2026-2027 CATALOG
EVERYDAY & CHRISTMAS

We are so excited to share with you our 2026–2027 Museums & Galleries Catalog! You are going to be blown away!

At Notes & Queries, we believe paper goods should do more than mark an occasion — they should invite curiosity, spark connection, and reflect a well-considered point of view. The Museums & Galleries collection embodies this philosophy, offering greeting cards, gift wrap, packaging, and stationery that feel both meaningful and beautifully made.

Inspired by renowned museums, galleries, and contemporary artists, each design draws from art, culture, and timeless creativity. These are pieces that reward a closer look — thoughtfully produced, rich in detail, and designed to be returned to for moments both everyday and significant.

For independent retailers, Museums & Galleries offers the opportunity to create a cohesive brand statement within the store — one that signals taste, intention, and a love of design with substance.

The collection sits comfortably alongside books, objects, and gifts chosen with care, appealing to customers who value story as much as style.

We invite you to explore Museums & Galleries as a natural extension of the Notes & Queries sensibility — where paper becomes a point of discovery, and every card or wrap carries meaning beyond the moment.

Thank you for supporting our work. Because of you, we're able to support twenty employees and their families — your business genuinely makes a difference to us every day. Please don't hesitate to reach out if you have any questions.

Sincerely,

Vanessa & Alan Harnik

Angela Harding is a printmaker working from her rural studio in Rutland, whose works are inspired by her love of birds, animals, and the beauty of the British Countryside. Her studio overlooks sheep fields surrounded by gentle sloping hills, a comforting landscape that feels like home.

“My husband Mark and I have a small wooden sailboat, so our summers are often spent on the Norfolk and Suffolk Coast. I always take a sketchbook on these trips and record the birds we see in scribbles, so that later in the studio I can develop them into more formal designs.”

“I grew up in the countryside, so I have always been surrounded and inspired by nature. One of my favorite things to do is walk... I sketch and make mental notes whilst out and about, which then become ingredients for my paintings — a hare dashing across my path, wildflowers swishing in the breeze, birds singing in the hedgerows...

I remember the colors and textures of the landscape, noticing the effects of the changing seasons and weather on everything. I then set to work on my paintings when I return to my studio.”

Created by Michael Bond and illustrated by Peggy Fortnum over 50 years ago, Paddington, the accident-prone bear from darkest Peru, is loved by children and adults alike.

Well-known for his preference for marmalade sandwiches and good intentions which somehow always result in chaos, the cute bear is never seen without his blue duffel coat and floppy red hat.
