place

Sophie's Place was established in loving memory of singer, songwriter, and friend, Sophie Barton. These dedicated spaces are music therapy rooms built in children's hospitals that treat young people suffering from pain, chronic illness, and serious injury. They provide an integrative medical approach to prescriptive medicine—assisting physical therapy through body movement, alleviating pain, and supporting cognitive health by rewiring the brain synapses. While most people know music has an extraordinary power to bring comfort and peace to the soul, clinical studies have proven that music therapy offers an evidence-based, integrative medical approach in treating young hospital patients. Forever Young Foundation is proud to announce the ribbon cutting on our newest Sophie's Place at C.S. Mott Children's Hospital in Ann Arbor Michigan. Music Changes Everything!

Engage Now Africa

Forever Young's charitable efforts in Africa are administered through the African NGO, Engage Now Africa. Created by Lynette and Bob Gay in 2002, Engage Now's purpose is to "heal, rescue, and lift" by serving those living in the communities they support. Engage Now Africa is committed to providing programs with sustainable self-help solutions, fighting poverty, illiteracy, and disease through the funding and building of schools, microcredit loans, and providing humanitarian assistance. Forever Young and Engage Now Africa are empowering Africans to address their challenges with sustainable solutions.

Wellness

Forever Young Foundation has an abiding belief that children and young adults deserve access to programs and resources that help them achieve physical, social, and emotional wellness. Our Wellness initiative is designed to bring together, amplify, and improve the accessibility of these specialized resources for young people and their families.

Nonprofit Institute

Forever Young Foundation partners with the Arbinger Institute, a leader in management training and team building, to provide a year-long training for nonprofit professionals. With a mission to inspire excellence in leaders and to help build sustainable, efficient nonprofit organizations, this forum instructs participants in how to develop, implement, and update a one-year operating plan and a three-year long-range strategic business plan. Participants discover how to hold themselves accountable to their contributors while keeping board members, staff, and volunteers focused on achieving results. Through underwriting from Forever Young Foundation, private donors, and corporations, this training is offered at minimal cost to leaders seeking to ensure the sustainability of their organizations for generations to come.

Since its inception in 2010, over a thousand nonprofit leaders have participated in the Institute. In 2022, we trained 24 organizations and over 50 executives and board members. We also held a two-day Forever Young Family of Charities conference in Park City, Utah, which brought FYF associated organizations together in a setting where we could share best practices, resources, and challenges.

About Us

Founded in 1993 by NFL Hall of Famer Steve Young, Forever Young Foundation is a nonprofit 501(c)(3) organization focused on passing on hope and resources for the development, strength, and education of children. The Foundation serves children facing significant physical, emotional, and financial challenges by providing them with academic, athletic, and therapeutic opportunities currently unavailable to them. Forever Young Foundation primarily focuses our efforts in Northern California, Arizona, Utah, and Africa – however, increased demand for our initiatives has led to additional growth throughout the United States. We express gratitude to our generous donors and sponsors who continue to facilitate this progress.
