About Quattro

Founded in 1984, our specialist BPSS & SC Cleared defence team has considerable experience in delivering highly successful, innovative defence building designs & solutions, including: air traffic control tower refurbishments, office accommodation, hangar refurbishments and more.

Since our inception, we've been committed to designing sustainable buildings to meet net zero targets. With the MOD being actively committed to net zero by 2050, our innovative, sustainable, design solutions can help the MOD meet its targets.

- Sustainable new-builds
- Retrofit
- Decarbonisation
- DREAM

Our Experience

Our previous defence architecture covers a wide variety of sites with a range of services.

We pride ourselves on our expert deliverability and our deep understanding of the unique requirements of the defence sector, and the challenges this can present.

40+ years operating within the public & private sectors

45+ dedicated staff members

5,000+ projects

10+ sectors

RAF Fairford

- Air Traffic Control Tower refurbishment and replacement works. Highly technical and time sensitive. Designed to UK & USAF standards.
- Office accommodation – full refurbishment and condition improvement projects.
- Bowling alley refurbishment, designed to USAF standards.
- Hangar refurbishment, fit out and space planning works including changing facilities, workshops and ancillary accommodation.

RAF Welford

- Office accommodation – full refurbishment and condition improvement projects.

Dstl Salisbury

- Specialist building with complex user requirements.
- New hangar, fit out and complex space planning works including changing facilities, workshops and ancillary accommodation.

Land Warfare Centre

- Major refurbishment – worked closely with the client group to produce designs that not only accorded with strict regulatory requirements, but also met the day-to-day operational needs of the user group.

Core Competencies

- Defence Sector Expertise
- Innovative & Secure Design Solutions
- Sustainability
- Collaborative Culture
- Agile Working Methodology
- Cost Effective Designs
- Compliance & Security

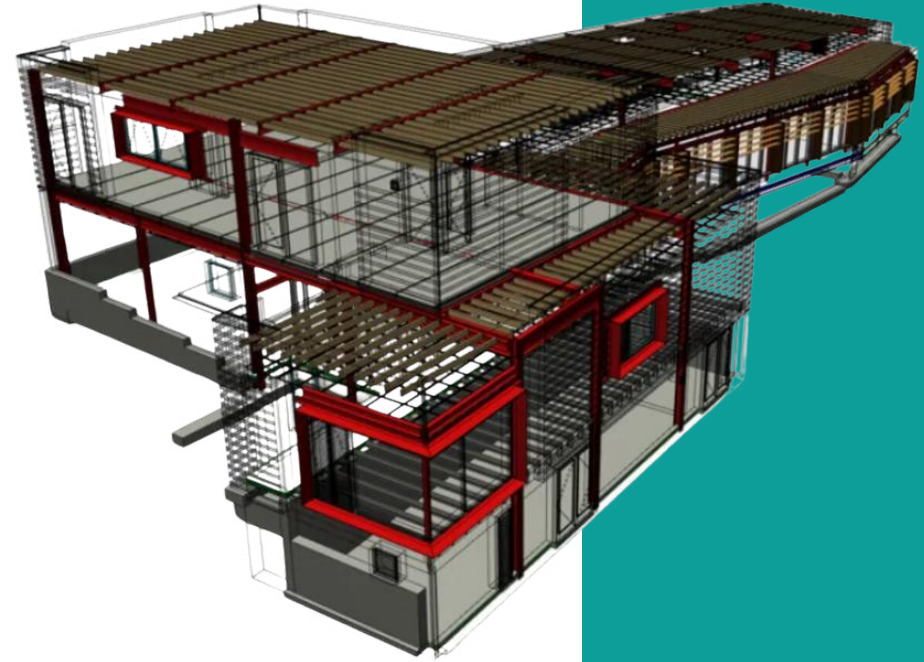

Quattro. Differentiators.

- Information Security
- Handling of Classified Documents
- Short Initiative Sessions to Meet Deadlines
- Minimise Impact on Core Activities
- Personal Approach
- Agile and Responsive

Digital Transformation

We are committed to using technology to enhance every aspect of our business; for efficiency and to aid client engagement.

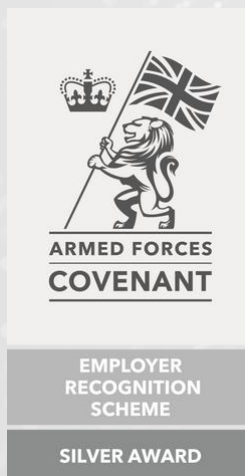

- Building Information Modelling (BIM)
- Immersive Technologies - e.g. Virtual Reality
- Digital Collaboration Tools

Accreditations

We take compliance seriously and our dedicated team is committed to upholding the highest standards of data protection and security (cyber and physical).

- Cyber Essentials Plus
- BPSS and SC Cleared Staff
- ISO 9001, 14001, 45001

Supplier

As a company, we're grateful for the many sacrifices made by members and veterans of HM Armed Forces, HM Armed Forces Reservists and their families, past, present and future.

Whilst Quattro exists to design exceptional spaces, we fully recognise that we have an opportunity to pay our respects to HM Armed Forces and support in any way we can as an organisation.

Architectural Sectors

Our experienced team has extensive wider experience across a range of architectural sectors, with significant overlap with the MOD's estate requirements. These include;

- Health & Medical Centres
- Sports Facilities
- Leisure
- Education
- Hospitality
- Accommodation
- Office Spaces

Creative & Collaborative

Supporting military capabilities is at the core of our defence team's philosophy.

Our aim is to create exceptional environments that support the operational effectiveness, safety and well-being of our Armed Forces community.

We ensure that our designs are tailored to meet evolving defence needs, providing spaces that are not only functional and sustainable, but also secure and cost-effective. This philosophy is evident across all sectors we collaborate with.

Sustainability & Innovation

Our specialist defence team has considerable experience in delivering highly successful, sustainable & innovative designs and solutions across the numerous sectors in which we work.

Our breadth of experience, across multiple sectors, lends itself perfectly to the wide-ranging needs and challenges of the UK's defence estate.

Where We Work

We're well placed to deliver nationally acclaimed schemes on a regional and local basis.
