- Ref. 2633 **Abacus (3 columns)**
- Ref. 2634 **Abacus (5 columns)**
- Ref. 2636 **Montessori Abacus (5 columns)**

Didactic content

To identify, know the positional value and the decomposition of the number.

Material

Chipboard base; nickel - plated ribs and plastic counters.

Size

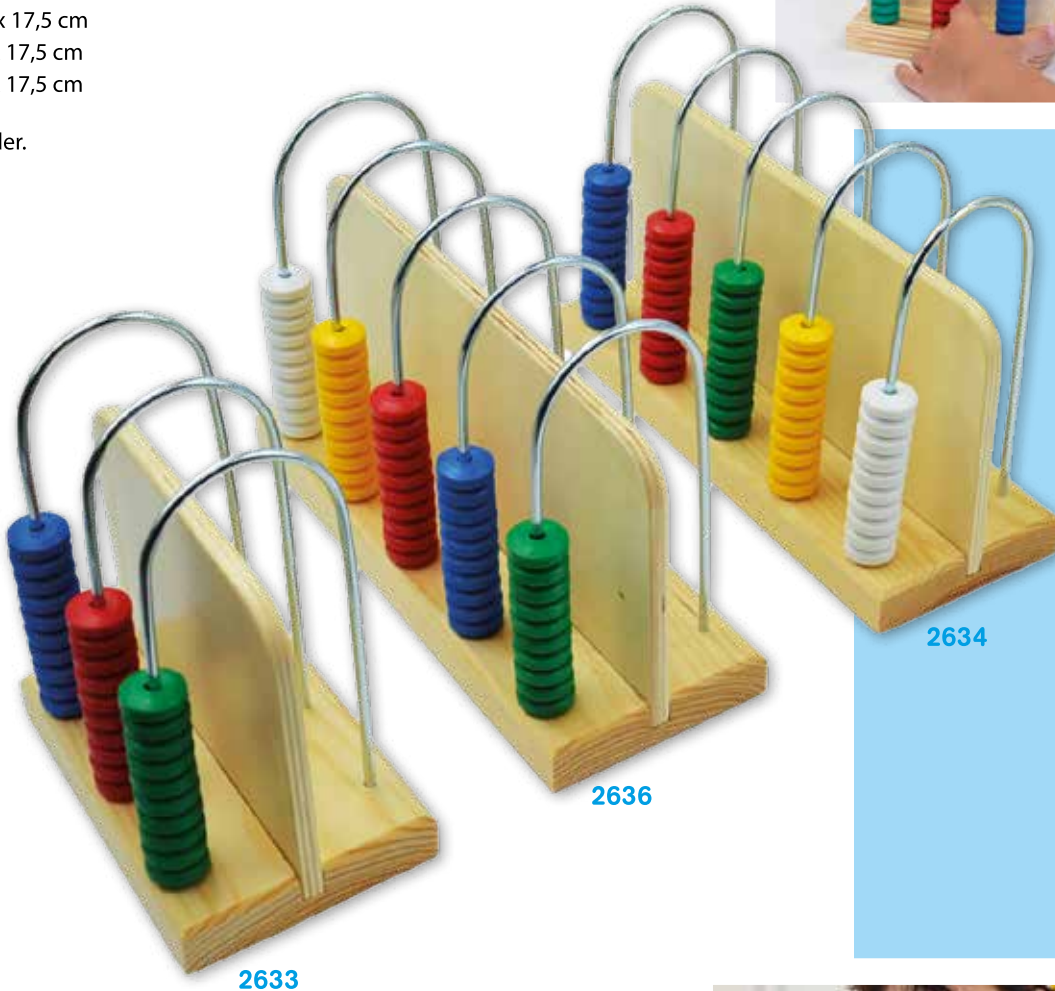

2633 15 x 10 x 17,5 cm

2634 25x 10 x 17,5 cm

2636 25x 10 x 17,5 cm

Ages

5 years and older.

- Ref. 8020 **Abacus Domino**

Didactic content

To calculate the value of the representation of the abacus, depending on the position of the counters.

Material

28 counters made of injected plastic, washable, of 8 x 4 mm. and 2 mm. thick / 0,315 x 0,157 inch and 0,078 inch thick.

Packaging

Translucent reusable case.

Size

24 x 20 x 3 cm. / 9,448 x 7,874 x 1,181 inch.

Ages

6 years and older.

- Ref. 8337 **Abacus dominoes in cardboard box**

- Ref. 8200 **Addition Domino**
- Ref. 8201 **Subtraction Domino**
- Ref. 8230 **Addition & Subtraction Domino**

The third reference contains the two first dominoes in a single packaging.

Material

28 counters made of injected plastic, washable of 8 x 4 cm., and 2 mm. thick / 3,149 x 1,574 inch and 0,0787 inch thick.

Packaging

Translucent reusable case.

Size

24 x 20 x 3 cm. / 9,448 x 7,874 x 1,181 inch.

Ages

6 years and older.

- Ref. 8202 **Multiplication Domino**
- Ref. 8203 **Division Domino**
- Ref. 8231 **Multiplication & Division Domino**

The third reference contains the two first dominoes in a single packaging.

Material

28 counters made of injected plastic, washable of 8 x 4 cm., and 2 mm. thick / 3,149 x 1,574 inch and 0,0787 inch thick.

Packaging

Translucent reusable case.

Size

24 x 20 x 3 cm. / 9,448 x 7,874 x 1,181 inch.

Ages

7 years and older.

- Ref. 8204 **Same Sums Domino**
- Ref. 8205 **Same Subtractions Domino**
- Ref. 8232 **Same Sums & Subtractions Domino**

The third reference contains the two first dominoes in a single packaging.

Material

28 counters made of injected plastic, washable of 8 x 4 cm., and 2 mm. thick / 3,149 x 1,574 inch and 0,0787 inch thick.

Packaging

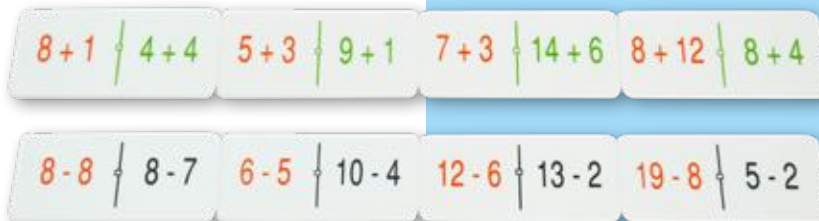

Translucent reusable case.

Size

24 x 20 x 3 cm. / 9,448 x 7,874 x 1,181 inch.

Ages

6 years and older.

- Ref. 8212 **Algebra Domino 1**
- Ref. 8213 **Algebra Domino 2**
- Ref. 8236 **Algebra 1 & 2 Domino**

The third reference contains the two first dominoes in a single packaging.

