The Reveal.

Jasper Blake had it coming!

The Murderer was...

Aunty Nelly Woodville.

After her suspicions about Jasper playing a part in her beloved husband's death were finally confirmed, anger swept over her and she wanted instant revenge.
Nelly, take the mic and reveal all....

Which of the following plot lines did you expose?

Who discovered August Wilde's plan to burn the venue down and claim it on insurance? You'll have to find another way to clamber out of all that debt now, August!

It was Stefan who punched Jasper! All because Jasper made rather nasty comments about Jennifer and her family.

Did anyone discover the bride's secret? Jennifer certainly had reasons to remove Jasper from the equation after their recent romp and the dirty blackmailing that followed.

Poor Three-Nipple Nick! He wanted revenge for all those years of bullying and that nickname that never left him - he certainly didn't plan a murder though. His revenge was a gruesome prank inspired by Carrie, the horror cult classic.

A love triangle is one thing but a love hexagon? Shonnee loved Jasper, the sisters both slept with Jasper but Pete Peters wants Amy, and Stefan just married Jennifer... what a headspin!!

And Vinnie, the uninvited father of the bride - he'd do anything to get back in his daughter's good books. With his shady past and reputation, you may have been too quick to point the finger at him! It was Vinnie after all who was paid to put Nelly's husband into an early grave.

Did anyone discover Ruby's connection to Jasper? Her mom was about to lose her job because the cafe was being bulldozed to make way for Jasper's new business development. Both Ocean and Ruby had their motives to ruin Jasper but neither planned or predicted this turn of events.
