Let the dice choose your adventure!

Figurine

Playworld

Action

Let's play! Grab the **dice, pen and paper!** Roll the dice once for each row. The number of dots will show which figurine will go on a new adventure and where it will happen. Be creative and write your story!

Example adventure

One morning, the curious **cow Erna (1)** wakes up in the **riding arena (4)**. She was enchanted by the many obstacles and training adventures that lay beyond the green meadows where she lived. She attempts **to gracefully**

climb one of the obstacles (3), but slips down and lands with a thud on her bottom.

Farmer Paul hears her and kindly brings her back home to her cozy green pasture, making sure she's safe and sound.

Our sustainability journey

schleich

For more than 90 years, the **durable schleich® figurines** have been a cherished part of childhood. Gifted down from generation to generation, they naturally contribute to sustainable play.

But we want to go one step further. For our **children** and the **planet**. That's why we have developed a comprehensive **sustainability strategy**. Among other things, all **schleich®** play figurines will be **recyclable** and **Cradle to Cradle®** certified by the end of 2027.

What have we achieved so far?

460.000

plastic trays in our advent calendars are replaced by cardboard trays

-20%

less plastic in our packaging (compared to 2020)

100%

certified cardboard in our packaging by the end of 2023

100%

green electricity at our German sites
