ABOUT

Hi, I'm Megan! The maker and founder of Cayman & Company - a bespoke candle and soap brand located in Fort Wayne, IN. Handcrafted just for you, woman-owned, and made with ingredients you can pronounce.

Cayman & Company is all about simple and natural ingredients, and super funky packaging for the fun-loving individuals of the world! Just because we use simple, clean ingredients doesn't mean the packaging can't be fun. All of our ingredients are 100% cruelty-free, fragrances are vegan, paraben, and phthalate-free. Our wax is made with sustainable US-grown soybeans.

Every product is developed, tested, thoughtfully handmade, labeled, and packed by me - and my incredible husband, Jeremy.

With a love for handmade, natural home fragrance products, and a big heart for animals, Cayman & Company aims to encourage indulgent self-care and mindful giving, all while giving 3% of sales to various no-kill animal shelters. After all, my small business is named after our rescue dog, Cayman.

Thank you for being here and for your interest in carrying my line of candles, soap, and shampoo bars. I look forward to making you smile, maybe even giggle, with my products, and ultimately earn your business and trust!
