We craft 95% of our bamboo kitchenware from the widely favoured Moso bamboo (*Phyllostachys edulis*), prized for its smooth finish and stable supply.

The remaining 5% is made from Luong bamboo (*Dendrocalamus barbatus*), one of the largest and strongest bamboo species, valued for its high cellulose content, and perfect for high-strength applications.

Our entire bamboo collection is FSC certified, ensuring it comes from responsibly managed, renewable sources.

KITCHEN & DINING

What is it that many civilizations collectively agree upon, across cultures and throughout history? That home truly starts with the kitchen!

A good kitchen sets the stage for a good life. Thus, our bamboo collection is designed to enrich one's daily ritual within the very sanctuary that is the kitchen.
