OPTIONS AVAILABLE

University Preparation Students may choose 1 of the following

UCAT , TSA , LNAT, MAT and/or PAT preparation
or discuss individual requirements during the registration process

English Language/IELTS preparation is available as a subject or as an extra course.

Extra-curricular include: (some or all of the following, depending on the length of stay)
Punting (a very Oxford sport!), a historic Oxford city tour, a trip to Blenheim Palace (birthplace of Winston Churchill), and a trip to London.

About the programme:

As a result of increasing competition for the limited number of top places, universities are demanding ever higher grades from prospective applicants. Cherwell College Oxford recognises that in order to produce the high standard of work required to achieve these grades, students may well require supplementary tuition in addition to that provided during their school year.

- Founded in 1973, Cherwell is an established and well recognised College with a well-known reputation for high and consistent academic standards. Throughout the academic year Cherwell specialises in preparing students under close personal supervision for entrance into higher education through its full time A-Level programmes.
- Each academic year, approximately 75 students join Cherwell to study A-Levels or iGCSEs; prepare for competitive Oxbridge entrance assessments, including UCAT, TSA, LNAT, MAT, and PAT.
- The College is in the city centre – the very heart of Oxford. The study centre is at Frewin Court, just a short walk away from the student residence, Cherwell House, Osney Lane.

Accommodation & Welfare

Students attending the course on a residential basis will be allocated an en-suite single bedroom in Cherwell House, our purpose-built student accommodation.

For residential students, all meals (breakfast, packed lunch, and dinner) will be prepared at Cherwell House. The course supervisors and residential welfare team will be available for assistance.

Residential students are expected to arrive in the early evening on reception day (Sunday). Once rooms have been allocated, supper will be served at 6:00 pm, followed by an introduction by a residential staff member.

The course finishes at approximately 5:30 pm on Friday.

Weekend accommodation (*at an additional cost*) can be arranged for students enrolling for more than one week and who wish to stay in Oxford.

Reports

A report will be compiled for each student at the end of the course describing the pupil's attitude, approach and progress made over the course weeks.

The report will be dispatched as soon as possible after the close of the course/end of month.
