Delivering the finest food for over 80 years

Not all Heroes wear capes!

We know that behind every delicious plate of food there is a whole army of unsung heroes behind the scenes, armed with mops and sprays, protecting kitchens and keeping food safe for your diners.

Clean Range Pro is the new brand of professional cleaning products by Country Range – arming you with powerful, reliable cleaning solutions to win the battle against bacteria. The range has been developed to help you to simplify the cleaning process whilst being able to clean and disinfect in less time with products you can trust.

CREATED **WITH CARE**

- Our 750ml trigger spray bottles and triggers are 100% recyclable, manufactured entirely from plastic with no metal parts.
- Our products are not tested on animals.
- All surfactants used in our products comply with the current European regulations concerning biodegradability and protection of the environment.

Do you currently use Country Range Professional products? Clean Range Pro products are the same great quality but with a new look! See page 19 to find the corresponding code for all of our chemical products.

FLOOR CARE

FOOD & BAR HEROES

Our food and bar range of products ensure that equipment, surfaces and general areas where food and beverages are prepared are hygienically clean and safe.

TOP TIPS

Five top tips for keeping professional kitchens clean and safe:

1. Use daily, weekly and monthly cleaning checklists. High-risk areas such as prep surfaces, handles and sinks should be cleaned multiple times per day.
2. Encourage staff to clean as they go throughout service, making end-of-day cleaning faster and more thorough and preventing build-up and cross-contamination.
3. Colour-code cloths, brushes and mops to avoid cross-contamination with other areas such as washrooms.
4. Don't forget hidden areas – regularly clean under equipment, behind appliances, hard to reach areas and drains.
5. Ensure all staff are trained on cleaning procedures. Assign clear responsibilities and conduct routine inspections to maintain high standards..