Material

28 counters made of injected plastic, washable of 8 x 4 cm., and 2 mm. thick / 3,149 x 1,574 inch and 0,0787 inch thick.

Packaging

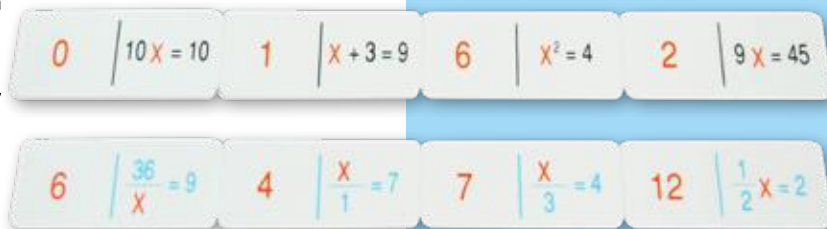

Translucent reusable case.

Size

24 x 20 x 3 cm. / 9,448 x 7,874 x 1,181 inch.

Ages

7 years and older.

- Ref. 8206 **Powers and Square Roots Domino**
- Ref. 8207 **Fraction Domino (squares)**
- Ref. 8233 **Powers & Fractions Domino**

The third reference contains the two first dominoes in a single packaging.

Material

28 counters made of injected plastic, washable of 8 x 4 cm., and 2 mm. thick / 3,149 x 1,574 inch and 0,0787 inch thick.

Packaging

Translucent reusable case.

Dimensions

24 x 20 x 3 cm. / 9,448 x 7,874 x 1,181 inch.

Ages

12 years and older.

- Ref. 8208 **Fraction Domino (Decimals)**
- Ref. 8209 **Decimal Fraction Domino**
- Ref. 8234 **Decimal Fraction Domino**

The third reference contains the two first dominoes in a single packaging.

Material

28 counters made of injected plastic, washable of 8 x 4 cm., and 2 mm. thick / 3,149 x 1,574 inch and 0,0787 inch thick.

Packaging

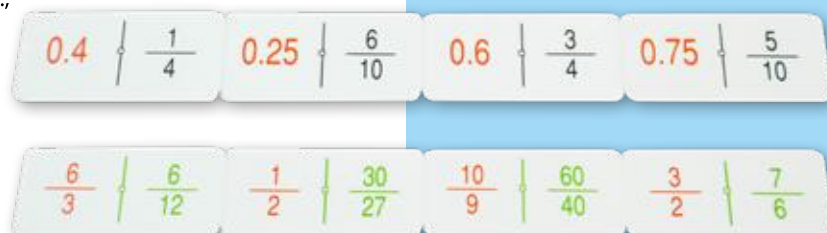

Translucent reusable case.

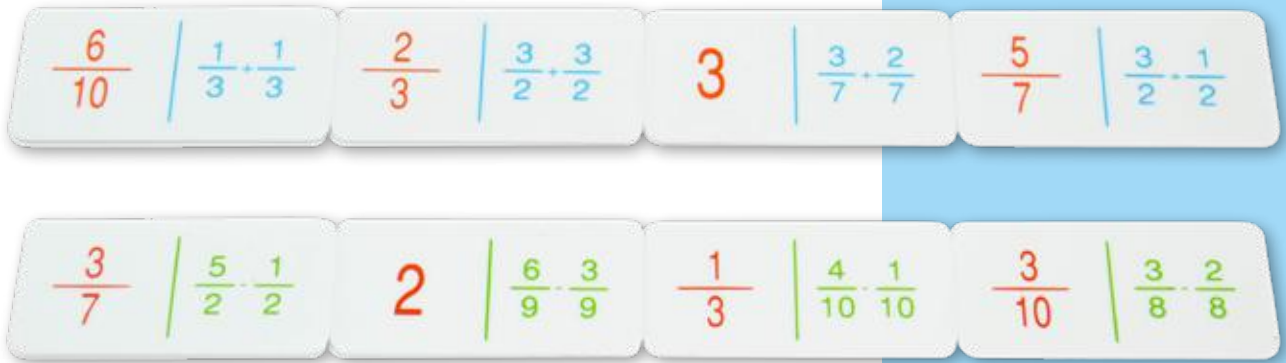

Dimensions

24 x 20 x 3 cm. / 9,448 x 7,874 x 1,181 inch.

Ages

12 years and older.

- Ref. 8210 **Fraction Sums Domino**
- Ref. 8211 **Fraction Subtractions Domino**
- Ref. 8235 **Addition & Subtraction Domino**

The third reference contains the two first dominoes in a single packaging.

Material

28 counters made of injected plastic, washable of 8 x 4 cm., and 2 mm. thick / 3,149 x 1,574 inch and 0,0787 inch thick.

Packaging

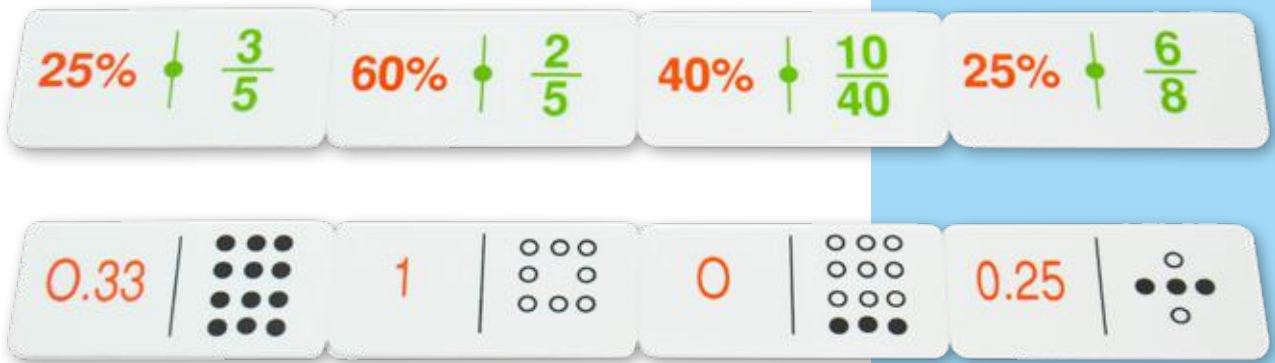

Translucent reusable case.

Dimensions

24 x 20 x 3 cm. / 9,448 x 7,874 x 1,181 inch.

Ages

12 years and older.

- Ref. 8214 **Percentages Domino**
- Ref. 8215 **Fraction Domino (Dots)**
- Ref. 8237 **Percentages & Fraction Domino**

The third reference contains the two first dominoes in a single packaging.

