TWOTHIRDS

Who we are

Founded in 2010 by surf enthusiasts, TWOTHIRDS is an ocean-inspired slow fashion brand for women and men. We spearhead the use of innovative low-impact materials and are B Corp Certified.

Our mission is to bring **positive change to the fashion industry and protect what we love: our ocean.** All our premium-quality clothing is designed in Barcelona and crafted with love in Portugal and Spain.

SS26 Collection

Inspired by the chiringuito culture born in Sitges, Spain, over a century ago. Every garment will have customers dreaming of Mediterranean holidays past and present.

Our women-led design team have combined bestselling surf-inspired styles with classic, minimalist looks. Eye-catching beach prints depict instantly relatable seaside iconography.

Pull up a deck chair, plant your parasol in the sand, and dive in...

Local production & B Corp

100% Made in Europe

All our clothing is crafted with love in family-run factories in Portugal and Spain. Many have worked with us for over a decade, ensuring ethical labour standards and premium artisanship.

Fabrics and yarns are sourced from local European suppliers. Transaction certificates can be provided upon request to verify GOTS, GRS or equivalent standards.

B Corp Certified

Meeting the highest environmental and social standards since 2022.
