Simone Albani offers you the unique combination of innovation, quality and personal service.

We are specialized in the design and manufacturing of luxurious living room furniture, with a high level of expertise at leather chairs and sofas. Since we take care of every step in the design and production process we are fully aware of all opportunities within the boundaries of our products.

In the past decade Simone Albani has transformed from a rough draft into a well-run international company. The founders of the company originate from an Italian family with a long tradition in the furniture business.

Our mission is simple and clear: we develop and produce high quality leather furniture for wholesale companies and shop owners, with an expertise in creating a hand polished vintage leather appearance.

The leather used for our collection is selected at Italian tanneries and is available in a variety of appearances. Besides our expertise in developing a beautiful living and dining room experience, we aim at a superior service towards our clients. We realize this service level by employing skilled, committed and motivated people with a passion for furniture design and manufacturing.
