STYLE & COLOUR GUIDE | CANADA 2025

BUY SMART. LOOK SMART.

At Gildan®, we're all about helping you make the smart move by providing dependable, quality printwear at the best prices. The kind of product that raises eyebrows and IQ's.

How do we achieve this?

Our vertically integrated manufacturing model allows us to oversee nearly every aspect of production, from procuring the cotton we spin to loading your order onto the delivery truck. This ensures the greatest possible consistency, so you can count on a small Gildan® 5000 to fit consistently.

Our mission to make you look smart doesn't stop there. We're constantly innovating to enhance our products, with our new Soft Cotton technology that makes for softer and durable styles.

And if choice is what you need, we've got you covered. From 100% U.S. cotton to 100% polyester, performance wear to polos, and semi-fitted to classic fits, we have the ideal option for any decorating technique.

From garments that look stylish on you or on paper, Gildan® has you covered.

Gildan®. Just Smart.

Special Tips

DTG: The amount of pre-treat used on fabric blends might differ of the amount used on 100% cotton.

SUBLIMATION: Best results on 100% polyester, use it preferably on white or light colours. Use 50% polyester blends or higher for vintage and faded prints. Always check temperature settings to avoid melting of polyester.