Material

28 counters made of injected plastic, washable of 8 x 4 cm., and 2 mm. thick / 3,149 x 1,574 inch and 0,0787 inch thick.

Packaging

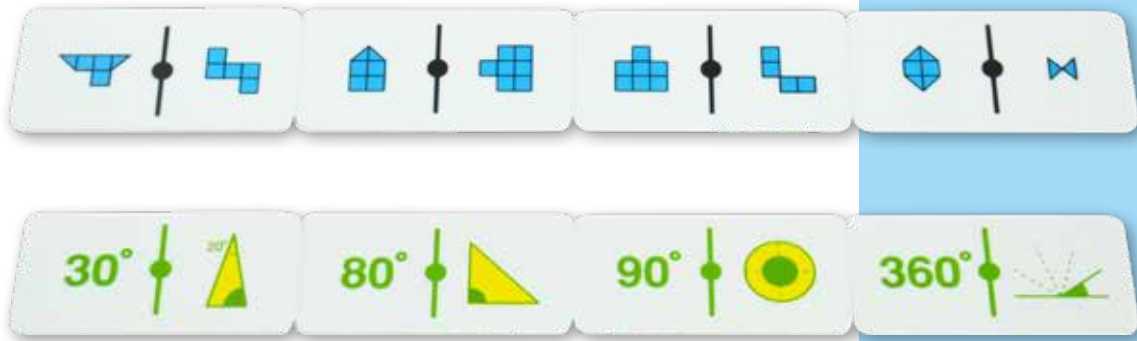

Translucent reusable case.

Dimensions

24 x 20 x 3 cm. / 9,448 x 7,874 x 1,181 inch.

Ages

12 years and older.

- Ref. 8216 **Domino of Areas** (graphic rep.)
- Ref. 8217 **Domino of Angles and Degrees**
- Ref. 8238 **Areas, Angles and Degrees domino**

The third reference contains the two first dominoes in a single packaging.

Material

28 counters made of injected plastic, washable of 8 x 4 cm., and 2 mm. thick / 3,149 x 1,574 inch and 0,0787 inch thick.

Packaging

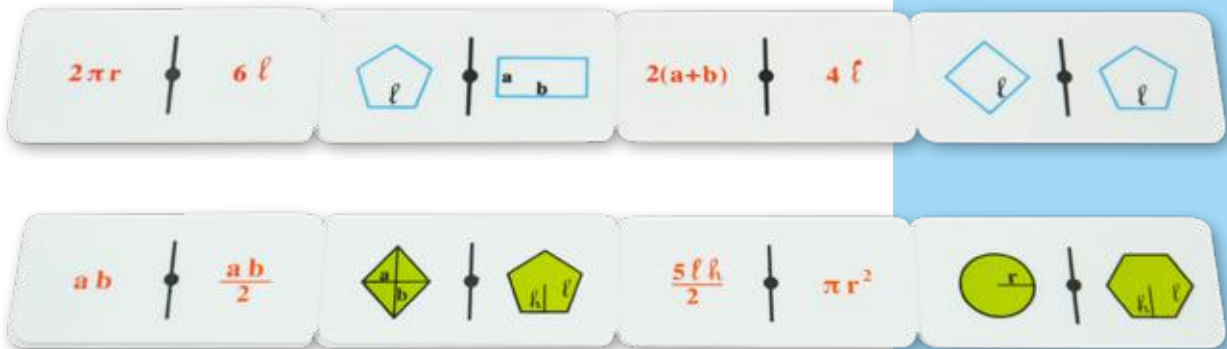

Translucent reusable case.

Size

24 x 20 x 3 cm. / 9,448 x 7,874 x 1,181 inch.

Ages

10 years and older.

- Ref. 8218 **Domino of Perimeters**
- Ref. 8219 **Domino of Areas** (formulae)
- Ref. 8240 **Perimeters and Areas domino**

The third reference contains the two first dominoes in a single packaging.

Material

28 counters made of injected plastic, washable of 8 x 4 cm., and 2 mm. thick / 3,149 x 1,574 inch and 0,0787 inch thick.

Packaging

Translucent reusable case.

Size

24 x 20 x 3 cm. / 9,448 x 7,874 x 1,181 inch.

Ages

10 years and older.

● Ref. 8300

Weight Domino

Didactic content

We need to associate the same weights, expressed in distincts units, in addition of the kilogram.

Material

28 injected plastic counters, washable of 8 x 4 cm., and 2 mm. thick / 3,149 x 1,574 inch and 0,0787 inch thick.

Packaging

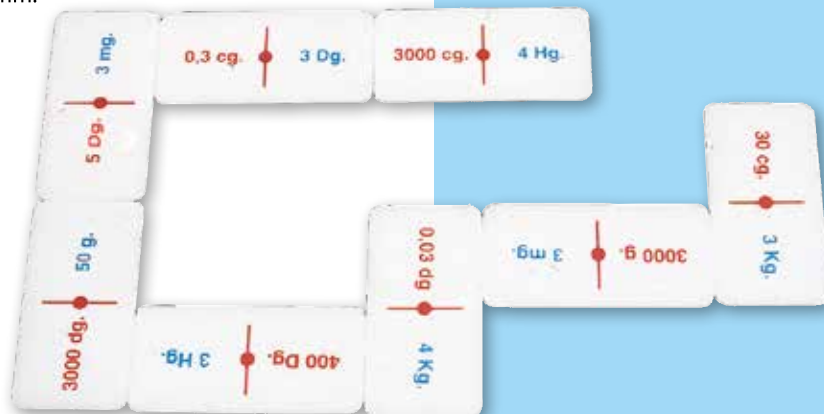

Translucent reusable case.

Size

24 x 20 x 3 cm. / 9,448 x 7,874 x 1,181 inch.

Ages

10 years and older.

● Ref. 8302

Length Domino

Didactic content

We need to associate the same lengths, expressed in distincts units, in addition of the metre.

Material

28 injected plastic counters, washable of 8 x 4 cm., and 2 mm. thick / 3,149 x 1,574 inch and 0,0787 inch thick.

Packaging

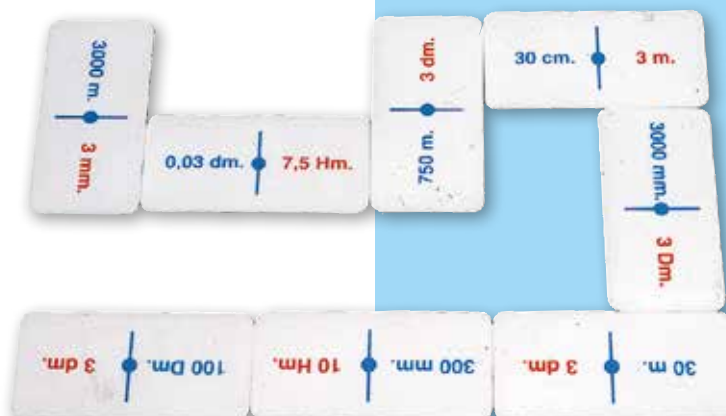

Translucent reusable case.

