Santiago Sevillano

The Phil collection is inspired by the natural beauty of the Philippines. Its organic curves and rounded shapes bring softness and harmony to any setting, seamlessly blending into both natural landscapes and more minimalistic or colorful architectural environments.

With generous proportions and refined comfort, Phil is the perfect choice for creating inviting outdoor lounge spaces, from private retreats to premium hospitality projects.

Santiago Sevillano

"Furniture should blend with nature, not compete against it. With Phil, we wanted to create a collection that respects its environment and embraces it with grace."

Santiago Sevillano, an internationally renowned Spanish designer based in Valencia, has built his reputation on a design language defined by organic forms, exotic spirit and bold innovation. With a career spanning decades and collaborations with leading global brands, Sevillano has established himself as one of Spain's most distinctive voices in contemporary design. His philosophy is rooted in the belief that furniture should be more than functional objects. It should evoke emotion, flow with its surroundings and enrich everyday life.

It is this vision that made the collaboration between Jati Kebon and Santiago Sevillano a natural fit. Together, we share a passion for creating luxury outdoor furniture that is not only seen but felt. Design that delivers experiences, not just products. For Jati Kebon, partnering with Sevillano means expanding our creative horizon and embracing a design approach that unites innovation, craftsmanship and authenticity.

The Phil Collection

From this collaboration emerged the Phil Collection, a series of outdoor pieces that reflect Sevillano's unmistakable touch. With its rounded silhouettes, fluid lines and refined detailing, Phil captures his drive to create furniture that is emotional yet functional, bold yet timeless. Inspired by the warm, vibrant colors of sunsets in the Philippines, the collection introduces expressive tones that enrich outdoor spaces with character and sophistication.

The Phil Collection is more than a collaboration: it is the embodiment of Sevillano's philosophy brought to life by Jati Kebon's commitment to luxury outdoor living, resulting in pieces that are stylish, durable and deeply authentic.

“Every line in the collection is designed to support that sense of comfort and connection.”

*“With Phil, we designed more than furniture.
We shaped moments of togetherness during
a sunset under the open sky.”*
