What is Oribon?

Origami meets Bonsai

Inspired by Origami folding techniques, Oribon makes growing small plants at home fun and stylish.

THE RAINFOREST ANIMALS COLLECTION

THE JAPANESE COLLECTION

THE CLASSIC COLLECTION

Water proof paper

Made with Stone paper

One of the great things about the Stone paper is that it is waterproof, flexible, durable and all around, totally cool!

No trees were harmed

Non-Pulp Paper

No trees were cut down to make Oribons. The material used for the Oribon is produced from stone waste.

Oribon is a **kit** that allows you to create three unique origami plant pots. Once assembled you can then choose to plant the seeds included or choose your own cuttings or seeds from your garden. Experience the endless possibilities of Oribon in three easy steps: **Fold - Sow - Grow.**

Picture of the Rainforest Animals Kit

What comes in the kit?

Each envelope consists of:

- 3 stone paper origami plant pots,
- 3 cocos pellets
- 1 bag of natural moss
- 1 seed packet
- instructions

What are you buying?

A 15 envelope kit display.

Each display holds three kit styles:
the Japanese Collection, the Classic
Collection and the Rainforest Collection

15 pcs display | Item code: ORCDU

WHO WE ARE

Sting in the Tail is a British gifting brand rooted in the Lake District, where heritage, creativity, and thoughtful design meet. For over 30 years, we've created distinctive lifestyle and personal-care gift collections inspired by everyday usefulness and traditional British life—re-imagining practical items as charming, memorable gifts.

WHAT WE DO

Our ranges span home and lifestyle essentials, garden tools, men's grooming, aromatherapy, bath and body, and seasonal collections, each with its own visual identity and story. Wherever possible, products are made or finished in the UK, with many ideas drawn from British heritage and the character of the Lake District. Alongside our branded collections, we also offer own-label and bespoke design services, working closely with retailers to create something uniquely theirs.

WHY WE DO IT

We believe useful things can bring joy, that the everyday can feel special, and that gifts matter most when they carry a story. Guided by curiosity, craftsmanship, and creativity, we design products with character, longevity, and an effortless, honest feel.

OUR APPROACH TO RESPONSIBILITY

We believe products should be thoughtfully made. Our cosmetic items come from trusted UK and European manufacturers, we use FSC-certified wood where possible, and our retail packaging is plastic-free or made from recycled materials. Most products are finished and hand-assembled in our Lake District office.

**We're not perfect, but we're committed to learning, improving,
and being transparent about our journey.**

Our goal is simple: we transform everyday goods into extraordinary gifts.