Size

24 x 20 x 3 cm. / 9,448 x 7,874 x 1,181 inch.

Ages

10 years and older.

● Ref. 8301

Capacity Domino

Didactic content

We need to associate the same capacities, expressed in distincts units, in addition of the litre.

Material

28 injected plastic counters, washable of 8 x 4 cm., and 2 mm. thick / 3,149 x 1,574 inch and 0,0787 inch thick.

Packaging

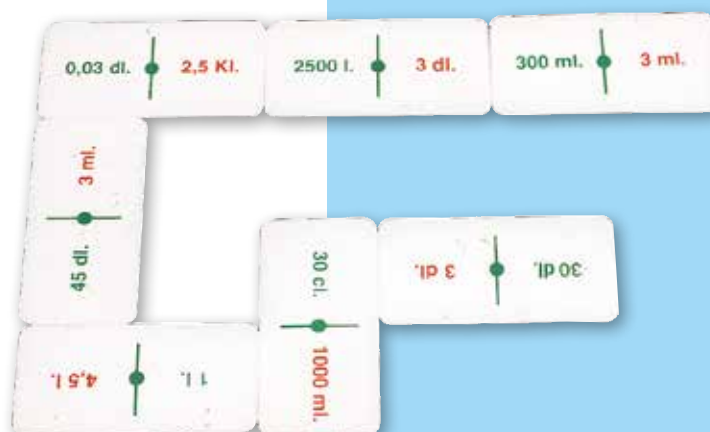

Translucent reusable case.

Size

24 x 20 x 3 cm. / 9,448 x 7,874 x 1,181 inch.

Ages

10 years and older.

Mathematical Dominoes in Printed Card Box

Didactic content

A domino game is very suitable for mathematics, practicing operations.

The domino piece shows the calculation on the right and the result in red on the left. The right lays out the problem or the operation, and the left shows the result in a different colour.

Material

28 counters made of injected plastic, washable, of 8 x 4 cm., and 2 mm. thick / 3,149 x 1,574 inch and 0,0787 inch thick.

Features/packaging

In a lithographed cardboard case.

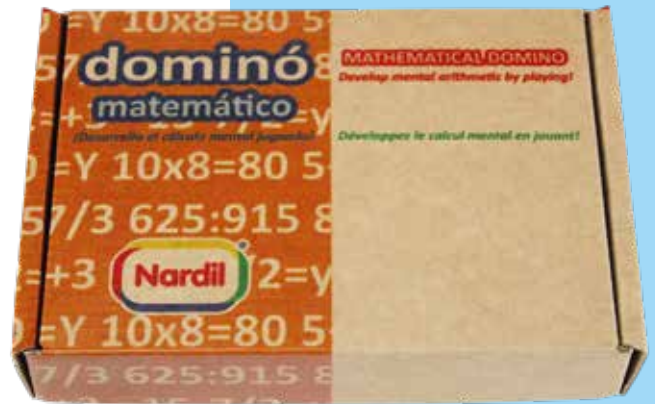

Size

Cardboard case of 18 x 3 x 12 cm. / 7,08 x 1,18 x 4,72 inch, with a system to put up.

Ages

7 years and older.

NEW BOX
for mathematical dominoes

Collection available:

Basic operations dominoes

8310 - Sums Domino

8311 - Subtraction Domino

8312 - Multiplication Domino

8313 - Division Domino

8314 - Same Sums Domino

8315 - Same Subtractions Domino

Dominós de Fracciones

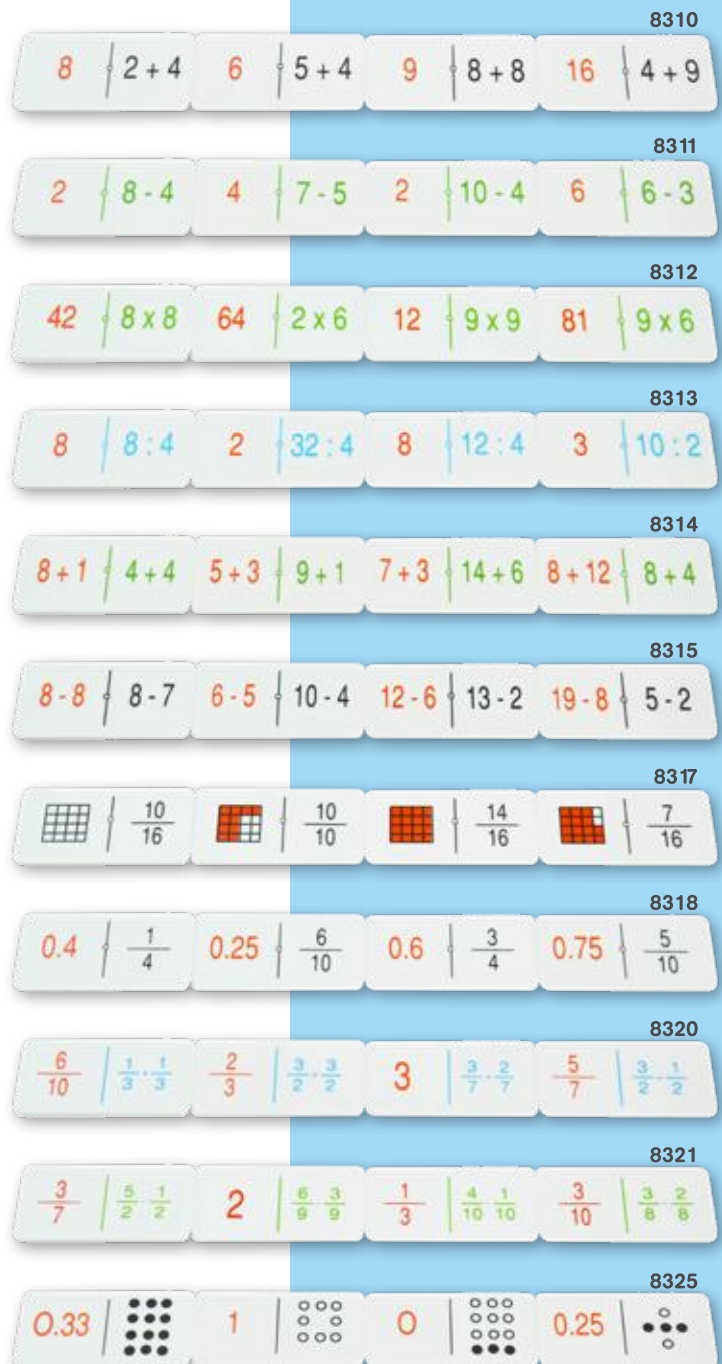

8317 - Fraction Domino (squares)

8318 - Fraction Domino (decimals)

8320 - Fraction Sums Domino

8321 - Fraction Subtractions Domino

8325 - Fraction Domino (dots)

Collection available:

Percentages, square roots and fraction dominoes

8316 - Powers and Roots Domino

8319 - Decimal Fraction Domino

8324 - Percentages Domino

Algebra dominoes

8322 - Algebra Domino 1

8323 - Algebra Domino 2

Decimal metric system dominoes

8332 - Weight Domino

8333 - Capacity Domino

8334 - Length Domino

Geometry dominoes

8326 - Domino of Areas (graphic rep.)

