THANK YOU FOR YOUR SUPPORT!

Ms. Callie's vision was to discover, develop and put on display adults over 40 from all shapes, sizes, cultures, and social background. For the past 31 years CLW and Forty Plus Models have been instrumental in enhancing, transforming, and renewing the lives of the young and the young at heart.

WE PAY TRIBUTE TO HER DREAM!

HISTORY CLW FORTY PLUS MODELS

Callie Lewis-Watson and The Forty Plus Models, Inc. is a non-profit, tax exempt organization. This organization was first a dream conceived by the late Mrs. Callie Lewis-Watson. Her desire was to present mature women with an appreciation of dignity, elegance, and style on a runway in the public eyes. This dream became a reality in May 1991 when forty friends came together to present the first Forty Plus Models Fashion Show at the Stouffer Hotel.

The second show was presented In La Marque, Texas.

The Forty Plus Models, Inc. was officially organized in January 1993. The late Mrs. Callie Lewis-Watson and The Forty Plus Models, Inc.'s purpose is to give assistance to the community. The primary function is to (1) distribute funds for charitable, educational projects to organizations that qualify, (2) support churches, church auxiliaries, sororities, and youth groups, and (3) provide financial assistance to deserving high school seniors so they may accomplish their goals, college dreams, and achieve their career objectives.

Because of the Forty Plus Models membership, the organization has made progress toward accomplishing its goals. The first group to receive a scholarship donation was the South Central Region of National Women of Achievement. Since that time, many youth groups and outstanding high school seniors have been awarded scholarships and contributions have been made to other community projects.

The Forty Plus Models, Inc. organization will continue to encourage matured women over 40 years of age to present fashions with dignity, style, and sophistication. We look forward to continuing our endeavors on behalf of today's youth - our future generations.

THANK YOU FOR YOUR CONTINUED SUPPORT!

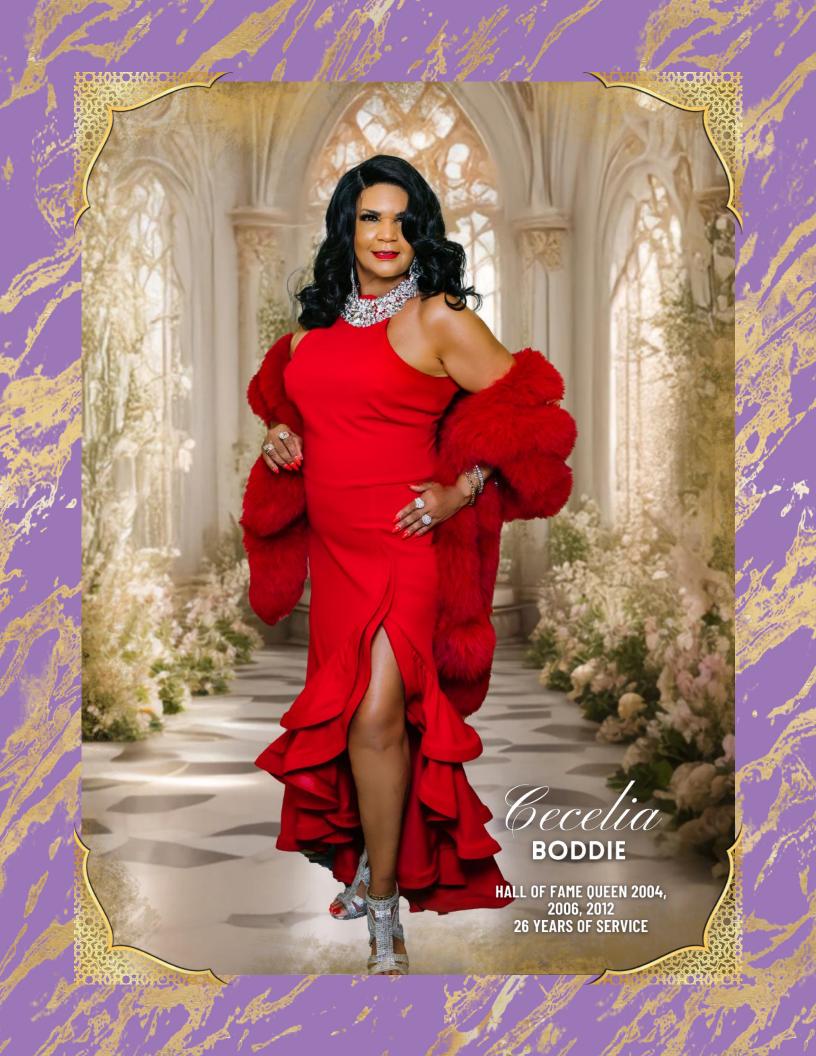

Thank you all for supporting me with CLW Forty Plus Models, Inc. over the years and first timers as well. It still takes a village, and we appreciate you partnering with us in our efforts.

Keep coming, keep giving, keep loving what we do. God bless you!

defined by a set of qualities that include being eclectic, relentless, tenacious, forward-thinking, and most importantly, persevering. Over her 34-year career as an educator, she made a lasting impact on countless students, colleagues, and the community, particularly in Houston ISD, where she spent 33 of those years.

One of Carlotta's greatest achievements came during her time at Lora B. Peck Elementary, where she earned the prestigious Terrell H. Bell Award in 2008, recognizing her as one of the top five principals in the nation for her outstanding leadership. Her school's transformation earned it a 2008 National Blue Ribbon Award from the U.S. Department of Education, a major accomplishment as it became a turnaround school within three years. This success story included consolidating two schools into one—a feat that showcased her leadership and vision.

Her work went beyond the classroom and earned her widespread recognition. One of Carlotta's most unforgettable moments occurred when she was surprised on The Ellen DeGeneres Show, where Ellen DeGeneres herself awarded her school and students \$100,000, with Carlotta receiving a personal \$10,000 award. Carlotta used the funds to purchase iPads for her students, a gesture that highlighted her commitment to improving educational experience for all. The story that led to this surprising recognition by Channel 11 and Len Cannon stemmed from Carlotta's advocacy for the homeless department, making her a role model for educators everywhere.
