that masterfully combines opulence
and versatility.

NOOS SS26

We're proud to introduce the new NOOS SS26 Collection from WITHBLACK – a strong and focused concept created for the professional retailer who values a stable, commercial assortment with high availability and low risk.

NOOS (Never Out Of Stock) is WITHBLACK's partnership model, offering daily reorders – piece by piece – across a curated selection of our most in-demand core products. The concept is designed to support your business with proven bestsellers that can be replenished continuously and flexibly.

How to become part of WITHBLACK NOOS:

Gaining access to daily NOOS reorders only requires a one-time preseason order of a tailored basic assortment. This starting assortment includes the essential products that make a real difference in your store – and represent the core DNA of WITHBLACK.

Getting started is simple and transparent:

- Order value: The initial order must reach a minimum of EUR 2,000.
- Free product mix: You're free to mix styles and colors across the NOOS collection – build the assortment that fits your store.
- Minimum per color: A minimum of 6 pcs per color is required, with flexible size allocation from XS to XL.

Once your preorder is placed and confirmed, you'll gain full access to daily reordering – even down to re-ordering single units – starting from the first delivery month of the season. This ensures your key styles are always in stock at the right time.

This gives you maximum flexibility – while reducing stock pressure, overstocks, and the risk of unsold inventory.

The NOOS SS26 Collection is a strategic tool designed to create continuity and drive additional sales in your core assortment. It's an invitation to a partnership where we take shared responsibility for delivering stability, quality, and consistent supply – season after season.

Please note:

Starting from SS26, reorders will only be available for the NOOS products included in your initial preorder. Other styles will not be accessible through the B2B platform. This ensures a focused and efficient collaboration built on joint planning and mutual commitment.