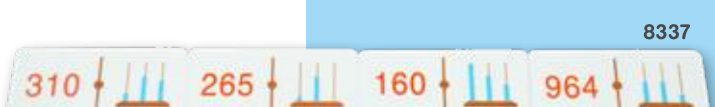

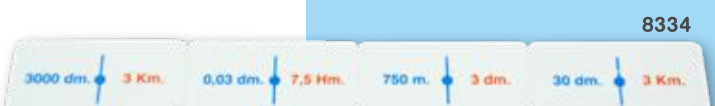

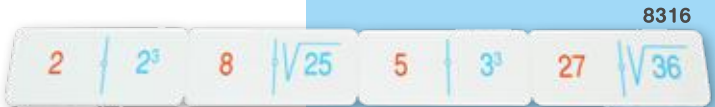

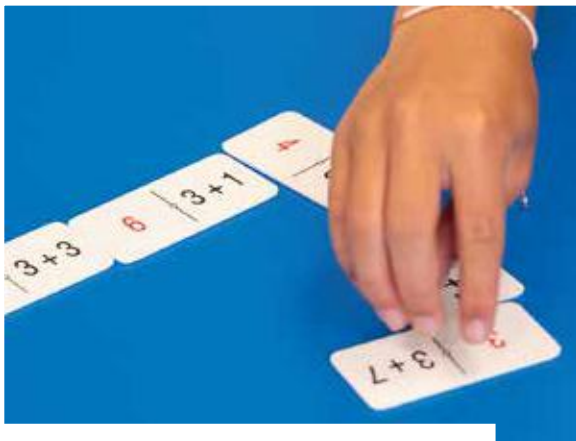

8327 - Domino of Angles and Degrees

8328 - Domino of Perimeters

8329 - Domino of Areas (formulae)

Abacus domino

8337 - Abacus Domino

● Ref. 7912

Sums and Subtractions Trimino

Didactic content

The triminoes, by having 3 sides instead of 2, offers more possibilities of combinations than the dominoes: They can be associated by 1, 2 or 3 sides of each counter. We have to associate 2 operations with the same result.

Material

28 triangular counters made of injected plastic, washable of 65 mm. side, and 2 mm. thick / 2,559 inch side and 0,0787 inch thick.

Features/packaging

Comes in a plastic case closed with fasteners, and an outer sleeve of lithographed card.

Size

Case of 24 x 20 x 3 cm. / 9,448 x 7,874 x 1,181 inch.

Ages

6 years and older.

● Ref. 7913

Multiplication Trimino

Didactic content

The triminoes, by having 3 sides instead of 2, offers more possibilities of combinations than the dominoes: They can be associated by 1, 2 or 3 sides of each counter. We have to associate the multiplication laid out with its solution.

Material

28 triangular counters made of injected plastic, washable of 65 mm. side, and 2 mm. thick / 2,559 inch side and 0,0787 inch thick.

Features/packaging

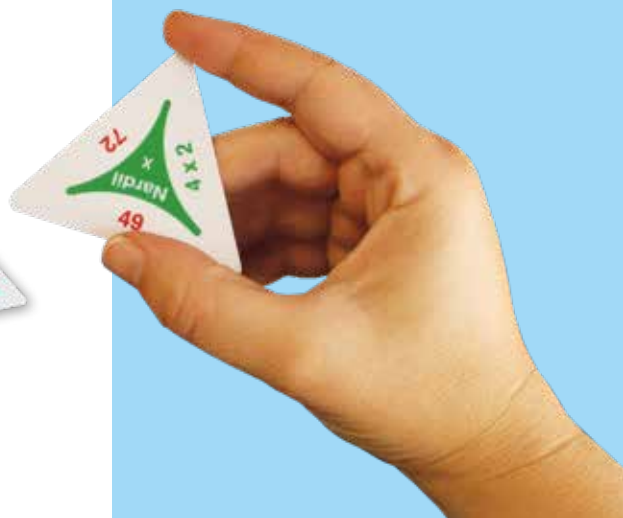

Comes in a plastic case closed with fasteners, and an outer sleeve of lithographed card.

Size

Case of 24 x 20 x 3 cm. / 9,448 x 7,874 x 1,181 inch.

Ages

7 years and older.

● Ref. 7914

Division Trimino

Didactic content

The triminoes, by having 3 sides instead of 2, offers more possibilities of combinations than the dominoes: They can be associated by 1, 2 or 3 sides of each counter. We have to associate the division laid out with its solution.

Material

28 triangular counters made of injected plastic, washable of 65 mm. side, and 2 mm. thick / 2,559 inch side and 0,0787 inch thick.

Features/packaging

Comes in a plastic case closed with fasteners, and an outer sleeve of lithographed card.

Size

24 x 20 x 3 cm. / 9,448 x 7,874 x 1,181 inch.

Ages

7 years and older.

● Ref. 7910

Sums Trimino (up to 10)

Didactic content

The triminoes, by having 3 sides instead of 2, offers more possibilities of combinations than the dominoes: They can be associated by 1, 2 or 3 sides of each counter. We have to associate pairs of numbers which addition is 10.

Material

28 triangular counters made of injected plastic, washable of 65 mm. side, and 2 mm. thick / 2,559 inch side and 0,0787 inch thick.

