Specialist in ready to fill & decorate pastry
since 1967

Bring **colors** to your plate in **2026**

For over 50 years, Pidy has been revolutionizing professional kitchens with a complete range of ready-to-fill products, from savory to sweet, designed to meet all creative desires. In this catalog you will discover our Pidy range made in the USA and a selection of few European products.

- Our range of orange marmalade, red berry, and plain frangipane fillings are offered in both 4" and 9" sizes, ideal for food service, in-store bakeries, and industrial customers. These versatile fillings provide consistent quality and rich flavors, perfect for pastries, tarts, and other baked goods. With easy handling and reliable performance, they help streamline production while delivering a premium taste that enhances the final product.
- Our ready-to-decorate large format prefilled range is available in 4" fluted, 6" heart-shaped (perfect for Valentine's Day and Mother's Day), 8" fluted, and 9" fluted sizes. These convenient, prefilled and ready to decorate products save time and ensure consistency, offering a high-quality base that's perfect for decorating with minimal effort. Ideal for seasonal promotions or everyday use, they provide a premium finish and ease of customization for a wide variety of baked goods.

New product

Our ready-to-decorate products save time and simplify supply chains by eliminating the need for filling, preparation, and additional labor, allowing customers to focus on decoration and final touches. With their premium quality, they offer a consistent, high-end product without compromising on cost, providing a balanced, affordable solution that doesn't sacrifice flavor or texture. By streamlining production and reducing labor costs, these products help improve efficiency, enhance profit margins, and ensure a high-quality end product with minimal effort.

OUR COMMITMENTS

THE CLEAN PROGRAM

Launched nearly 3 years ago, the Clean program focuses on developing our recipes using high-quality raw materials that are strictly selected, while minimizing the use of additives and other E-numbers as much as possible. It applies to all of our product families. By 2027, the entirety of our product recipes will be “clean.”

THE GREEN PROGRAM

Because our planet is precious and its resources are limited, we continuously work on improving our production methods, raw material sourcing, and packaging with one goal in mind: **reducing our carbon footprint.**
