

Align

Specification

BISLEY

Presenting Align by Bisley, our versatile new range of office desks that are designed for flexibility, functionality, and ultimate comfort for a smoother workday.

Proudly made in the UK, Align is a collection of office desks that are an essential addition to the workplace. High-quality and available in various sizes, configurations, and finishes, Align is available in three leg style options: goalpost, A-frame, or solid oak. Depending on your preference and aesthetic, Align adapts effortlessly to suit all office requirements – from single desks to eight-person benches, making collaborative working simple and scalable.

Align can also be combined with our popular office desk storage solutions—Buddy, Caddy, Note Pedestals, and Pal—to truly maximise and enhance your floor space.

The Align range includes additional accessories to elevate productivity and ergonomic comfort, such as discreet cable ports, acoustic screens, monitor arms, and modesty panels. Every detail has been carefully considered and designed, providing a comprehensive solution that covers all your office needs in one streamlined package.

Features

Concise range - single and bench desk configurations. Fixed height, fixed tops, and a palette of readily available finishes.

Desk storage to complement Align - Note Pedestals, Pal, Buddy, Caddy, Bite, and more.

Desk-mounted screens, modesty panels, enhanced wire management, power, and monitor arms.

Three leg styles - solid oak, A-frame, and goalpost legs. Robust, telescopic support beam with cable management built in.

UK manufactured.

5 years warranty.

Benefits

Competitively priced with ease of specification and reconfiguration.

Different aesthetics on the same well-engineered and priced supporting structure.

One stop shop for desking needs. Logistics simplified, delivery, and installation costs reduced as customers are now able to specify furniture requirements.

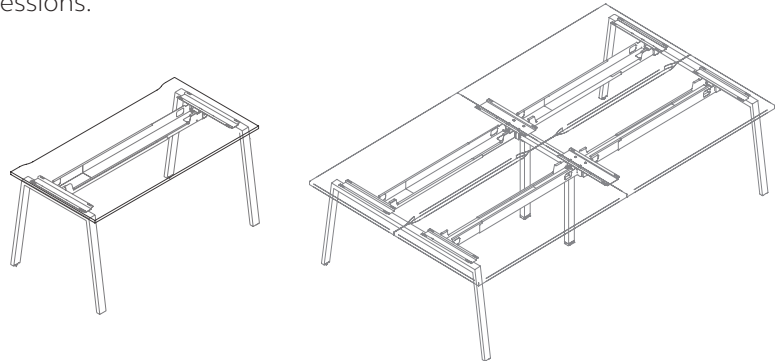

Lead times, carbon footprint, and delivery costs are kept to a minimum.

The telescopic beam allows the supporting structure to flex from 1200-1800w desks to cope with different edge profiles, and provides a place to manage cables.

Range Overview

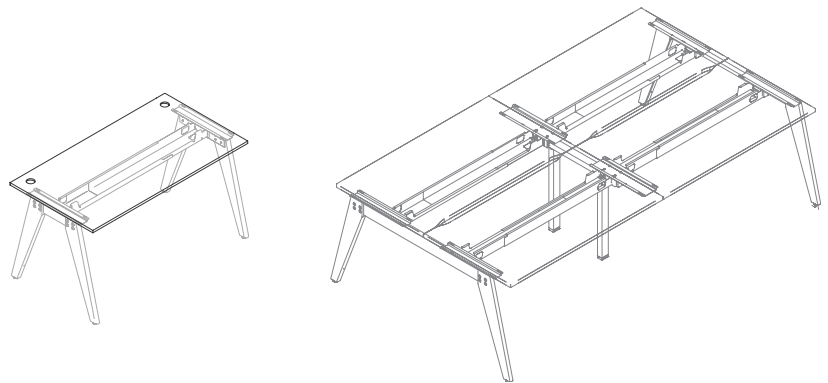

Goal post

A firm industry favourite, our goalpost leg offering is the classic offering for our desking range. Our goalpost legs are the perfect choice for the desks and benches within the collection - perfect for head down tasks and collaborative sessions.

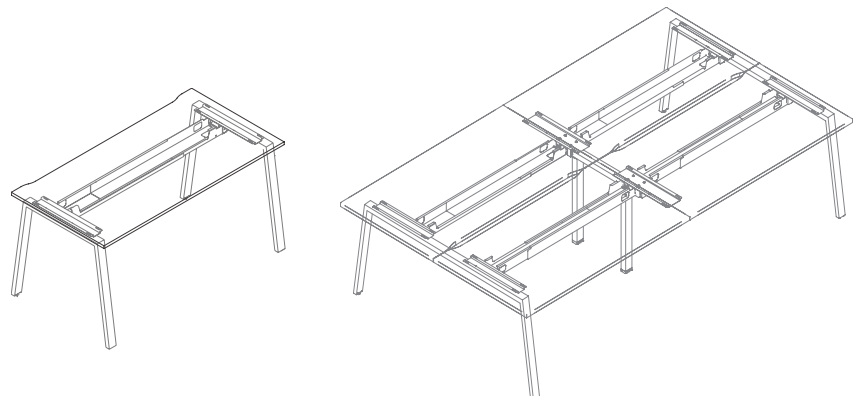

Solid Oak

Create a homely, welcoming feel while at work with our Align desk with accompanying solid oak legs. The epitome of high-quality, aesthetic, and durability, these office desks can transform the space from cold and functional to warm and welcoming.

A-frame

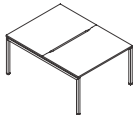

Select our A-frame steel legs to give your office desk an industrial yet intricate feel. Durable and high-quality, our A-frame offering is an attractive alternative to our goalpost legs.