Features/packaging

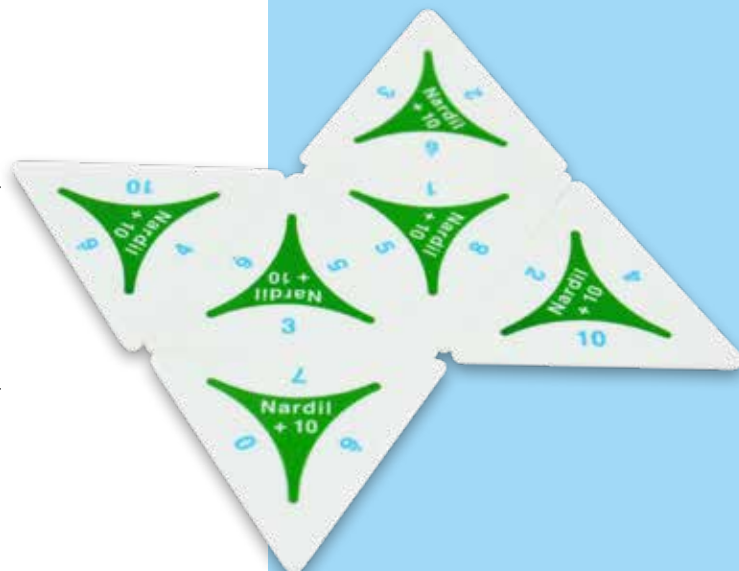

Comes in a plastic case closed with fasteners, and an outer sleeve of lithographed card.

Size

24 x 20 x 3 cm. / 9,448 x 7,874 x 1,181 inch.

Ages

6 years and older.

● Ref. 7911

Sums Trimino (up to 20)

Didactic content

The triminoes, by having 3 sides instead of 2, offers more possibilities of combinations than the dominoes: They can be associated by 1, 2 or 3 sides of each counter. We have to associate pairs of numbers which addition is 20.

Material

28 triangular counters made of injected plastic, washable of 65 mm. side, and 2 mm. thick / 2,559 inch side and 0,0787 inch thick.

Features/packaging

Comes in a plastic case closed with fasteners, and an outer sleeve of lithographed card.

Size

24 x 20 x 3 cm. / 9,448 x 7,874 x 1,181 inch.

Ages

6 years and older.

● Ref. 8006

Fraction Card Game

Didactic content

Every fraction is represented with 3 forms: graphic form, as fraction, and as decimal number.

We need to associate 3 cards which values are equivalents.

Material

28 plastic cards, washable of 9 x 6 cm., and 0,4 mm. thick / 3,543 x 2,362 inch and 0,01575 inch thick.

Features/packaging

Plastic case, closed with clasps.

Dimensions

10 x 7 x 1,5 cm. / 3,937 x 2,755 x 0,590 inch.

Ages

10 years and older.

● Ref. 8002

Addition Card Game

Didactic content

We have to associate 2, 3 or 4 cards which addition gives the same result.

Material

28 plastic cards, washable, of 9 x 6 cm., and 0,4 mm. thick / 3,543 x 2,362 inch and 0,01575 inch thick.

Features/packaging

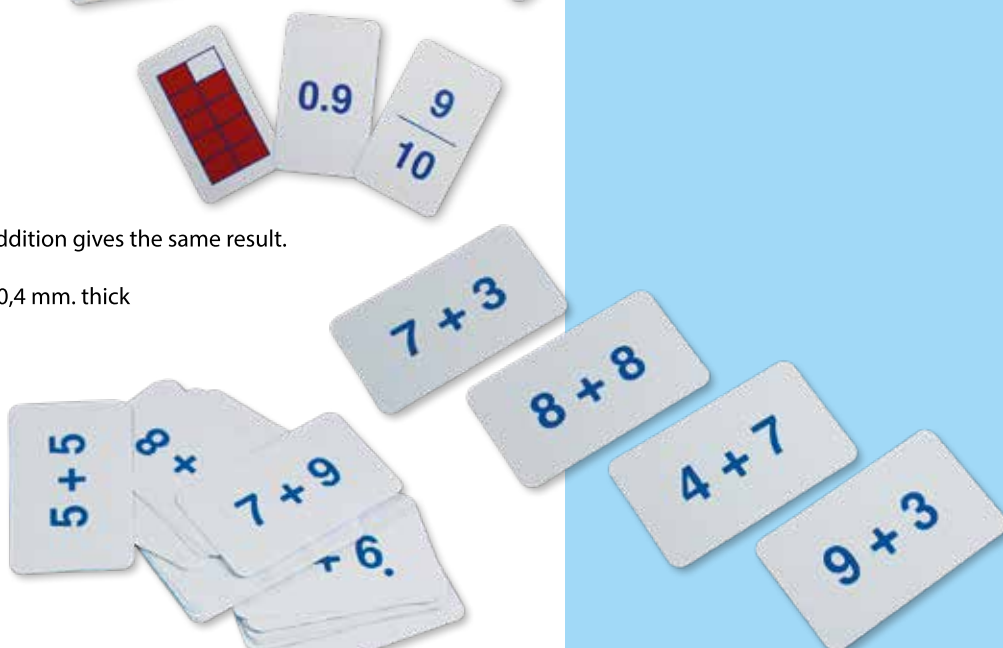

Plastic case, closed with clasps.

Size

10 x 7 x 1,5 cm. / 3,937 x 2,755 x 0,590 inch.

Ages

5 years and older.

● Ref. 8060

Attributes dice

Didactic content

Each die represents the distinct attributes: colours, sizes, forms and thickness.

Material

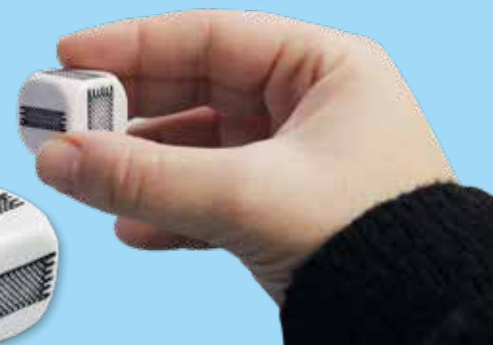

4 dice, washables, of 22 mm. / 0,866 inch.

Features/packaging

Bag of shutting minigrip.

Ages

4 years and older.

● Ref. 7930

Operations Lotto

Didactic content

There are on the counters 48 operations of the 4 basic operations. 2 levels of game. Self-correcting.

Material

4 blue printed counters, and 2 red printed counters, washable plastic of 17 x 15 cm. / 6,692 x 5,905 inch, and 72 counters made of washable plastic, of 38 x 48 mm. and 0,4 mm. thick / 1,496 x 1,889 inch and 0,01575 inch thick.

Features/packaging

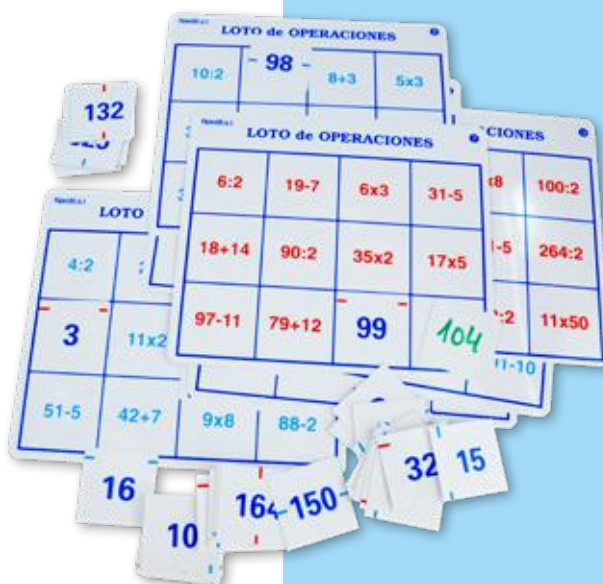

Plastic case, closed with clasps.

Size

17,5 x 15,5 x 1 cm. / 6,889 x 6,102 x 0,393 inch.

Ages

7 years and older.

● Ref. 8003

Addition and Subtraction Card Game

Didactic content

We have to associate 2, 3 or 4 cards which addition or subtraction gives the same result.

Material

28 plastic cards, washable of 9 x 6 cm., and 0,4 mm. thick / 3,543 x 2,362 inch and 0,01575 inch thick.

Features/packaging

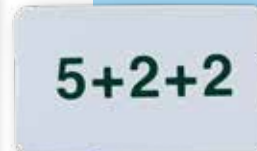

Plastic case, closed with clasps.

Size

10 x 7 x 1,5 cm. / 3,937 x 2,755 x 0,590 inch.

Ages

6 years and older.

● Ref. 8004

Multiplication Card Game

Didactic content

We have to associate 2, 3 or 4 cards which multiplication gives the same result.

Material

28 plastic cards, washable of 9 x 6 cm., and 0,4 mm. thick / 3,543 x 2,362 inch and 0,01575 inch thick.

Features/packaging

Plastic case, closed with clasps.

Size

10 x 7 x 1,5 cm. / 3,937 x 2,755 x 0,590 inch.

Ages

7 years and older.

● Ref. 8005

Dividers Card Game

Didactic content

We have to associate the red card, which represents a number, with 3 cards which represent its divisors.

Material

28 plastic cards, washable of 9 x 6 cm., and 0,4 mm. thick / 3,543 x 2,362 inch and 0,01575 inch thick.

Features/packaging

Plastic case, closed with clasps.

Size

10 x 7 x 1,5 cm. / 3,937 x 2,755 x 0,590 inch.

Ages

7 years and older.

● Ref. 8015

Sums up to 10 Card Game

Didactic content

To practise the operations of addition, if he has to write the result, and of subtraction, if he has to write one of the addends. The child will complete the operation using a clean marker (non included).

The results are until 10.

Material

28 cards made of laminated plastic, washable, of 10 x 7 cm. and 0,4 mm thick / 3,937 x 2,755 inch and 0,01575 inch thick.

Features/packaging

Plastic case, closed with clasps.

Size

Case of 11 x 7,5 x 2,5 cm. / 4,330 x 2,952 x 0,984 inch.

Ages

6 years and older.

● Ref. 8016

Sums up to 20 Card Game

Didactic content

To practise the operations of addition, if he has to write the result, and subtraction, if he has to write one of the addends.

The child will complete the operation using a clean marker (non included).

The results are between 11 and 20.

Material

28 cards made of laminated plastic, washable of 10 x 7 cm. and 0,4 mm thick / 3,937 x 2,755 inch and 0,01575 inch thick.

Features / packaging

Plastic case, closed with clasps.

Size

Case of 11 x 7,5 x 2,5 cm. / 4,330 x 2,952 x 0,984 inch.

Ages

6 years and older.

● Ref. 8017

Subtraction until 10 Card Game

Didactic content

To practise the operations of subtractions, if he has to write the result, additions or subtractions, if he has to write one of the addends.

The child will complete the operation using a clean marker (non included).

The results are until 10.

Material

28 cards made of laminated plastic, washable of 10 x 7 cm. and 0,4 mm thick / 3,937 x 2,755 inch and 0,01575 inch thick.

Features/packaging

Plastic case, closed with clasps.

Size

Case of 11 x 7,5 x 2,5 cm. / 4,330 x 2,952 x 0,984 inch.

Ages

6 years and older.

● Ref. 8018

Subtraction until 20 Card Game

Didactic content

To practise the operations of subtractions, if he has to write the result, additions or subtractions, if he has to write one of the addends.

The child will complete the operation using a clean marker (non included).

We are using values until 20.

Material

28 cards made of laminated plastic, washable of 10 x 7 cm. and 0,4 mm thick / 3,937 x 2,755 inch and 0,01575 inch thick.

Features/packaging

Plastic case, closed with clasps.

Size

Case of 11 x 7,5 x 2,5 cm. / 4,330 x 2,952 x 0,984 inch.

Ages

6 years and older.

- Ref. 8000 **Blanc Cards**
- Ref. 8001 **Blanc Domino**

Didactic content

To manufacture games tailor - made: deck of cards, memory games, association games, dominoes, etc.

Material

28 plastic cards, washable of 9 x 6 cm. and 0,4 mm. thick / 3,543 x 2,362 inch and 0,01575 inch thick.

Features/packaging

Plastic case, closed with clasps.

Size

10 x 7 x 1,5 cm. / 3,937 x 2,755 x 0,590 inch.

Ages

4 years and older.

Temporal orientation

- Ref. 7370 **Clock Cards**

Didactic content

An analogue time having been given using the two transparencies attached to the stand, and which have the hands printed on them, the child must write the digital time using a non-permanent marker.

Material

12 clocks composed of a white plastic stand and on which are two plastic transparencies which bear prints of clock hands, and a non-permanent marker.

Features/packaging

Comes in a plastic case closed with fasteners,

Size

Clock 15 x 10 cm. / 5,905 x 3,937 inch.

Case 16 x 11 x 3 cm. / 6,299 x 4,330 x 1,181 inch.

Ages

5 years and older.

● Ref. 7240

Polysemic Word Domino (Spanish)

Didactic content

Dominoes with the same drawing and in the same position are paired up, to develop spatial awareness and lateral thinking.

Material

28 washable, plastic injected counters, 10 x 6 cm and 2 mm thick / 3,937 x 2,362 inch and 0,078 inch thick.

Features/packaging

Comes in a plastic case closed with fasteners, and an outer sleeve of lithographed card.

Size

24 x 20 x 3 cm.

Ages

6 years and older.

Recommended for Speech Therapists.
Only for the learning of Spanish.
Only available in Spanish.

● Ref. 7200

Concept Associations 1

Didactic content

Game of association of elements or animals the child knows. The objects represented are known by the youngest children.

Material

28 counters made of injected plastic, washable of 10 x 6 cm. and 2 mm. thick / 3,937 x 2,362 inch and 0,078 inch thick.

Packaging

Translucent reusable case.

Size

24 x 20 x 3 cm. / 9,448 x 7,874 x 1,181 inch.

Ages

5 years and older.

● Ref. 7201

Concept Associations 2

Didactic content

Game of association of elements or animals the child knows.

Material

28 counters made of injected plastic, washable of 10 x 6 cm. and 2 mm. thick / 3,937 x 2,362 inch and 0,078 inch thick.

Packaging

Translucent reusable case.

Size

24 x 20 x 3 cm. / 9,448 x 7,874 x 1,181 inch.

Ages

5 years and older.

● Ref. 7110

Fonodil 1 - Spanish Phonemes Game

Didactic content

Comes with one specific objective: to help as a simple means of comprehension, flexible for for speech therapists special needs and Infant and Primary school teachers and as a game of social skills within the family setting.

The criteria followed in the selection of words were phonetic, not orthographical.

Fonodil offers various possibilities for use, within the established framework: suitable for re-education, either within school or the family setting.

Helps to solve problems in articulation (speech defects).

In the pre-school education, Fonodil is a fun activity which promotes the articulation of words and stimulates semantic structuring and competence.

In the first year of primary education, Fonodil promotes and reinforces the formal learning of reading and writing.

In the family setting, Fonodil helps interactive communication with parents through the game itself.

Material

Made of card, large format:

19 cards of 42 x 30 cm / 16.535 x 11.811 inch.

With 4 die boxes, 4 dice and 4 counters in a moulded plastic case.

Features/packaging

Large, printed board box.

Size

43,5 x 31 cm. and 6,5 cm. thick / 17,126 x 12,204 inch and 2,559 inch thick.

Ages

3 to 5 years (second year of Infant Education) 6 to 7 years (first year of Primary Education) Attention to diversity.

Family setting.

● Ref. 7111

Fonodil 2 - Spanish Phonemes Game

Didactic content

It is an educational tool very useful for speech therapists, Infant and Primary school teachers, Special Educational Needs and as a game of social skills within the family setting.

During the re-education of the disruptions of the articulation, (dyslalias), the child will have to be able to recognize the symphony we will teach him, (hearing discrimination), differentiating it from others similar, near or those he wrongly use, positioning it correctly in the word phonic chain.

For this, he will have to realize some articulator exercises that make easier fine and precise movements, necessary for a correct articulation of the elected symphony.

Helps to solve problems in articulation (speech defects).

In the Pre-School Education, Fonodil 2 is a fun activity which promotes the articulation of words and stimulates semantic structuring and competence.

In the first year of Primary Education, Fonodil 2 promotes and reinforces the formal learning of reading and writing.

For Special Educational Needs, Fonodil 2 is a tool that stimulates and makes easier the development of the language.

In the family setting, Fonodil helps interactive communication with parents through the game itself.

Material

11 cards of 38 x 30 cm. / 14,960 X 11,811 inch made of card. With 4 die boxes, 4 dice and 4 counters in a plastic bag.

Features/packaging

Large, printed board box.

Size

43,5 x 31 cm. and 5,5 cm. thick / 16,929 x 12,204 inch and 2,165 inch thick.

Ages

3 to 5 years (second year of Infant Education) 6 to 7 years (first year of Primary Education) Attention to diversity.

Family setting.

Recommended for Speech Therapists.
Only for the learning of Spanish.
Only available in Spanish.

Recommended for Speech Therapists.
Only for the learning of Spanish.
Only available in Spanish.

ORTODIL: Spanish Orthography Game

Didactic content

In the area of speech therapist re-education, it promotes the re-education of orthographic errors (disorthography), helps to correct errors writing that affect the speech, and stimulates the phonological way making easier the acquisition of phonological conscience by the child. It is an individual or collective game that makes easier the learning of the spelling:

- Natural, substitution of similar letters. Inversions of the graphemes inside the syllable. Omission of letters, syllables and words.
- Visual, phoneme misunderstanding that admits double graphical symbol. Phoneme confusion that admits graphical symbols in function of weak vowels.
- Omission of the letter "h" for no having pronunciation correspondence.
- Regulated, which origin is the no normative use of the rules of language orthography.

● Ref. 7405

Spanish Syllable Trimino

Didactic content

The trimino, with 3 syllables instead of 2, offers more possible combinations than the domino: each one can be matched by 1, 2 or 3 sides.

Pairs of syllables have to be matched to form bisyllabic words. To extend children's vocabulary and to increase the game's possibilities, syllables may be matched in any order, and verbal forms and proper nouns are acceptable.

Material

28 washable, triangular plastic injected counters, 6,5 cm and 2 mm thick / 2,559 inch and 0,078 inch thick.

Packaging

Translucent reusable case.

Size

24 x 20 x 3 cm. / 9,448 x 7,874 x 1,181 inch.

Ages

6 years and older.

Available in:

● Ref. 7000

Calligraphy - 1**Didactic content**

Gives training in outlining with a non-permanent marker, and allows the child to correct himself until he achieves a satisfactory result. By using a thick marker, the child "draws" the outlines, thus giving him more fluency in writing. Appearance of straight lines, in various directions, bent into different outlines, broken lines, etc.

Material

20 washable, plastic laminated cards of 30 x 21 cm and 0.4 mm thick / 11,811 x 8,267 inch and 0,01575 inch thick, and a non-permanent marker.

Packaging

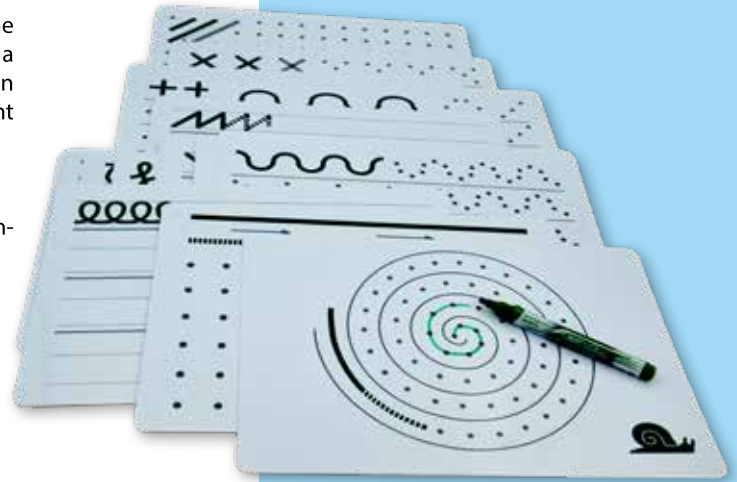

Translucent reusable case.

Size

32 x 22 x 1,5 cm. / 12,598 x 8,661 x 0,590 inch.

Ages

5 years and older.
